## ELECTORAL COMMISSION

EL401

### ELECTORAL DISTRIBUTION ACT 1947

#### DIVISION OF THE STATE INTO ELECTORAL REGIONS AND DISTRICTS

Section 2A (2) of the Electoral Distribution Act 1947, provides that if the same division of the State into electoral regions and districts has applied in respect of two successive general elections for the Legislative Assembly, the State shall again be divided into regions and districts as soon as practicable after the day that is one year after the polling day for the second of those general elections.

As the last division of the State was conducted in 1987/88 and has applied to the 1989 and 1993 State general elections, the next division of the State must commence as soon as practicable after 6 February 1994.

The basis for the division of the State is established as:

- dividing the metropolitan area into 34 districts and
- dividing the remainder of the State into 23 districts;

with this division being made so as to ensure that the number of enrolled electors in any district shall not vary by more than 15% from the quotient for the metropolitan and country areas respectively.

Other factors to be given due consideration in making this division of the State are:

- community of interest
- means of communication and distance from the capital
- physical features
- existing boundaries of regions and districts
- existing local government boundaries
- the trend of demographic changes.

In accordance with section 3 (2) (a) (i) of the Act, the Electoral Distribution Commissioners invite written suggestions about the division of the State. These written suggestions must be lodged at the address shown below by 4 July 1994.

Copies of these suggestions will then be available for public perusal at the office of the Electoral Commissioner. Written comments about these suggestions are also invited pursuant to section 3 (2) (a) (ii), with these comments being required to be lodged by 19 July 1994.

Any queries about the division of the State, or written suggestions or comments are to be addressed to:

Mr L. E. Smith  
Electoral Commissioner  
4th floor/480 Hay Street  
Perth.

Telephone: 221 4454.

L. E. SMITH, Electoral Commissioner.  
For and on behalf of the Electoral  
Distribution Commissioners.

**FISHERIES ACT 1905**  
**PART IIIB—PROCESSING LICENCES**

FD 763/84.

The public is hereby notified that I have issued a permit to G. W. Pateman of Bouvard Fisheries to establish a processing establishment to process fish and southern rock lobster in pursuance of the provisions of section 35C of the Fisheries Act 1905, on board licensed fishing boat "Cape Leeuwin II" registration number LFB B103, subject to the following conditions.

That the processing establishment—

1. Shall comply with the requirements of the Fisheries Act 1905, and all Regulations, Orders in Council and Notices and Ministerial directions issued thereunder.
2. Shall not be used for the processing of Western Rock Lobster, Abalone, Tuna, Salmon or Prawns.
3. Shall comply with the requirements of the Health Act 1911 (amended).
4. Shall be registered as an export establishment pursuant to the provisions of Parliament of the Commonwealth Export Control Act 1982, and orders made thereunder, more specifically the Prescribed Goods (General) Orders and Fish Orders, should be used to process fish for export.
5. Shall not be used for the processing of marron (*cherax tenuimanus*) unless a licence is held under section 39C of the Fisheries Act 1905.
6. Shall not be used for the processing of fish or crustacea caught by any other vessel.
7. All southern rock lobster be processed in a whole condition only.
8. The licence holder shall accede to allow the unpacking of processed rock lobster by Fisheries staff and agree to repack the product after inspection duties have been performed.
9. That no processing of southern rock lobster taken within the boundaries of the existing limited entry fisheries as prescribed for Esperance and Augusta Windy Harbour or the West Coast Limited Entry Rock Lobster Fishery to be permitted.

In accordance with the provisions of section 35K, any person aggrieved by this decision, may within fourteen days after publication of this notice, appeal against the decision or order by serving on the Minister for Fisheries a statement in writing on the grounds of their appeal.

P. P. ROGERS, Executive Director.

		and all roads and closed roads within the Amendment boundary.

