HERITAGE COUNCIL OF W.A.

HR401

HERITAGE OF WESTERN AUSTRALIA ACT 1990

Notice of Measures Proposed Requiring Legislative Amendment

- The Cottesloe Flour Mill, located at Athelston Street, Cottesloe, has been entered in the Register of Heritage Places maintained under the Heritage of Western Australia Act 1990 ("Act"). The Cottesloe Flour Mill is located on the Lot as defined in the proposed order below (the "Land"). The Town of Cottesloe's Town Planning Scheme No. 2 permits uses of the Land within the Special Industrial Zone including the use in certain circumstances in accordance with the provisions of the R30 Code of the Residential Planning Codes.

The Heritage Council of Western Australia has determined that the conservation of the Cottesloe Flour Mill can be effected by—

- (a) redevelopment of the Cottesloe Flour Mill on the land for residential purposes in accordance with the R80A Code of the Residential Planning Codes; and
- (b) the making of an order under section 38 of the Act as set out in the Schedule to this Notice (the "Proposed Order")

(the "Conservation Measures").

The objective of the Heritage Council of Western Australia in formulating the Conservation Measures is to ensure the conservation of the Cottesloe Flour Mill. The land likely to be affected by the Proposed Order is the Land. The effect of the Proposed Order will be to amend the Town of Cottesloe Town Planning Scheme No. 2 to enable the redevelopment of the Cottesloe Flour Mill for residential purposes in accordance with the R80A Code of the Residential Planning Codes but subject to modification of the setback and open space requirements of the Code. Further particulars may be obtained by request in writing to the Director of the Heritage Council of Western Australia at the address specified below.

Submissions in relation to the Conservation Measures are invited from interested persons. Submissions must be in writing and must be forwarded to the following address—

The Director, Heritage Council of Western Australia, 292 Hay Street, East Perth WA 6004.

Submissions must be received by 5.00 p.m. on November 25th 1994. A copy of a plan showing the land likely to be affected by the Proposed Order may be inspected at 292 Hay Street, East Perth between the hours of 9.00 a.m. and 5.00 p.m. on weekdays.

Dated this 11th day of November 1994.

IAN BAXTER, Director, Office of the Heritage Council.

Schedule

Draft of Proposed Order

1. This order may be cited as the Cottesloe Flour Mill Order 1994.
2. In this order—

“Lot” means that part of Lot 2 on Diagram 2179 and Lot 39 on Plan 1258 being part of the land in Certificate of Title Volume 1239 Folio 124 depicted as Lot 201 on a plan of proposed subdivision lodged with the State Planning comprised on May 30, 1994 (Department of Planning and Urban Development file 94471).

“Scheme” means the Town of Cottesloe Town Planning Scheme No. 2.

3.1 The Scheme shall apply to the Lot subject to the amendments specified in clause 3.2 of this order.

3.2 The Scheme is amended—

- (a) by inserting in Schedule 3 of the Scheme the following additional item—

COLUMN 1 Particulars of Land	COLUMN 2 Additional Uses and Special Conditions
That part of Lot 2 on Diagram 2179 and Lot 39 on Plan 1258 being part of the land in Certificate of Title Volume 1239 Folio 124 depicted as Lot 201 on a plan of proposed subdivision lodged with the State Planning comprised on May 30 1994 (Department of Planning and Urban Development file 94471).	In addition to the uses permitted within the Special Industrial Zone (as set out in clause 3.4.6 of the Scheme), the Lot may also be used in accordance with the provisions of the R80A Code of the Residential Planning Codes. Such additional uses shall only be permitted subject to the conservation of the existing buildings on the land.

- (b) by adding to clause 5.2.2 of the Scheme after paragraph (d) the following additional paragraph—

“ (e) The Council may approve an application for approval to commence development of the land described in column 1 of item 2 of Schedule 3 hereto in accordance with the provisions of the R80A Code of the Residential Planning Codes notwithstanding the proposed development does not conform with the requirements of clauses 1.5 and 4.2.8 (setback) and clause 4.4 (open space) of the Residential Planning Codes. ”

Ref: 853/2/25/21.

It is hereby notified for public information, in accordance with section 7 of the Town Planning and Development Act 1928, that the Hon Minister for Planning approved the City of Gosnells Town Planning Scheme No. 20—Guided Development Scheme on September 10, 1994—the Scheme Text of which is published as a Schedule annexed hereto.

