BUSH FIRES ACT 1954

Shire of Busselton

BUSH FIRE NOTICE AND REQUIREMENTS

Notice to All Owners and/or Occupiers of Land in the Shire of Busselton

In accordance with Section 33 of the Bush Fires Act 1954, you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provisions of this order. This order is made to advise individual land owners that it is their responsibility for fire prevention.

The penalty for non-compliance with this notice is a maximum fine of \$1 000, and notwithstanding prosecution, council may enter upon the land and carry out required works at the owner's/occupier's expense.

An inspection of firebreaks and hazard removal will be carried out in Special Rural areas on or after 1 December each year and Rural and Urban areas on or after 22 December each year.

IMPORTANT INFORMATION RELATING TO YOUR RESPONSIBILITIES AS A LANDHOLDER IN THE SHIRE OF BUSSELTON

Special Rural Land

Firebreaks will be inspected in Special Rural areas on or after 1 December each year.

Rural and Urban Land

Inspections of these areas will commence on or after 22 December each year.

A. Rural Land

(All land other than a pine plantation and that listed as Urban)

You shall clear of all inflammable material (living or dead) firebreaks at least 2 metres wide;

1. A firebreak not less than 2 metres wide must be constructed within a perimeter of 20 metres of all homesteads, buildings, haystacks and fuel storage areas on the land.
2. In the case of haystacks the firebreak must not be closer than 6 metres of the haystacks.
3. Where the area of the land exceeds 120 hectares (approximately 300 acres) additional firebreaks so as to divide the land into areas of not more than 120 hectares (approximately 300 acres) which are completely surrounded with a firebreak.

B. Special Rural Land

The owner of all existing small rural holdings zoned as Special Rural Land under Town Planning Schemes must maintain a 3 metre wide firebreak totally cleared of all inflammable material (living or dead) and such firebreaks to be constructed within 6 metres of the external boundaries of the land.

Strategic Firebreaks

1. Where a special rural subdivision is protected by a 3 metre wide firebreak cleared of all inflammable material (living or dead) around the perimeter of the subdivision, it shall be the responsibility of all land owners abutting the firebreak to maintain that portion of the firebreak which adjoins the

boundary of their property. Plans of strategic firebreaks approved by Council are available for inspection at the offices of Council during normal working hours. Currently the following subdivisions are approved to use strategic firebreaks—

1.1 Commonage Special Rural Area, including—

- Bayview Ridge
- Brushwood Brook Estate
- Gunyulgup Valley Estate
- Gunyulgup Heights
- Highlands Estate
- Marrinupp Heights
- Quindalup Heights
- Wildwood Park
- Wildwood Estate
- Windmill Ridge Estate
- Yungarra Estate
- Yallingup Heights

1.2 Meelup Hills.

1.3 Siesta Park (between Siesta Park Road and Caves Road).

2. Other land owners within these subdivisions, not abutting the strategic firebreaks are not required to construct firebreaks on their individual properties. However, land owners are expected to maintain their properties in a low fuel situation.

C. Urban Land

(Residential, commercial and industrial land within a townsite or within any area subdivided for residential purposes)

1. Where the area of land is 2 024 m² (approximately 1/2 acre or less), you must remove all inflammable material from the whole of the land except living trees, shrubs and plants.

2. Where the area of land exceeds 2 024 m² (approximately 1/2 acre), you shall clear of all inflammable materials (living or dead), firebreaks of at least 3 metres wide, within 6 metres of the inside of all external boundaries of the land. However, land owners are still expected to maintain the remainder of their properties in a low fuel situation.

D. Fuel and/or Gas Depots

In respect of land owned or occupied by you on which is situated any container normally used to contain liquid or gas fuel, including the land on which any ramp or supports are constructed, you shall maintain the land clear of all inflammable materials (living or dead) and clear a firebreak not less than 2 metres wide within a perimeter of 20 metres of all homesteads, buildings, haystacks and fuel storage areas on the land.

E. Pine, Eucalypt, Protea Plantations and Vineyards

(A plantation is defined as a group of trees greater in area than 40 metres x 40 metres)

Firebreaks not less than 5 metres in width completely free of all inflammable material (living or dead) are to be constructed around the perimeter of the land and a further 10 metre low fuel density area in plantations immediately adjoining the 5 metre firebreak is to be maintained on which pines, eucalypts, protea and vines are planted.

