BUSH FIRES ACT 1954

Shire of Chittering

NOTICE TO ALL OWNERS AND OCCUPIERS OF LAND

Pursuant to the powers contained in Section 33 of the above Act you are hereby required, on or before 31 October, 1999 to establish firebreaks clear of all flammable material and thereafter maintain such firebreaks clear of all flammable materials up to and including 12 April, 2000 as follows—

1. Hazard Reduction—

Landowners are advised that inspections of properties shall be carried out prior to 15 October each year and Orders for Hazard Reduction will be served by 1 November each year requiring that the necessary work be undertaken prior to 15 November.

Failure to comply with Hazard Reduction Orders will result in the work being undertaken by Council or the local Bush Fire Brigade at the landowners expense.

Hazard reduction may be effected by stocking, clearing, slashing, burning or firebreaks to the Fire Control Officers satisfaction.

2. Rural—

(a) Zone 4—Wannamal not less than a three (3) metre wide firebreak and Zone 6—South not less than a three (3) metre firebreak around all buildings, haystacks and fuel storage areas situated on the land not more than 20 metres from the perimeter of these areas and around the entire property boundary or strategically positioned on the property according to a plan agreed to by the Fire Control Officer for the area and recorded by the Shire of Chittering.

If the local Fire Control Officer does not approve the proposed alternative firebreak plan the landowner may appeal to the Chief Fire Control Officer. If agreement is not reached the firebreak must be installed around the perimeter as above.

(b) Where the construction of firebreaks may cause hardship or be impractical the landowner may appeal to a Fire Control Officer for the area for a variation subject to any approved variation being recorded by the Shire of Chittering.

(c) Unless approval is granted for alternative locations as items (a) or (b) three (3) metre firebreaks shall be positioned so as to divide the land into areas not in excess of 120 hectares each completely surrounded by a firebreak.

3. Special Rural/Rural Living Subdivisions

Landowners or Occupiers Shall—

- (a) Clear firebreaks not less than three (3) metres wide completely surrounding and not more than twenty (20) metres from the perimeter of all buildings, haystacks and fuel storage areas situated on the land.
- (b) Install access (three (3) metre wide gate) on fences meeting the perimeter fence of the subdivision (where there is not a bridle trail on the perimeter) to allow access for firebreak maintenance machinery on each such lot joining the subdivision perimeter.
- (c) Landowners/Occupiers not wishing to conform to Section (b) will clear firebreaks not less than three (3) metres wide immediately inside all external boundaries of their land, as well as precautions detailed in Section (a).

4. Bindoon & Wannamal Townsites—

(a) For lots greater in area than 4 acres (1.6192 ha) the landowner or occupier shall clear firebreaks—

- (i) not less than three (3) metres wide immediately inside and along those portions of the boundaries of all cleared or part cleared land having common boundaries with land of other owners or with public roads.
- (ii) not less than three (3) metres wide immediately surrounding all buildings and haystacks and fuel storage areas situated on the land.

(b) All other lots shall have firebreaks around the perimeter of all buildings cleared of all flammable material to a width not less than three (3) metres and in the case of vacant land the firebreak shall be on the perimeter of the property.

5. Muchea Townsite—

All lots shall have firebreaks around the perimeter of all buildings cleared of all flammable material to a width not less than three (3) metres.

Landowners are also required to comply with the Fire Management Plan for the Muchea Townsite.

6. Variations to Firebreaks—

If it is considered impracticable for any reason to clear firebreaks as required by this notice, you may apply direct to the Bush Fire Control Officer for the area in which the land is situated not later than 15 October, 1999 for permission to provide firebreaks in alternative positions.

Such an application should be submitted in writing. A sketch indicating the proposed alternative positions of firebreaks should be attached to the application.

When considering the application, the Fire Control Officer will take into account—

- The safety of residents, neighbours and firefighters in the event of a fire on the property, including the extent to which the firebreak permits access to and around the property by firefighters and their vehicles.
- The safety of buildings and other property values.
- The likelihood of a fire entering or leaving the property.
- Natural or man-made obstacles/values on the property, eg. wetlands, rock outcrops, remnant natural vegetation, steep slopes, buildings, watertanks, etc.

Examples of variations which are likely to be approved—

- Maintained lawns and garden which are unlikely to carry a fire.
- Firebreaks which isolate wetlands or areas of remnant vegetation.
- Firebreaks designed to avoid steep slopes.