O. SEARLE, Mayor.
G. WHITELEY, Town Clerk.

Schedule

CITY OF GOSNELLS

Scheme No. 20 Text

1. CITATION AND RESPONSIBLE AUTHORITY

This Town Planning Scheme may be cited as the City of Gosnells Town Planning Scheme 20 (hereinafter called "the Scheme") and shall come into operation on the publication of notice of the Minister for Planning's final approval in the *Government Gazette*. The authority responsible for enforcing the Scheme is the Council of the City of Gosnells (hereinafter referred to as "the Council").

2. SCHEME MAPS AND SCHEME AREA

The Land Use Map and Scheme Map form part of the Scheme. The Scheme shall apply to the land contained within the inner edge of the broken black line as shown on the Scheme Map. The said land is hereinafter referred to as "the Scheme Area".

3. GENERAL OBJECTS

The objects of the Scheme will be achieved by the control and co-ordination of development and subdivision within the Scheme Area. The Scheme Map forms the basis for subdivision and development and the framework within which this can take place.

The general objects of the Scheme are:

- (a) to plan and facilitate progressive redevelopment of the land within the Scheme Area;
- (b) to plan and provide within the Scheme Area suitable road modifications, truncations, accessways, dual use paths and footpaths;
- (c) to ensure the proper drainage of the roads and buildings and of those parts of the Scheme Area which require improvement to drainage and associated works;

- (d) to maintain and enhance the character and amenity of the area by the preservation and further planting of trees, street tree planting and upgrading public open space facilities;
- (e) to produce streetscape and architectural character studies that will be incorporated into planning and building approvals to ensure aesthetic enhancement of the area;
- (f) to encourage the amalgamation of lots to provide opportunities for better layout designs thereby providing an option to increase the Residential Density Code where amalgamation or superior design criteria is used.

4. DEVELOPMENT PROVISIONS

The Council shall prepare and may amend from time to time, a "RESIDENTIAL DEVELOPMENT GUIDE—GOSNELLS" which will include architectural development guidelines to be incorporated into new development proposals for the Scheme Area and the document will compliment, but does not form part of, the Scheme.

4.1 Residential development should comply with the principles contained within the "Residential Development Guide—Gosnells" and shall accommodate any applicable Scheme Works.

Council may, where it is of the opinion that special circumstances warrant, permit a departure from the principles of the "Residential Development Guide—Gosnells". This authority will be exercised if the Council is satisfied that:

- (a) approval of the development would be consistent with the orderly and proper planning of the locality and preservation of the amenity;
- (b) non-compliance will not have an adverse effect upon the intent of the overall planning of the area; and
- (c) the intent and purpose of the requirement or standard will not be unreasonably departed from.

4.2 (a) Notwithstanding the provisions of the City of Gosnells District Zoning Scheme Town Planning Scheme No 1, where a landowner amalgamates two or more existing lots to create a lot for residential unit development of five units or more, Council may approve such development up to the R.40 density code if, in the opinion of Council, the development proposal complies with the principles and requirements of the "Residential Development Guide—Gosnells".

(b) All developments shall incorporate a landscaping programme to Council's satisfaction and where required by Council shall include the planting of trees in the street verge for the frontage of the subject lot. The type, number and location of the trees is to be specified by Council.

(c) Where a proposed traffic control device, entry statement or other feature is located adjacent to a development site and it is required to be installed as part of that development by the Scheme the landowner may be required to fund the full cost of the installation of that work by the Council.

In this event the Scheme will reimburse the landowner as and when funds are available for any contribution made in excess of the amount that represents the Scheme Works contribution pursuant to Clause 6 of the Scheme plus interest, as calculated pursuant to Clause 6.1 "Calculation of Scheme Works Cost" of the Scheme.

5. DEVELOPMENT AND SCHEME WORKS

An owner of land within the Scheme Area who desires to develop land either alone or in conjunction with another owner or owners shall submit the required application form, details and plans to Council for planning approval as required by the City of Gosnells District Zoning Scheme. Where the application, details and plans conform with the requirements of the District Zoning Scheme the application will be processed in the normal manner subject to the payment of the contribution for Scheme Works under the Scheme.

Scheme Works are all works necessary for the development of the area that confer a general benefit on the area and are not related to a particular piece of land and include:

- (a) the installation of traffic management devices throughout the Scheme Area. The design and location of these devices will be resolved by Council from time to time after consultation with local residents;
- (b) drainage works, including new pipe works, improvement of the existing drainage system and the construction and landscaping of compensation basins within and/or near the Scheme Area that directly benefit the Scheme Area;
- (c) a landscape programme involving the planting of street trees, landscaping associated with traffic management devices and additional tree planting and landscaping of existing and planned local open space areas within the Scheme Area;
- (d) construction of footpaths, dual use paths and pedestrian accessways within the Scheme Area;
- (e) the upgrading of existing roads and rights of way within the Scheme Area;
- (f) the administration costs incurred by the Council involving the preparation and ongoing supervision and management of the Scheme.