#### PERMISSIBILITY OF USES AND SPECIAL CONDITIONS

##### 1. Interpretation

For the purpose of this Zone: "estate" means the land referred to in the Land Particulars for this Zone, "proponent" means an owner of land within the estate who submits a plan to the Council for approval pursuant to the provisions hereof and the term shall include the Council where the Council proposes a plan.

##### 2. Objectives of the Estate

The purpose and intent of the Estate is expressed in the following objectives to which the Council shall have regard when dealing with any proposed Structure Plan for and any proposed development within the Estate—

- (a) To provide for the development of a functional and cohesive community consistent with orderly and proper planning and in the interest of the amenity of the Estate;
- (b) To encourage variety in the range of lot sizes and dwelling types within the Estate but consistent with a cohesive and attractive built environment;
- (c) To enhance the Estate with the provision of open space and recreation networks and facilities with particular attention being given to the timely provision of appropriate community services;
- (d) To make provision for school sites and other appropriate educational facilities within the Estate designed to encourage their management and use as a resource for local communities;
- (e) To provide appropriate retail and commercial facilities to service the needs of residents of the Estate and with a view to the integration of retail areas with other commercial and business areas and with social services so as to maximise convenience;
- (f) To provide retail and commercial centres, business parks and industrial and service areas to satisfy the need for such services within the Estate and to provide local employment opportunities;

- (g) To employ strategies and designs aimed at optimising accessibility to local centres by the use of comprehensive movement networks and by other means which will facilitate connection with public transport and arterial road links to Midland, Perth and other parts of the Metropolitan Region.

### 3. Development Hierarchy

Future development and subdivision within the Estate shall be carried out in accordance with a staged approval process as follows—

- (a) Structure Plan;
- (b) Development Plan; and
- (c) Detailed Site Plan.

### 4. Structure Plan

- (1) The Council shall not consider a Development Plan submitted to it for approval by a proponent until the Council has approved a Structure Plan in accordance with the following provisions of this paragraph. If the Council approves the Structure Plan it shall request the Commission to adopt the Plan as a basis for its decision making.
- (2) No new development or use of land within the Estate shall be commenced or carried out until a Structure Plan has been approved by the Council.
- (3) Unless otherwise agreed by the Council any proposed Structure Plan presented to the Council for approval shall be prepared to a scale not greater than 1:5 000 nor less than 1:10 000.
- (4) A proposed Structure Plan shall include such land as is necessary to satisfy the Council as to the orderly and proper planning of the Ellenbrook locality generally and to that end shall not necessarily be limited to the land within the Estate.
- (5) A proposed Structure Plan should generally accord with any approved regional structure plan for the area and shall be sufficient in its detail to establish the urban form, and the proposals in general terms for land-use dispositions and densities, movement systems, and services, and other matters which in the opinion of the Council are relevant to the orderly and proper planning of the Estate, and where appropriate the Structure Plan should contain policy statements on the general aims and objectives to be achieved in the various components of the Estate.
- (6) A proposed Structure Plan shall show such detail as the Council requires to establish the orderly and proper planning and the amenity of the Estate, and without limiting the generality of the foregoing, shall include detailed information dealing with the following—
  - (a) Major transportation and movement systems;
  - (b) Hierarchy of Centres;
  - (c) Service commercial areas;
  - (d) Landscape protection areas;
  - (e) Major conservation and recreation areas;
  - (f) Proposals for sewerage, drainage and other physical infrastructure services;
  - (g) Details derived from any ethnographic, heritage or cultural study conducted in relation to the Estate.
- (7) A proposed Structure Plan should include information sufficient to demonstrate the contemplated method of implementation of its proposals.
- (8) The proposed Structure Plan when presented to the Council shall be accompanied by or shall include a Report or information in the nature of a Report which should so far as possible contain the information provided in a Scheme Report pursuant to clause 12 of the Town Planning Regulations 1967, but in any event describing and explaining existing site conditions, the objectives of the Plan, policies, guidelines and development standards, and such other explanatory material as is necessary to provide the Council with a full understanding of the scope purpose and intent of the Plan.
- (9) Where a proposed Structure Plan is, in the opinion of Council, lacking in detail on some aspect or component, Council shall, as soon as is practicable, notify the proponent of the deficiencies in the Plan.
- (10) The Council shall not approve a Structure Plan unless and until—
  - (a) The proposed Structure Plan has first been advertised for public inspection by one or more of the methods of advertising proposals for development involving an "SA" use as set out in subclause 2.3.7 of the Scheme;
  - (b) Such notification and information as the Council considers appropriate has been given by the Council or by the proponent at the direction of the Council to the Commission and to all public authorities or other bodies providing or likely to provide services to the area when developed and to such other authorities or persons as the Council nominates;
  - (c) The Council has submitted to the Commission a copy of all submissions received as a result of the advertising; and

