10. Notification of Claim

Where the Insured first notifies a claim or circumstance during the period of Insurance, of which the Insured was aware prior to commencement of the period of insurance, the claim or circumstance shall be deemed to have been notified to the Insurers on the date when it first became known to the Insured and the policy which was in force at that time should respond.

11. Prejudice to Insurers

Where the Insured's breach of or non-compliance with any condition of this insurance has resulted in substantial prejudice to the handling or settlement of any claim against the Insured in respect of which the Insured is insured hereunder the Insured shall reimburse to the Insurers the difference between the sum payable by the Insurers in respect of that claim and the sum which would have been payable in the absence of such prejudice. Do you want to know more about Quality Assurance?

The State Supply Commission, in association with Edith Cowan University and its co-learn program, has produced a one hour video which provides a basic understanding of the principles of quality assurance.

This video is an excellent training aid for government agencies and private sector organisations wanting to know more about quality assurance and how to go about obtaining quality assurance certification.

With case studies, explanations of State Government Policy, advice from quality assurance practitioners, and information on how to obtain QA certification, "The Q & A of Quality Assurance" provides a valuable introduction to this important topic.

Copies of the video are available for \$35 from the State Government Bookshop, 815 Hay Street, Perth. Orders can be placed by mail, fax or telephone (note: a \$2 postage charge applies).
