**USE/PURPOSE:** It is intended that interests will be granted under the Land Act to a yet to be identified party to proceed with development of the area shaded green on LAWA Plan 1232 to accommodate residential, commercial, tourism and community uses. Initially the interests will be granted in the form of special leases under section 117 of the Land Act 1933 with the right for the lessee to apply to the Minister for Lands for the conversion of the land to freehold title (in total or in stages) as development proceeds. The State may enter into an agreement supported by special legislation with the

successful developer. Some of the land may be proclaimed under the Marine and Harbours Act 1981 and vested in the Minister for Transport, and interests granted under the provisions of that Act.

The area hachured on LAWA 1232 will be proclaimed under the Marine and Harbours Act 1981 and vested in the Minister for Transport. The development of a boat harbour within this area has proceeded on the basis of a notice of entry dated 16 October 1995 and issued under section 112A of the Land Acquisition and Public Works Act and a subsequent notice of intention under section 17(2) of that Act dated 17 January 1996. It is now intended to enter leasing arrangements under the powers of the Marine and Harbours Act 1981 over portions of the reclaimed areas for harbour, marine, commercial and tourism purposes. The terms of leases will vary depending on the intended uses of the land. Specific areas may be excised from the proclamation under the Marine and Harbours Act 1981 to enable leasing under the Land Act 1933 (with the right to apply for freehold title) or the grant of tenure allowed by any special legislation that may eventuate.

**NATURE OF ACT:** The compulsory taking of the land to grant under the Land Act 1933 and, where applicable, the Marine and Harbours Act 1981 for the purposes and resulting development specified in USE/PURPOSE (and ancillary purposes). The taking of the land will be subject to the requirements stipulated under "COMMENCEMENT OF ACT".

**COMMENCEMENT OF ACT:** The taking of the land is subject to the procedural requirements of Part 2, Division 3, Subdivision B of the Native Title Act 1993 and section 17(2) of the Land Acquisition and Public Works Act. The taking of the land will proceed if:

- (a) the taking of the land may validly proceed under the Native Title Act; and
- (b) the Minister for Works decides to proceed with the taking upon completion of the procedures provided by section 17(2) of the Land Acquisition and Public Works Act.

**Native title parties—**Any person who is a native title party in relation to the taking of the land or who becomes a native title party within two months of when notice of intention to take the land is given, is entitled to the negotiation and procedural rights provided in Part 2, Division 3, Subdivision B of the Native Title Act 1993.

The two months within which persons must become a native title party will close on 28 May 1997.

The expression "native title party" is defined in sections 29, 30 and 253 of the Native Title Act. Enquiries regarding becoming a native title party should be directed to the National Native Title Tribunal, 1 Victoria Avenue, Perth, or GPO Box 9973, Perth WA 6001, telephone (09) 268 7272.

**Other interest holders—**Persons having or claiming other interests in any of the land may under section 17(2) of the Land Acquisition and Public Works Act 1902, lodge an objection in writing to the proposed taking with the Department of Land Administration, PO Box 2222, Midland, no later than 28 May 1997. Objections must be in the Form of Objection, copies of which are available from the Department of Land Administration, telephone (09) 273 7089 or 273 7293,

**TIME DURING WHICH THE ACT WILL CONTINUE TO BE DONE:** Following the taking of the land, leases under the Land Act 1933 and Marine and Harbours Act 1981 will be granted for terms up to 99 years. A lessee of land under the Land Act 1933 may apply to the Minister for Lands for the conversion of the subject land to freehold (fee simple) title.

**KIND OF DISTURBANCE TO LAND:** Disturbance to the land may thereafter be caused by the use of and/or construction on the land consistent with the uses and purposes as stated under USE/PURPOSE.

Enquiries relating to the proposed taking of the land may be directed to the Department of Land Administration, Midland Square, (PO Box 2222), Midland 6056 (telephone (09) 273 7089 or (09) 273 7217 Facsimile (09) 273 7414), LandCorp (Mr John Ellis Telephone (09) 400 7499 Facsimile (09) 300 1489), Department of Transport (Mr Cleve Flotmann Telephone (09) 239 2163 Facsimile (09) 239 2281), Gascoyne Development Commission (Mr Kieran Kinsella Telephone 099 411803 Facsimile 099 412576)

(B)  
Special Provisions Relating to (A)

8. No dwelling or buildings shall be constructed within 15 m of a lot boundary unless the Council approves a lesser distance; that is, if Council is of the opinion that (i) the topography or shape of the lot, or the natural flora upon it makes it desirable to alter this provision, and (ii) that the location of the building will not detract from the environmental quality of area or from the amenity of existing or future residences on adjoining lots.

9. Council shall require that firebreaks are to be in accordance with the Murray Shire Council's Firebreak Order. Strategic firebreaks shall be provided in accordance with the requirements of the Bush Fires Board.

10. Access shall be permitted to domestic water supplies for emergency fire fighting purposes, to the satisfaction of the Bush Fires Board.

In considering any applications for breeding or keeping of stock, Council will be guided by advice from the Department of Agriculture. Notwithstanding the above, in cases where stocking approval has been given but where environmental problems develop, Council, after consultation with the Department of Agriculture, may take appropriate action to ban or reduce the stocking of animals. Individual landowners shall be responsible for organising and meeting all costs associated with obtaining advice from the Department of Agriculture where the keeping of any stock is proposed.

12. Council may impose limits on the keeping of livestock temporarily, seasonally or permanently.

13. Effluent disposal systems for all lots shall comply with the requirements specified on the subdivision guide plan.

Alternative waste water treatment and effluent disposal systems shall be installed to the satisfaction of the Council, in consultation with the Health Department of Western Australia.

In cases where both Alternative Treatment units and Conventional septic systems are specified, conventional systems may be used where the following criteria are satisfied:

- ii) a minimum vertical separation of not less than 2 metres (measured from the underside of the leach drain) is obtained between the onsite sewage disposal system and the highest recorded level of the water table.

It shall be the responsibility of the owner to provide Council with sufficient technical and engineering evidence to demonstrate that these criteria have been met. Where this is not achieved, Alternative Treatment units shall be installed.

14. To assist in reducing nutrient discharge, minimising land erosion potential and to improve visual amenity, the subdivider shall be required to implement a landscape planting programme to the satisfaction of the Shire of Murray in consultation with the Department of Agriculture.

15. Stormwater shall be contained on site to the satisfaction of the Council.

16. Reticulated water is not available to the lots. Accordingly, each dwelling shall be provided with a supply of potable water from a roof catchment of not less than 120m<sup>2</sup> in project plan area, connected to a storage tank with a minimum capacity of 92,000 litres.
