By-laws 20A and 20B repealed and by-laws substituted

9. By-laws 20A and 20B of the principal by-laws are repealed and the following by-laws are substituted —

"
 Metropolitan non-residential property water supply charges
 20A. (1) In this Division —
 "formula" means the formula set out in Schedule 1, Division 1, Part 2, item 1;
 "metropolitan non-residential property" does not include vacant land.
 (2) Subject to sub-by-laws (5), (7) and (8) and by-law 20B, and notwithstanding any other provision of these by-laws, the minimum charge payable for the 1994/95 year for the provision of water supply to metropolitan non-residential property shall be —
 (a) the charge calculated in accordance with the formula, with the variable "A" being the base charge payable in respect of the provision of that water supply to that property in the 1993/94 year; or

- (b) the meter-based minimum charge to be paid in respect of the provision of that water supply in the 1994/95 year to that property, as set out in Schedule 1, Division 1, Part 2, item 1 (a),

whichever is the higher amount.

(3) Notwithstanding any other provision of these by-laws, where the charge calculated as payable for the 1994/95 year for the provision of water supply to a metropolitan non-residential property exceeds the proposed minimum charge for that sized meter for the year 1997/8 as set out in Schedule 1, Division 1, Part 2, item 1, the amount by which that charge exceeds the proposed 1997/98 minimum shall be reduced by 22.5%, as shown in the formula.

(4) Where land classified as metropolitan non-residential for the whole or part of the 1994/95 year was not so classified for the whole of the 1993/94 year, the Authority shall estimate notional charges for the 1993/94 year, being charges that would have been payable for that year if —

- (a) the land had been classified as metropolitan non-residential; and
- (b) the matters and circumstances currently prevailing had prevailed,

for the whole of the 1993/94 year, and those notional charges estimated under this sub-by-law shall be regarded as the base charge payable in the 1993/94 year for the purposes of variable "A" of the formula.

(5) Where part of the way through the 1994/95 year land ceases to be, or becomes, metropolitan non-residential property, the charges payable in respect of that land shall be payable in the same ratio as the part of the year for which the charge applies bears to the full year.

(6) Where, for a portion of the 1994/95 year, in respect of metropolitan non-residential land, there is —

- (a) a change in the amount of the charges for the 1994/95 year as a result of a change in the provision of water supply to that land; or
- (b) an interim valuation under the *Valuation of Land Act 1978* reflecting any development or change of use of that land,

the Authority shall, for the purposes of sub-by-law (7), estimate notional charges for the year 1993/94 in respect of that land, being the charges that would have been payable for that year if —

- (c) the matters and circumstances currently prevailing had prevailed;

- (d) any changed provision of water supply referred to in paragraph (a) had been provided; and
- (e) any interim valuation reflecting any development or change in use referred to in paragraph (b) had been made and in force,

for the whole of that year.

(7) A charge payable for the portion of the 1994/95 year referred to in sub-by-law (6) shall be payable in the same ratio as the portion of the year referred to in that sub-by-law bears to the full year.

(8) If a charge calculated under this sub-by-law (4) for the 1994/95 year is more than 30% higher than the charge calculated for the same service (and under the same circumstances) in the 1993/94 year, the charge is only payable up to that 30% increase.

Un-metered metropolitan non-residential property water supply charges

20B. (1) Where a metropolitan non-residential property is not directly served by the Authority, the minimum 1994/95 charge applicable for a 20 mm meter, as set out in Schedule 1, Division 1, Part 2, item 1, is the charge payable for provision of water supply to that property.

(2) Where a metropolitan non-residential property is served but not metered by the Authority, the minimum 1994/95 charge applicable to the size of the connecting pipe serving that property, as set out in Schedule 1, Division 1, Part 2, item 1, is the charge payable for provision of water supply to that property.

(3) Where a metropolitan non-residential property is not metered by the Authority, the Authority and the property owner may agree to a consumption charge which will apply to that property or, if agreement cannot be reached, the charge payable is 7.4% of the amount payable for the 1992/93 year.