6. SCHEME WORKS COSTS

6.1 Calculation of Scheme Works Costs

The costs of Scheme Works as described in Clause 5 to be paid by each owner of land within the Scheme Area shall be calculated at the time of issue of the building licence for any new residence and shall be calculated at the time of total payment or revised at the time of pro-rata payments and shall be the lesser of:

- (a) the actual costs of the works compounded annually at 10% as an inflationary factor;
- (b) the estimated costs of the works at the time of full or part payment determined by an independent expert and in default of agreement, by arbitration.

An existing residence or additions thereto contained within a development will not be included for the purpose of calculation of Scheme Costs.

Payment of Scheme Works Costs

Subject to the provisions of the Scheme each owner of land shall prior to the issue of the building licence for any new residence pay to the Council an amount equivalent to 0.1% of the total Scheme Works Costs for each new residential unit approved by that building licence.

Where a lot is developed for a use other than residential units, e.g. offices, the owner shall pay to Council a sum equivalent to the number of units (or part thereof) that would be permitted under the R.30 Code in lieu of the approved development for that property.

6.2 If an owner of land disagrees with Council's determination of the proportion of Scheme Works Costs that is required to be paid by that owner, the matter may be determined by arbitration in the manner specified in Clause 11 provided that the owner notifies the Council of the intention to take the matter to arbitration within 30 days of receiving notice of his costs.

7. SCHEME ACCOUNT

The Council shall establish a Scheme Account for the purpose of receiving contributions towards Scheme Works Costs as required to be paid to the Scheme by landowners within the Scheme Area.

These funds are a contribution towards the various services and improvements as described under Clause 5, Development and Scheme Works of this Scheme. The Scheme Account shall not form part of the Council's general revenue and any surplus funds after completion of the Scheme shall be spent on upgrading of facilities within or near the Scheme Area.

8. POWERS OF COUNCIL

In carrying out the provisions of the Scheme the Council shall have the following powers and authorities subject to the arbitration provisions of Clause 11:

- (a) to enter and inspect at any reasonable time, land and buildings within the Scheme Area and to carry out works either by itself, its agents, employees or nominees that are pertinent to the Scheme;
- (b) to make agreements with the owners or occupiers of the land within the Scheme Area in respect of any matters affecting the Scheme;
- (c) to make agreements with the Water Authority of Western Australia, or any other Government instrumentality, concerning any matters relating to the Scheme;
- (d) to enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme Area concerning matters relating to the Scheme;
- (e) to purchase, develop and/or sell land within the Scheme Area.

9. ADMINISTRATION

9.1 Twenty-eight (28) days written notice is hereby prescribed as the notice to be given pursuant to Section 10 of the Town Planning and Development Act, 1928 (as amended). Any expenses incurred by the Council under the said section may be recovered from the person in default as a simple contract debt in such Court of jurisdiction as is competent to deal with the amount of the claim.

9.2 The Council may at any time exercise the powers conferred by Section 13 of the said Act.

9.3 In this Scheme, the word "lot" has the meaning given to it by the Town Planning and Development Act, 1928 (as amended) and includes a lot on a Strata Plan.

10. CLAIMS FOR COMPENSATION

Claims for compensation by reason of the coming into operation of the Scheme shall be made within six months of the date of the Scheme's final gazettal.

11. ARBITRATION

Any dispute or difference between the owners or an owner or owners and Council (except where there is a right of appeal to the Minister for Planning) as to their respective rights under the Scheme and any matter which by the terms of this Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in the manner provided by the Commercial Arbitration Act 1985, or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator he will be nominated by the President of the Australian Institute of Valuers (Inc) WA Division. The Arbitrator shall allocate costs in the dispute.

12. LAND OWNED OR ACQUIRED BY COUNCIL

All or any of the land now owned by or subsequently acquired by the Council within or near the Scheme Area may be used by the Council for any purposes appropriate to the Scheme. If such purpose is one for which any owner is required to make land available, or for which land may be acquired by the Council pursuant to this Scheme, the Council shall be compensated for the value of the land so used by the Council. If the Council shall subdivide or develop any land owned by it, the provisions of this Scheme shall apply to the Council.

13. REVOCATION

Without limiting the generality of the obligations under Section 7AA of the Act, the Council within 10 years of the coming into operation of the Scheme shall consider whether the Scheme can be revoked or whether any works could be carried out or other things done to permit the Scheme to be revoked.
