FIRE AND RESCUE

FB301*

Bush Fires Act 1954

Bush Fires (Section 25B) Notice 1999

Made under section 25B of the Act by the Minister for Emergency Services on the recommendation of the Authority.

1. Citation

This notice may be cited as the *Bush Fires (Section 25B) Notice 1999*.

2. Suspension for 5 years of provisions of section 25 relating to fires lit for destroying garden refuse or rubbish during restricted or prohibited burning times

- (1) The operation of the provisions of section 25 of the Act that relate to a fire to be lit, or which is lit, for the purpose of destroying garden refuse or rubbish or for any like purpose is suspended.
- (2) The suspension has effect for the period of 5 years from the day on which this notice is published in the *Gazette*.

3. Land to which the suspension applies

This notice applies in respect of all land in the State.

4. Conditions applying during the suspension — Schedule 1

During the period of the suspension, the conditions specified in Schedule 1 apply to a fire which is to be lit, or which is lit, in the open air for the purpose of destroying garden refuse or rubbish or for any like purpose during the restricted burning times and the prohibited burning times for the zone of the State where it is proposed to light or use the fire, unless otherwise specified in the conditions.

5. Repeals

The following Notices are repealed —

- (a) “*Burning of Garden Refuse or Rubbish on the Ground*”, published in the *Gazette* of 14 October 1983, at page 4171; and

- (b) “*Burning of Garden Refuse or Rubbish on the Ground*”, published in the *Gazette* of 2 November 1984, at page 3532.

Schedule 1 — Conditions

[cl. 4]

1. Fires in incinerators or on the ground

A fire is to be either —

- (a) in an incinerator in accordance with condition 2; or
- (b) on the ground in accordance with condition 3.

2. Fires in incinerators

Where a fire is in an incinerator —

- (a) the incinerator is to be a properly constructed incinerator designed to prevent the escape of sparks or burning material;
- (b) the area within a 2 m radius around the incinerator is to be clear of all inflammable material; and
- (c) the incinerator is to be —
 - (i) at least 2 m away from any building or fence; or
 - (ii) such closer distance to a building or fence as is permitted in writing by the local government of the district in which the incinerator is situated.

3. Fires on the ground

- (1) A fire is not to be lit on the ground on a day or during a period of a day for which the fire danger forecast by the Bureau of Meteorology in Perth in respect of the locality where it is desired to light or use the fire is “extreme” or “very high”.
- (2) Where a fire is on the ground —
 - (a) if the fire is in a district, or part of a district, of a local government specified in the Table to this condition, an area within a 2 m radius around the fire is to be clear of all inflammable material; or
 - (b) otherwise, an area within a 5 m radius around the fire is to be clear of all inflammable material.
- (3) Except as specified in subcondition (4), a fire on the ground is to be lit only between 6 p.m. and 11 p.m. and is to be completely extinguished by midnight of the day on which it was lit.
- (4) Subcondition (3) applies in respect of a district, or a part of a district, of a local government specified in the Table to this condition only during the prohibited burning times for the zone of the State where the district, or part of the district, is located.

LG502***BUSH FIRES ACT 1954***Shire of Derby/West Kimberley***FIRE BREAK NOTICE**

Pursuant to the powers contained in Section 33 of the Bush Fires Act 1954, all owners or occupiers of land within the Shire of Derby/West Kimberley are hereby required, on or before 30th June 1999 and thereafter up to and including 31st December 1999 to have fire breaks or fire control measures installed in accordance with the following—

1. **Rural lands** being all land outside townsites and not being land held under pastoral lease, fire breaks are required to be:
 - (a) A bare mineral earth fire break not less than four metres wide of a trafficable condition inside, along and within three metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres.
or;
 - (b) A low fuel break of not less than four metres wide of a trafficable condition with vegetation not exceeding seventy five millimetres in height inside, along and within three metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres.
and;
 - (c) A bare mineral earth fire break of not less than four metres wide of a trafficable condition and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings, free of all overhanging vegetation to a height of four metres.
or;
 - (d) A low fuel break of not less than ten metres wide with vegetation not exceeding seventy five millimetres in height completely surrounding and within three meters of the perimeter of all buildings and/or haystacks or groups of buildings.