- (d) The Council has considered all submissions received as a result of the advertising together with any comment or advice given by the Commission within 21 days or such greater period as the Council approves from the date of submitting the submissions to the Commission.
- (11) A proposed Structure Plan shall be deemed to be refused by the Council where a decision on the proposal has not been made by the Council within 5 months of the Council's receipt of the proposal or within such further time as may be agreed in writing between the applicant and the Council.
- Where the Council in its opinion is not able to approve a proposed Structure Plan due to—
- (a) the requirements of some other written law; or
  - (b) the proposal lacking in detail on some aspect or component,
- the 5 month period shall not begin to run until such impediment has been removed or rectified to the satisfaction of the Council.
- (12) The Council after considering all submissions and comments received by it in accordance with the preceding provisions of this clause may refuse to approve the proposed Structure Plan, or may approve the Structure Plan with or without modifications.
- (13) The Council shall not make a final decision to refuse approval of a proposed Structure Plan until the proponent (if any) has been allowed an opportunity to provide a further submission to the Council. Any such further submission shall be lodged within 14 days of notification of Council's intention to refuse approval. The Council shall proceed without delay to its determination if the proponent waives the right to make a further submission.
- (14) The Council shall give notice of its approval or its refusal to approve a proposed Structure Plan by such means as to the Council seems proper, but in any event shall publish notice of an approval in a newspaper circulating in the District and shall give notice in writing of its decision to the Commission and the proponent as soon as practicable after the decision is made.
- (15) An approved Structure Plan shall be kept at the Council's administrative offices and shall be made available for inspection by any member of the public during office hours.
- (16) The Council may approve or permit any change or departure from an approved Structure Plan which in the opinion of the Council—
- (a) is minor;
  - (b) does not affect any State interest;
  - (c) has minimal impact upon any person other than the proponent;
  - (d) does not affect the interest of any authority or body providing or likely to provide services within the area of the Structure Plan,
- but any other proposed change or departure shall be advertised and notified in accordance with subparagraph (10) before the Council considers whether to approve or permit it.

##### 5. Development Plan

- (1) The Council shall not approve any application for Development Approval and shall not support any application for subdivision of land within the Estate until the Council has approved a Structure Plan in accordance with the preceding paragraph and until a Development Plan relating to the land has been approved in accordance with the provisions of this paragraph.
- (2) Any owner of land within the Estate may submit to the Council for approval a Development Plan for that land, though the Council may require that the area dealt with by the Development Plan be reduced or expanded to reflect what the Council considers to be the relevant planning precinct.
- (3) The general purpose of a Development Plan is to refine the proposals in a Structure Plan affecting the same land and to guide development of land to which the plan relates. Any such plan shall conform with the zoning and land use policies, guidelines, development standards and objectives contained in an approved Structure Plan.
- (4) Any proposed Development Plan presented to the Council for approval shall be prepared to a scale not greater than 1:5 000 and not less than 1:2 000.
- (5) A proposed Development Plan shall show such detail as the Council requires to ensure that the development of the land within the plan would be consistent with orderly and proper planning and the achievement of the highest appropriate level of amenity and without limiting the generality of the foregoing, shall include information or detail dealing with the following—
  - (a) the definition of reserves and zones in accordance with the range of reservations and zones set out in clauses 2.1 and 2.2 respectively of the Scheme;
  - (b) proposed residential densities within zones where residential use is permissible;
  - (c) proposed transportation systems; road layouts and vehicular traffic, cycle, and pedestrian networks; underpass locations; and public transport routes;