A 5 metre wide firebreak clear of all inflammable material (living or dead) is required along those portions of a pine, eucalypt, protea or vineyard which enjoys a common boundary with a road reserve and not less than 6 metres in width in such positions that no part or compartment of a pine, eucalypt, protea plantation or vineyard shall exceed 28 hectare in an area.

Land owners are encouraged to have sufficient fire fighting equipment to protect themselves. Details of equipment useful for the protection of property can be obtained from either Council or the Local Fire Control Officer.

BUSH FIRES ACT (SUMMARY)

A. Permits to burn are required for the whole of the restricted periods and can only be obtained from the area Fire Control Officers.

B. Any special conditions imposed by the Fire Control Officer when issuing permits must be strictly adhered to.

C. The permit holder shall give notice of his intention to burn to—

1. The Shire Officer no later than on the day when the burning is to take place. Saturday burning must be notified by 5 pm Friday (telephone 097 81 0444).
2. The owner or occupier of adjoining land.
3. The nearest office of the Department of Conservation and Land Management (CALM) if the land is situated within 3 kms of State Forest Land (telephone CALM Busselton on 097 52 1677).
4. A National Parks Ranger if the land adjoins National Park (telephone National Parks Yallingup 097 55 2144).

D. Period of notice to neighbours prior to burning can not be more than 28 days or less than 4 days, although lesser notice may be determined by mutual agreement of all neighbours.

E. Your attention is drawn to Items 5, 6, 7, 8 and 9 printed on the back of the permit.

F. All landowners and occupiers who incur a bush fire have an obligation to assist each Fire Control Officer to compile a Fire Report Form.

G. Garden refuse or rubbish burnt on the ground may be lit only between 6pm and 11pm and must be completely extinguished with water or earth by midnight. All inflammable matter is to be cleared within 5 metres at all points of the site of the fire and a person must be in attendance during the whole time the fire is burning.

H. Any incinerator used to burn rubbish must be properly constructed. An open drum with or without a lid is not an appropriate incinerator.

I. It is in the interests of all residents to be registered members of the Bush Fire Brigade which covers the area, wherein they own land. Membership of a Fire Brigade is the safest way to ensure cover under the Shire's Bush Fire Insurance Policy, which covers personal injury and damage to equipment resulting from fighting bush fires.

What Procedures Govern Use of Alternative Measures?

If it is considered to be impracticable for any reason to clear firebreaks as required by the firebreak notice, you may apply to Council no later than 8 November for permission to provide firebreaks in alternative positions of the land or of a different nature. A copy of a document titled *Fire Management Guidelines for Private Land retained for Conservation Purposes* will assist in this regard and is available along with the relevant application forms from Council. If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this notice. If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

Dates You Must Remember

Burning Permits required

2 November each year to 14 December each year (inclusive).

1 March each year to 12 April each year (inclusive).

BUSH FIRES ACT 1954

Shire of Perenjori

FIREBREAKS ORDER

Notice to All Owners and or Occupiers of Land in the Shire of Perenjori

Pursuant to the powers contained in section 33 of the above Act, you are hereby required on or before 15 October 1996, so far as rural land is concerned, to remove from the land owned or occupied by you, all inflammable material or to clear firebreaks in accordance with the following, and thereafter, maintain the land or the firebreaks clear of all inflammable material up to and including the 31st day of March 1997.

1. Rural Land (i.e. land other than that in a townsite)

You shall clear of all inflammable materials a firebreak not less than 3 metres (9.84 feet) wide in the following positions—

- 1.1 Immediately inside all external boundaries of land. With the permission of the Council or its duly authorised Officer, these breaks need not follow the perimeter of a paddock but will be acceptable following land contours in an endeavour to reduce water erosion.
- 1.2 In such positions as is necessary, to divide land in excess of 300 hectares (741 acres) into areas exceeding that size, each completely surrounded by a firebreak and;
- 1.3 Immediately surrounding all buildings, haystacks and fuel ramps situated on the land; and
- 1.4 Immediately surrounding any part of the land used for pasture or crops; and
- 1.5 Immediately surrounding any drums or drums situated on the land which are normally used for the storage of fuel, whether they contain fuel or not.