For the purposes of this requirement live standing trees and non-flammable, maintained lawns and gardens are deemed to comply.

2. **Pastoral lands** being all land outside townsites held under pastoral lease, low fuel breaks are required to be not less than twenty five metres wide, totally surrounding and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings.
3. **Townsite Lands—**
 - 1(a) **Where the area of the land is 2023 square metres or less**, all inflammable material from the whole of the land is required to be removed, with any stubble left not exceeding seventy five millimetres in height.
 - 1(b) **Where the area of the land is greater than 2023 square metres** a bare mineral earth fire break of not less than three metres in width of a trafficable condition, inside, along and within two metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres,
or;
 - 1(c) A low fuel break of not less than three metres wide of a trafficable condition with vegetation not exceeding seventy five millimetres in height inside, along and within three metres of the external boundaries of the land, free of all overhanging vegetation to a height of four metres.
and;
 - 2(a) A bare mineral earth fire break of not less than three metres wide of a trafficable condition and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings, free of all overhanging vegetation to a height of four metres.
or;
 - 2(b) A low fuel break of not less than ten metres wide with vegetation not exceeding seventy five millimetres in height completely surrounding and within three metres of the perimeter of all buildings and/or haystacks or groups of buildings.
For the purposes of this requirement live standing trees and non-flammable, maintained lawns and gardens are deemed to comply.
or;
 - 2(c) All inflammable material from the whole of the land is required to be removed, with any stubble left not exceeding seventy five millimetres in height.
4. **Rubbish Sites** being all rubbish sites for pastoral stations, townsite and community use. Fire breaks are required to be of bare mineral earth in a trafficable condition not less than four metres wide and within five metres of the perimeter of the rubbish sites.
5. **Fuel dumps and depots—**remove all inflammable material where fuel drum ramps or dumps are located, and where fuel drums, whether containing fuel or not are stored to a distance of at least ten metres outside the perimeter of any drum, ramp or stack of drums.
6. The acts referred to in sections 1 to 5 hereof must be performed to the satisfaction of the duly authorised officer of the Shire of Derby/West Kimberley.
7. **If it is considered impracticable for any reason to clear firebreaks or to remove inflammable material from the land as required by this notice, you may apply to this Council or it's duly authorised officer no later than 30th May 1999 for permission to provide fire breaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not given in writing you must comply with this notice.**
8. The penalty for failing to comply with this notice is a fine of up to \$1000.00 or a prescribed modified penalty of \$80.00 on service of an infringement notice, and an owner or occupier is also liable, whether prosecuted or not, to pay the cost to Council of its employees or contractors performing the work.

Councils authorised officer has legal right of entry to any property with any machinery or personnel deemed necessary in order to complete the work, under section 33(4)(b) of the Bush Fires Act 1954.

Dated this 25th day of November 1998.

New Publication - Now Available!

The Western Australian Parliamentary Handbook 1998

This volume has been available through 19 editions for over three-quarters of a century and the effective reworking of its contents and presentation which was achieved in the centenary edition has now been greatly enhanced by the addition of a number of "user friendly" aspects. Use of colour coding and the addition of a comprehensive index make the information much more accessible than in the past.

Clear and logical presentation of information which covers not only biographical details of current Members and Officers of Parliament, but also a comprehensive historical record presented chronologically of Members of the Legislative Assembly from 1832 until the present day helps us all.

In addition to that general information, there are a number of small but extremely useful sections which deal with questions often asked about the Parliament, such as the youngest and oldest members ever to occupy various offices, statistics relating to women members of the Western Australian Parliament, slightly quirky information related to Members of Parliament who have been close relations, as well as concise and valuable information relating to changes of total membership and new membership following general elections and information on referendums

This volume is recommended as an invaluable reference tool for schools, researchers, private business organisations, government departments and authorities and local community libraries.