- (d) provision for major land uses including residential, shopping, commercial, office, educational, civic, employment centre, open space, recreational, and community facilities;
  - (e) indicative lot pattern and general location of any major buildings; and
  - (f) the integration of land use and development.
- (6) A proposed Development Plan should include information sufficient to demonstrate the contemplated method of implementation of its proposals.
- (7) A proposed Development Plan when presented to the Council shall be accompanied by or shall include a Report or information in the nature of a Report which should so far as possible contain the information provided in a Scheme Report pursuant to clause 12 of the Town Planning Regulations 1967, but in any event describing and explaining existing site conditions; the objectives of the plan, policies, guidelines, and development standards and such other explanatory material and details as is necessary to provide the Council with a full understanding of the scope, purpose and intent of the plan.
- (8) Where a proposed Development Plan is, in the opinion of Council, lacking in detail on some aspect or component Council shall, as soon as is practicable, notify the proponent of the deficiencies in the Plan.
- (9) Unless the Council decides in the case of any particular Development Plan that it is unnecessary to apply the provisions of this subparagraph, the Council shall not approve a Development Plan unless and until—
- (a) The proposed Development Plan has first been advertised for public inspection by one or more of the methods of advertising proposals for development involving an "SA" use as set out in subclause 2.3.7 of the Scheme;
  - (b) Such notification and information as the Council considers appropriate has been given by the Council or by the proponent at the direction of the Council to the Commission and to all public authorities or other bodies providing or likely to provide services to the area when developed and to such other authorities or persons as the Council nominates;
  - (c) The Council has submitted a copy of all submissions received as a result of the advertising to the Commission; and
  - (d) The Council has considered all submissions received as a result of the advertising together with any comment or advice given by the Commission within 21 days or such greater period as the Council approves from the date of submitting the submissions to the Commission.
- (10) A proposed Development Plan shall be deemed to be refused by Council where a decision on the proposal has not been determined by the Council within 5 months of Council's receipt of the proposal or within such further time as may be agreed in writing between the applicant and the Council.
- Where the Council, in its opinion, is not able to determine a proposed Development Plan due to—
- (a) the requirements of some other written law; or
  - (b) the proposal lacking in detail on some aspect or component the 5 month period shall not begin to run until such impediment has been removed or rectified to the satisfaction of the Council.
- (11) The Council after considering all submissions and comments received by it in accordance with the preceding provisions of this clause may refuse to approve the proposed Development Plan, or may approve the Development Plan with or without modifications.
- (12) The Council shall not make a final decision to refuse approval of a proposed Development Plan until the proponent (if any) has been allowed an opportunity to provide a further submission to the Council. Any such further submission shall be lodged within 14 days of notification of Council's intention to refuse approval. The Council shall proceed without delay to its determination if the proponent waives the right to make a further submission.
- (13) The Council shall give notice of its approval or its refusal to approve a proposed Development Plan by such means as to the Council seems proper, but in any event shall publish notice of an approval in a newspaper circulating in the District and shall give notice in writing of its decision to the Commission and the proponent as soon as practicable after the decision is made. If the Council approves the Development Plan it shall request the Commission to adopt the Plan as a basis for its decision making.
- (14) An approved Development Plan shall be kept at the Council's administrative offices and shall be made available for inspection by any member of the public during office hours.
- (15) The Council may approve any change or departure from an approved Development Plan which in the opinion of the Council—
- (a) is minor;
  - (b) does not affect any State interest;
  - (c) has minimal impact upon any person other than the proponent;

