# Do you want to know more about Quality Assurance?

The State Supply Commission, in association with Edith Cowan University and its co-learn program, has produced a one hour video which provides a basic understanding of the principles of quality assurance.

This video is an excellent training aid for government agencies and private sector organisations wanting to know more about quality assurance and how to go about obtaining quality assurance certification.

With case studies, explanations of State Government Policy, advice from quality assurance practitioners, and information on how to obtain QA certification, "The Q & A of Quality Assurance" provides a valuable introduction to this important topic.

Copies of the video are available for \$35 from the State Government Bookshop, 815 Hay Street, Perth. Orders can be placed by mail, fax or telephone (note: a \$2 postage charge applies).
