Under section 31 (c) of the Environmental Protection Act (1986), I Kevin Minson, Minister for the Environment, hereby issue a certificate and remit to the Environmental Protection Authority the Revised Draft Environmental Protection (Jandakot Mound Groundwater) Policy 1993. I have perused the submissions made on the revised draft and believe the outstanding issues are of minor importance. Accordingly, I have asked the Environmental Protection Authority to appraise themselves of the revised draft policy and to report to me on:

- (i) potential conflicts with the Urban Expansion Policy, Draft Jandakot Land Use and Water Management Strategy and proposed South West Corridor Stage A Amendment;
- (ii) the potential conflict with urban development in the Thomson's Lake locality and with respect to other urban options (eg. Forrestdale);
- (iii) the capacity and expertise of State and Local planning authorities to interpret the environmental quality objectives and incorporate them in the Metropolitan Region Scheme and Town Planning Schemes;
- (iv) the capacity of State and Local planning authorities to implement those environmental quality objectives in their decision-making;
- (v) the suitability of the environmental quality objectives for groundwater protection;
- (vi) the appropriateness of the proposed boundaries of the policy sub-areas, particularly in relation to Priority 2 and Priority 3 groundwater protection areas as designated by the Water Authority of Western Australia; and
- (vii) any appropriate amendments to the revised draft policy on the grounds of (i)-(vi) above.

Kevin Minson, Minister for the Environment.

(2) The mining tenement holder shall ensure that mining operations which are specified as being the subject of a Stop Work Order stop in accordance with the Order regardless of whether a review is requested or not.

(3) Upon receiving a request for a review of a Stop Work Order, the Minister shall obtain a report from the State Mining Engineer setting out details of the reasons given by the inspector or senior inspector for issuing the Order, together with the State Mining Engineer's recommendations on the matter.

Do you want to know more about Quality Assurance?

The State Supply Commission, in association with Edith Cowan University and its co-learn program, has produced a one hour video which provides a basic understanding of the principles of quality assurance.

This video is an excellent training aid for government agencies and private sector organisations wanting to know more about quality assurance and how to go about obtaining quality assurance certification.

With case studies, explanations of State Government Policy, advice from quality assurance practitioners, and information on how to obtain QA certification, "The Q & A of Quality Assurance" provides a valuable introduction to this important topic.

Copies of the video are available for \$35 from the State Government Bookshop, 815 Hay Street, Perth. Orders can be placed by mail, fax or telephone (note: a \$2 postage charge applies).