2. Townsite Land (i.e. land in any townsite)

- 2.1 Where the area of the land is 0.2 hectares (on half of one acre) or less, you shall clear all inflammable material on the land from the whole of the land.
- 2.2 Where the area of the land exceeds 0.2 hectares (on half of one acre) or less, you shall clear all inflammable material, firebreaks not less than 3 metres (9.84 feet) wide immediately inside all external boundaries of the land, and also immediately surrounding all buildings, haystacks and fuel ramps situated on the land, and also immediately surrounding any drums or drums situated on the land which are normally used for the storage of fuel, whether they contain fuel or not.

If it is considered impracticable for any reason to clear firebreaks or clear flammable material as required by this notice, you may apply to the Council or its duly authorised Officer, no later than 1 October 1996 so far as rural land is concerned and not later than 15 October 1996 so far as townsite land is concerned, for permission to provide firebreaks in an alternative position on the land.

If permission is not granted by the Council or its authorised Officer, you shall comply with the requirements of this notice.

The penalty for failing to comply with this notice is a fine of not less than \$40.00, nor more than \$400.00, and a person in default is liable whether prosecuted or not to pay the cost of performing work directed on this notice if it is not carried out by the Owner or Occupier by the date required on this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

By Order of the Council,

P. G. ANDERSON, Chief Executive Officer.

Shire of Chapman Valley

Town Planning Scheme No. 1—Amendment No. 9

Ref: 853/3/17/1, Pt 9

It is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act 1928 that the Hon Minister for Planning approved the Shire of Chapman Valley Town Planning Scheme Amendment on 8 September 1996 for the purpose of—

- i. Rezoning portion of Victoria Location 2948 White Peak Road, White Peak from 'General Farming', 'Recreation' and 'Place of Heritage Value' to 'Special Rural';
- ii Modifying the existing Appendix 6 of the Scheme to include the following:

AREA 6—PT VICTORIA LOCATION 2948 WHITE PEAK ROAD

1. The minimum recommended Lot size shall be 3.5 hectares, with an average recommended Lot size of 4 hectares.
2. Subdivision of the lots shall generally be in accord with a Subdivision Guide Plan approved by Council.
3. As this zone comprises of an area with high landscape value;
 - a. Council shall not approve development above the 80 metre contour line.
 - b. All buildings on any one lot shall be erected within a specified distance (as determined by Council) of the outer walls of the dwelling, unless Council is satisfied that it would be undesirable that buildings be clustered in which case it may allow buildings to be separated by such distances as determined by Council.
 - c. No building shall be constructed in such a manner or of such materials that it would, in the opinion of Council, impact adversely on the visual and/or local amenity.
4. Within this locality the keeping of stock is permitted with the following restrictions:
 - a. Only one stock option (as described in (b) below) or a combination equivalent of one option is permitted.
 - b. Maximum stocking rates are:
 - 5 dry sheep / 1 hectare
 - 1 horse / 2 hectare
 - 1.6 pony / 2 hectares
 - 1 milking cow / 2 hectares
 - 1.6 heifer / 2 hectares
 - 5 goats / 1 hectare.
 - c. Where the keeping of animals results in problems due to land degradation, nutrient enrichment/leaching, animal welfare or public nuisance, Council may require restrictions of stocking rates to the above rate as described in part (b).
5. No remnant native vegetation or tree shall be destroyed or removed except where the landowner obtains the prior consent in writing of Council, and where such vegetation is dead or diseased, or where the clearing is required for the purpose of a firebreak, development within a building envelope and access to the envelope, for an outbuilding or fence or for development of a water source.
6. All trees and remnant vegetation shall be protected from grazing by stock, and Council may require fencing to ensure protection is maintained.
7. Prior to the commencement of any development on any lot, Council will require the preparation of a tree planting and maintenance program with the intention of screening building structures and rehabilitating and revegetating the land without restricting approved activities/operations.
8. No development or landuse activity shall impede in any way the natural flow along any water course.
9. Conventional septic shall be located at least 100 metres from any watercourse or wetland with a minimum of 2 metres vertical separation between the base of the leach drain or soakwell and the highest known groundwater level or bedrock.
10. As scheme water supply is unavailable, prospective purchasers shall be advised that a minimum 92,000 litre rainwater storage facility for each residence will be required, or alternatively evidence satisfactory to Council that an adequate, on-site, potable water source exists.
11. All stormwater from structures or hard surfaces will need to be retained on-site.
12. At the time of subdivision the preparation of a fire protection plan will need to be established in consultation with and to the satisfaction of Council and the Bush Fires Board.
