CONSERVATION AND LAND MANAGEMENT ACT 1984

Department of Conservation and Land Management

ROWLEY SHOALS MARINE PARK

Compatible Operations Notice

Call for public submissions on the intention to issue licences for tourist and commercial recreation operations in Rowley Shoals Marine Park

This notice is made by the Executive Director of the Department of Conservation and Land Management under Section 33A of the Conservation and Land Management Act 1984, with reference to compatible operations.

As a management plan does not exist for the Rowley Shoals Marine Park, the CALM Act 1984 requires the Department to notify the public of intentions to conduct "compatible operations" and seek comment on those operations.

The Department of Conservation and Land Management has been approached by tourist operators for approval to operate tourist services in the Rowley Shoals Marine Park.

Pending the outcome of this notice, the Department would call for "Expressions of Interest" from commercial operators to provide tourist services that will enhance public enjoyment whilst protecting the environmental integrity of the Park.

Submissions are invited until 30 January, 1995. Please do not submit proposals for commercial tourist operations at this time.

Further details are available in the "Guidelines for Submissions" which may be obtained from Marg Buckland, Department of CALM, 16 Ogilvie Road, Mt. Pleasant 6153, telephone (09) 364 0777, or Allen Grosse, Department of CALM, Herbert St, Broome 6725, telephone: (091) 92 1036.

SYD SHEA, Executive Director,
Department of Conservation and Land Management.

DAIRY INDUSTRY

DI401

DAIRY INDUSTRY ACT 1973

It is hereby notified that, with the approval of the Minister for Agriculture, in accordance with the provisions of the Dairy Industry Act 1973 the Dairy Industry Authority of Western Australia orders as follows:

Order

The Authority fixes the undermentioned prices and rates for market milk, deemed to include unflavoured milk, modified milk and skim milk sold for human consumption within the State of Western Australia, including milk for ships' stores and international airlines to be effective in the undermentioned dairy areas and districts as from 1 December 1994.

- (a) Metropolitan Dairy Area,
- (b) South-West Coastal Dairy Area
Shires of Collie, Dardanup, Harvey, Murray, Waroona
- (c) South Coastal Dairy Area

Minimum Prices to Dairymen:

Minimum price to be paid to dairyfarmers by the Authority for market milk containing not less than 11.75 per cent total milk solids as determined by Australian Standard 2300.1.1 in relation to a representative composite sample taken over a testing period; and containing not less than 3.2 per cent milk fat as determined by the infra-red absorption method in relation to the same representative composite sample at the rate of—

48.30 cents per litre for market milk

which may be varied by deducting an amount for the transport and handling of bulk market milk and an amount of 0.02 cents per litre to offset the cost of insuring dairymen payments for market milk.

Maximum Prices to Authority:

Maximum price to be paid to the Authority by licencees of dairy produce factories for market milk at the rate of—

50.78 cents per litre for market milk.

The Authority reserves the right to vary the maximum price specified in this Order by addition of an amount as the Authority may reasonably determine to be contributed toward the cost of insuring payments to be made to dairymen for market milk.

Acceptance and Disposal of Milk by the Authority

It is further determined that, where milk delivered by a dairyman—

is found to contain less than 11.75 per cent total milk solids, as determined by the aforementioned Standard Method during any testing period on a second or succeeding occasion after 1 January 1987 or a second or succeeding occasion in any subsequent quota year, milk supplied by that dairyman for the duration of that testing period will not be accepted by the Authority as market milk.

is found to contain less than 3.2 per cent milk fat, as determined by one of the aforementioned methods during any testing period on a second or succeeding occasion after 1 January 1987 or a second or succeeding occasion in any subsequent quota year, milk supplied by that dairyman for the duration of that testing period will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain antibiotic or other inhibitory substance on a second occasion after 1 January 1987 or a second occasion in any subsequent quota year, milk supplied by that dairyman for that one day will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain antibiotic or other inhibitory substance on a third or succeeding occasion after 1 January 1987 or a third or succeeding occasion in any subsequent quota year, milk supplied by the dairyman for the duration of that testing period in which that day occurs will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain excess water on the first occasion after 1 January 1987 or a first occasion in any subsequent quota year, milk supplied by that dairyman for that one day will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain excess water on the second or succeeding occasion after 1 January 1987 or a second or succeeding occasion in any subsequent quota year, milk supplied by that dairyman for the duration of the testing period in which that day occurs will not be accepted by the Authority as market milk.

is found by the Authority or its authorised agent on a certain day to contain added solids on the first occasion after 1 January 1987 or a first occasion in any subsequent quota year, milk supplied by that dairyman will not be accepted by the Authority as market milk for a minimum of two testing periods.

is found by the Authority or its authorised agent on a certain day to contain added solids on the second or succeeding occasion after 1 January 1987 or a second or succeeding occasion in any subsequent quota year, milk supplied by that dairyman for the duration of the testing period in which that day occurs will not be accepted by the Authority as market milk for a minimum of four testing periods.

is found by the Authority or its authorised agent on a certain day from 1 February 1987, to have a bacterial count over 50 000 bacteria per millilitre, milk supplied by that dairyman will not be accepted by the Authority as market milk as follows:

on the fourth occasion in any twelve month period—for one day;

on the fifth occasion in any twelve month period—for two days in that month;

on the sixth occasion in any twelve month period—for three days in that month;

on the seventh occasion in any twelve month period—for five days in that month; and

on the eighth or succeeding occasion in any twelve month period—for the duration of the testing period in which that day occurs.

Where milk delivered by a dairyman is acceptable as market milk and the abovementioned prices for market milk apply the milk is accepted by the Authority at the dairyman's registered dairy produce premises.

Provided that nothing in the Dairy Industry Act 1973, requires the Authority to accept all or any milk delivered to it by any person; and milk delivered to and accepted by the Authority may be disposed of by the Authority to milk vendors or other persons.

The Authority hereby revokes all prices and rates fixed by any previous order of the authority under s.49 (3) of the Act.

J. L. CONNELL, Manager.