- (d) does not affect the interest of any authority or body providing or likely to provide services within the area of the Development Plan; and
  - (e) is consistent with the Structure Plan for the area,
- but any other proposed change or departure shall be advertised and notified in accordance with subparagraph (9) before the Council considers whether to approve or permit it.
- (16) The Council when exercising its discretion in regard to the approval to a Development Plan shall have regard to the matters listed in subclause 2.3.8 of the Scheme.
  - (17) An approved Development Plan together with all approved amendments shall apply in relation to the land within the area of the Development Plan as if it was an Amendment of the Scheme and the Scheme provisions shall be given full effect within the area accordingly. Without limiting the generality of the foregoing, within the zones designated in the Development Plan the use classes referred to in Tables 3A and 3B shall have the same permissibility spread as set out in those Tables.
  - (18) The Council may deal simultaneously with a Structure Plan and a Development Plan but may not approve a Development Plan without having first approved a Structure Plan for the locality.

#### 6. Detailed Site Plan

- (1) (a) Where in the opinion of the proponent or the Council it is desirable to enhance, elaborate and expand the planning proposals or the provisions contained within a Structure Plan or Development Plan on a lot by lot basis, such proposal shall be depicted in such detail as is necessary within a Detailed Site Plan.
  - (b) Once approved by Council a Detailed Site Plan shall be used as the basis for applications to the Commission to subdivide land within the Estate.
  - (c) In addition to the details required by the Commission with respect to subdivision applications, a Detailed Site Plan may, without limiting the generality of this paragraph, include—
    - (i) building envelopes either two or three dimensional;
    - (ii) non access areas;
    - (iii) natural vegetation preservation areas;
    - (iv) nil setback areas; and
    - (v) special development controls and policies.
  - (d) With the approval of the Council an approved Detailed Site Plan may be modified or varied provided such a modification or variation is in conformity with the Development Plan.
  - (e) The Principal Planner of the Shire or any person acting in that capacity from time to time shall have the power and authority pursuant to paragraph 2.6.10.1 of the Scheme to deal with applications for approval and modification or variations of Detailed Site Plans unless the Council in any specific case or generally resolves to remove that power and authority under paragraph 2.6.10.5 of the Scheme.
- (2) The proponent shall prior to seeking approval of the Commission to any diagram or plan of survey, provide to the Council a consolidated Detailed Site Plan at such a scale and format as the Council prescribes. A consolidated Detailed Site Plan shall supersede those Detailed Site Plans or parts of plans contained within any Detailed Site Plan or previously Consolidated Detailed Site Plan dealing with the same land.

#### 7. Development and Subdivision

- (1) Development and subdivision of land within the Estate shall be in accordance with the approved Development Plan and any approved Detailed Site Plan for the particular area and in particular shall comply with the permissibility of land uses under the Scheme, the permissible residential densities and any policy guidelines, development standards and conditions included within an approved Development or Detailed Site Plan.

#### 8. Advertising

Where a Structure Plan or Development Plan has been advertised before the gazettal of amendment 197 in a manner which would have complied with the provisions of sub paragraph 4(10) or 5(9) respectively had those provisions been in operation at the time of the advertising, such advertising shall be deemed to satisfy the requirements hereof as if the gazettal had occurred before the advertising.

#### 9. Appeal

- (1) If a proponent is dissatisfied by a requirement of the Council for detail under any of subparagraphs 4(6), 5(5) or 6(1)(a), the proponent within 14 days of being notified of the requirement may request the Council in writing for a reconsideration of the requirement. A proponent who requests the Council to reconsider a requirement under this subparagraph shall not exercise the right of appeal hereinafter referred to before the expiration of thirty-five (35) days from the date of delivery to the Council of the request for reconsideration so as to allow an opportunity to the Council to consider the request at its next meeting.