Examples of firebreaks which are not likely to be approved—

- Firebreaks which are not accessible and trafficable by firefighting vehicles.
- Firebreaks on verges or adjoining properties.
- Firebreaks which come to a dead-end.

When permission has been obtained from the Fire Control Officer to provide firebreaks in alternative positions it is your responsibility to advise the Council in writing that such approval was given.

If permission is not granted by the FCO to vary the requirements, you shall comply with this notice.

The penalty for failing to comply with this notice is a fine of not less than \$80.00 nor more than \$1,000.00 and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

7. PROHIBITED PERIOD FOR ENSUING SEASON**Whole Shire (Zone 4 and 6)—**

Burning is prohibited in this area from 1 December, 1999 to 28 February 2000.

Burning is allowed with a permit between 19 October, 1999 and the commencement date of the Prohibited Burning Time (1 December) and after the end of the Prohibited Burning Time 1 March, 2000 to 1 May, 2000 subject to specified conditions obtainable at Shire Offices and issue of a burning permit obtainable from Fire Control Officers.

Restricted Periods—

19 October, 1999 to 30 November, 1999

1 March, 2000 to 1 May, 2000

Prohibited Period—

1 December, 1999 to 28 February, 2000

Burning is not permitted on Sundays during the prohibited and restricted burning period for all zones.

Burning on public holidays during the prohibited and restricted period, with the exception of Good Friday, Easter Saturday and Easter Sunday, may be allowed subject to a permit being granted.

8. Harvesting on Sundays & Public Holidays—

Council will permit grain harvesting from 1 November 1999 to 28 February 2000 on Sundays and Public Holidays, excepting Christmas Day, on the following conditions—

- (a) the local Fire Control Officer is advised that harvesting will be in progress.
- (b) two (2) adult, able-bodied persons are present during harvesting operations, only one of who may be harvesting.

- (c) fire fighting equipment must be on hand at all times.
 (d) harvesting will not be permitted on days where Council has declared and broadcast a harvest ban.

LG502***BUSH FIRES ACT 1954**

(Section 33)

Shire of Sandstone

Notice to all owners and occupiers of land within the Shire of Sandstone.

1. FIREBREAKS

Pursuant to the powers contained in Section 33 of the Bush Fires Act 1954, you are hereby required on or before the 1st November 1999 or within fourteen days of you becoming owner or occupier of land should this be after the 1st day of November 1999 to clear firebreaks and remove flammable material from the land owned or occupied by you as specified hereunder and to have the specified land and firebreaks clear of all flammable material from the 1st day of November 1999 up to and including the 31st day of March 2000.

2. LAND OUTSIDE OF TOWNSITES

Firebreaks at least three metres in width completely surrounding and not more than twenty metres from the perimeter of any building or group of buildings. All flammable material must be removed from an area two metres in width immediately surrounding the buildings.

3. TOWN SITES

All land in the townsite shall have firebreaks at least three metres in width cleared of all flammable material immediately inside and along all external boundaries of the land and where there are buildings on the land additional firebreaks three metres in width shall be cleared immediately surrounding each building.

4. FUEL DUMPS (FUEL DEPOTS)

On all land where fuel drum ramps are located and where fuel dumps, whether containing fuel or not are stored, clear and maintain a firebreak at least four metres wide around any drum, ramp or stack of drums.

5. GENERAL PROVISIONS

If for any reason it is considered by the owner or occupier of land, that it is impractical to comply with the requirements of this notice a request may be made to the Council not later than 15th October 1999.

Where approval of a proposed variation is not granted by Council you shall comply with the requirements of this notice.

The penalty for non-compliance with this notice is a maximum of \$1,000 and notwithstanding prosecution, Council may direct its Bush Fire Control Officer to enter on the land and carry out the requisite works at the owner/occupiers expense.

Council will assist owners/occupiers of town sites by carrying out a bulk rubbish collection where rubbish is placed on the verge on or before the 6th November 1999.

Where town site owners/occupiers are themselves unable to provide firebreaks along the external boundaries of the land, at the request of the owner/occupier, Council workers will carry out the work at a cost of \$25 per boundary, excluding the verge.

By Order of the Council,

M. N. DAVIES, Chief Executive Officer.

If the requirements of this notice are carried out by burning, such burning shall comply with the relevant provisions of the Bush Fires Act. "Flammable material" does not include green growing trees, or growing bushes and plants in gardens or lawns.
