- (b) request the winning participant, the winning celebrity participant or the winning proxy participant, as the case may be, to draw two tickets from the barrel to ascertain the participants in the next Game Show.

(2) The first of the two names drawn from the barrel is the participant who plays first.

(3) A large electronically-operated board divided into panels, each of which displays a prize amount or value, and each of which can be lit at random, forms the first level of a Two Player Game Show.

(4) The two participants will each be allocated a large buzzer, the purpose of which is to stop the random flashing of the board so that a particular panel remains lit.

(5) Once the panels on the board begin flashing in a random sequence, the first participant is to press the electronic buzzer at whichever point he or she wishes, the object being to optimise his or her prize winning by halting the flashing on a panel showing a large prize amount.

(6) When the first participant has selected his or her prize panel on the board —

- (a) the second participant cannot select that panel; and
- (b) the remaining panels will flash in a random fashion, at which point the second participant is to select a panel on the board by pressing the electronic buzzer at the point that the participant wants the flashing to halt.

(7) The participant whose panel shows the lower prize value wins the amount or prize shown and plays no further part in the game.

(8) The participant whose panel shows the higher value is then given the opportunity to —

- (a) win the amount or prize shown and play no further part in the game; or
- (b) forfeit the amount or prize shown and elect to spin the Prize Wheel (ie. go on to the second level of the game) and claim the prize indicated when the wheel stops spinning.

### Miscellaneous

**14B.** (1) A celebrity participant or a proxy participant whose panel shows the higher value at the end of the first level of the game shall always forfeit the amount or prize shown on the board and go on to spin the Prize Wheel.

(2) Subject to subrule (3), the prizes on the first level prize board and on the second level Prize Wheel shall be as specified in the permit for that numbered Game Show and Game Show Draw.

# Do you want to know more about Quality Assurance?

The State Supply Commission, in association with Edith Cowan University and its co-learn program, has produced a one hour video which provides a basic understanding of the principles of quality assurance.

This video is an excellent training aid for government agencies and private sector organisations wanting to know more about quality assurance and how to go about obtaining quality assurance certification.

With case studies, explanations of State Government Policy, advice from quality assurance practitioners, and information on how to obtain QA certification, "The Q & A of Quality Assurance" provides a valuable introduction to this important topic.

Copies of the video are available for \$35 from the State Government Bookshop, 815 Hay Street, Perth. Orders can be placed by mail, fax or telephone (note: a \$2 postage charge applies).