- (2) A proponent who is dissatisfied with a requirement whether it be the Council's original decision or the decision of the Council following a request for reconsideration under the preceding subparagraph, may appeal against the decision imposing the requirement in accordance with Part V of the Act and the Rules and Regulations made pursuant to the Act.
- (3) Without affecting the generality of subclause 2.6.8 of the Scheme Text, it is the intent of this subparagraph that a right of appeal may be precipitated by a proponent in the following circumstances—
- (a) where in respect of a Structure Plan or a Development Plan—
    - (i) a proposed Plan has been presented to the Council;
    - (ii) all required details have been supplied by the proponent and the Council is not precluded from approving by some written law;
    - (iii) the proposed Plan has been advertised and submitted to the Commission;
    - (iv) the Council is not waiting for the proponent to make a further submission under subparagraph 4(13) or subparagraph 5(12);
    - (v) the five (5) months deemed refusal period referred to in subparagraph 4(11) or 5(10) (as the case may be) or any extension of that period agreed by the proponent under those subparagraphs, has not expired; and
    - (vi) the Council has not decided to approve or refuse approval of the proposed Plan;
  - or
  - (b) where in respect of a proposed Detailed Site Plan the Council or the Principal Planner of the Shire (under delegated authority) has not made a decision to approve or refuse approval of the proposed Plan within thirty-five (35) days of the Council's receipt or the proposed Plan;
  - or
  - (c) the Council within thirty-five (35) days of receiving a request by the proponent for approval of any change or departure from an approved Structure Plan or an approved Development Plan which change or departure the Council is able to approve under subparagraph 4(16) or 5(15) (as the case may be) has not approved or refused the request;
  - or
  - (d) the Council or the Principal Planner (under delegated authority) has failed to make a decision within thirty-five (35) days after receiving a request by the proponent for the modification or variation of an approved Detailed Site Plan, being a modification or variation referred to in subparagraph 6(1)(d),

THEN in any of those circumstances the proponent may serve notice on the Council that within a specified period being not less than thirty-five (35) days, the Council is required to make a decision on the matter, and thereafter if the Council—

- (i) refuses to approve the Structure Plan, Development Plan or Detailed Site Plan, or the requested change or departure or the requested modification or variation; or
- (ii) approves the Structure Plan, Development Plan or Detailed Site Plan or the change or departure or the modification or variation thereto subject to any condition that is unacceptable to the proponent; or
- (iii) fails to make a decision within the period specified in the notice given by the proponent as provided in this subparagraph,

the proponent may in any of those circumstances appeal as provided in subclause 2.6.8 of the Scheme Text.

In the case of the failure to make a decision, the decision or determination for the purpose of appealing is deemed to be a refusal on the expiration of the notice period.

M. C. KIDSON, President.  
E. W. LUMSDEN, Shire Clerk.

**WATER AUTHORITY**

WA401

**METROPOLITAN WATER AUTHORITY ACT 1982  
NOTICE OF DECLARATION OF MAIN DRAIN  
Emu Swamp Main Drain  
Ballajura and Malaga**

File A26995.

Made by the Water Authority of Western Australia pursuant to section 100 (6).

1. Notice is hereby given that as from 3 August 1994 the existing drain of which the route, point of commencement A and point of termination C are shown on the plan in the Schedule hereto, shall be a main drain known as the Emu Swamp Main Drain.

2. The drain comprises a landscaped open drain, underground pipelines varying in diameter from 450 mm to 1200 mm, three compensating basins, structures, manholes and all other works and apparatus connected herewith.

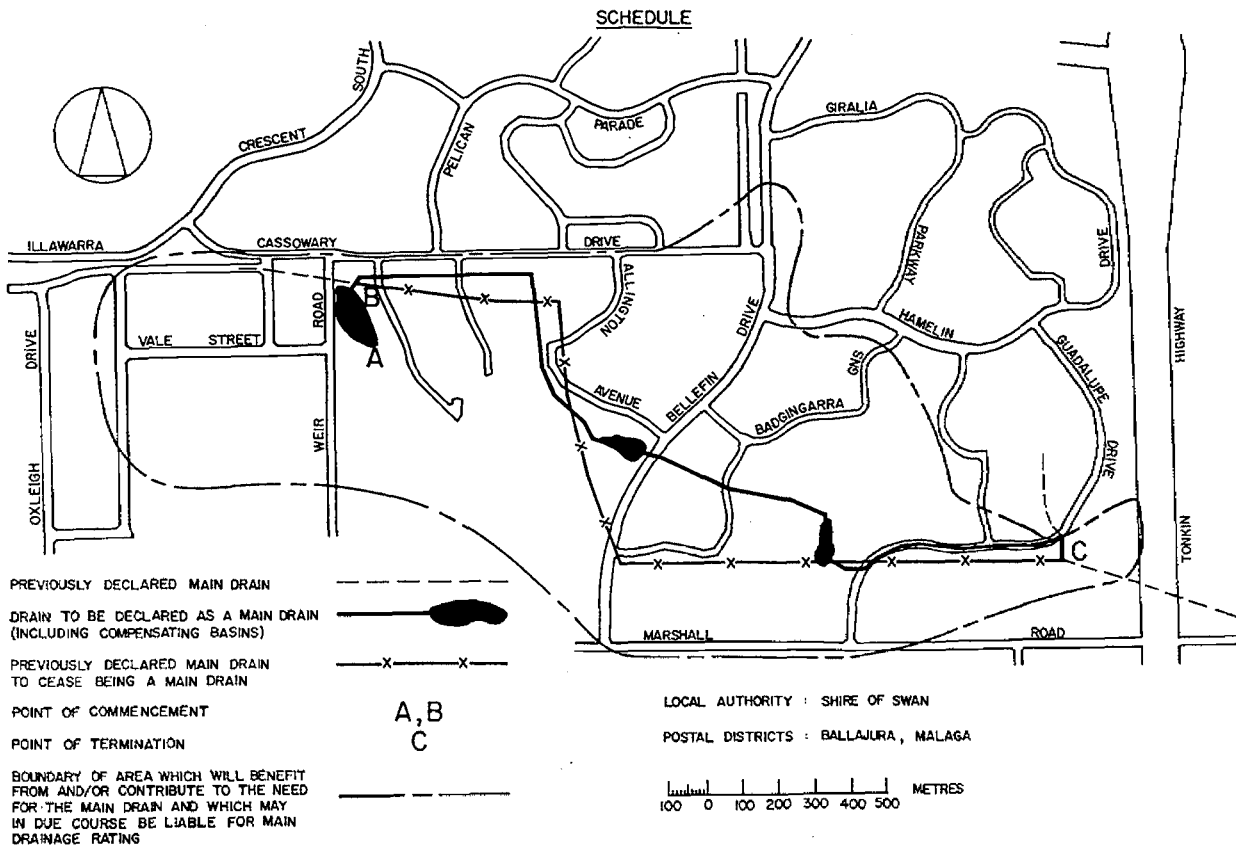

3. A person who is aggrieved by this proposal or who alleges that any land shown within the catchment of the main drain is not land which will—

(a) benefit from; or

(b) contribute to the need for,

the existing main drain as delineated on plan DE63 may, pursuant to section 100 (9) of the Metropolitan Water Authority Act 1982, by notice in writing to the Minister within one month of the publication of this notice, object to the proposal.

4. Notice is also hereby given that as from 3 August 1994 the portion of the previously declared main drain of which the route, point of commencement B, and point of termination C, are shown on the plan in the Schedule hereto, shall cease to be a main drain.

W. J. COX, Managing Director.

NOTE: Plan DE63 (reproduced as the Schedule in this Notice) may be inspected at the Design Services Branch of the Water Authority's Perth North Region Office in Joondalup House at 8 Davidson Terrace, Joondalup between the hours of 8.15 a.m. and 4.30 p.m. on any working weekday.
