PUBLISHING DETAILS

The Western Australian *Government Gazette* is published by State Law Publisher for the State of Western Australia on Tuesday and Friday of each week unless disrupted by Public Holidays or unforeseen circumstances (changes to this arrangement will be advertised beforehand on the inside cover).

Special *Government Gazettes* containing notices of an urgent or particular nature are published periodically.

The following guidelines should be followed to ensure publication in the *Government Gazette*.

- Material submitted to the Executive Council prior to gazettal will require a copy of the signed Executive Council Minute Paper and in some cases the Parliamentary Counsel's Certificate.
- Copy should be received by the Manager (Sales and Editorial), State Law Publisher no later than 12 noon on Wednesday (Friday edition) or 12 noon on Friday (Tuesday edition).

Postal address:
State Law Publisher
P.O. Box 8448,
Perth Business Centre 6849

Delivery address:
State Law Publisher
Ground Floor,
10 William St. Perth, 6000
Telephone: 9321 7688 Fax: 9321 7536

- Lengthy or complicated notices should be forwarded early to allow for preparation. Failure to observe this request could result in the notice being held over.

If it is necessary through isolation or urgency to fax copy, confirmation is not required by post. *If original copy is forwarded later and published, the cost will be borne by the advertiser.*

ADVERTISING RATES AND PAYMENTS

EFFECTIVE FROM 1 JULY 1999.

Deceased Estate notices, (per estate)—\$17.80

Real Estate and Business Agents and Finance Brokers Licences, (per notice)—\$41.50

Other articles in Public Notices Section—\$41.50 (except items of an exceptionally large nature. In these instances arrangements will be made for pricing the notice at time of lodging).

All other Notices

Per Column Centimetre—\$8.20

Bulk Notices—\$154.00 per page

Clients who have an account will be invoiced for advertising charges.

Clients without an account will need to pay at time of lodging the notice.

PUBLISHING ALTERATIONS

Periodically the normal *Gazette* publishing times need to be altered to cater for disruption caused by public holidays.

- Easter and Christmas holidays cause disruption each year.
- Australia Day and Anzac Day cause disruption when they fall on a Tuesday or Friday.

In these instances, notices warning of the change are generally published on page 2 for approximately 4 weeks prior to the date.

Readers are urged to check *Gazettes* accordingly, prior to contacting State Law Publisher.

JOHN A. STRIJK, Government Printer.

RA301**RULES OF HARNESS RACING 1999**

NOTICE OF AMENDMENT

Notice is hereby given that at a meeting of the Committee of the Western Australian Trotting Association held at Gloucester Park, East Perth, on the 12th October 1999 it was resolved by an absolute majority of members of the Committee that the Rules of Harness Racing be amended as follows—

To re-include local rule 164 as amended below—

Changing Positions (Easing Out)

LR164

- (1) Notwithstanding Rule 163 (1) (b), a driver may make another horse cover more ground than necessary where—
 - (a) the driver does so on or after entering the front straight with one lap of the race to run; or
 - (b) the driver does so prior to entering the front straight with one lap of the race to run, and the other horse is not maintaining or improving its position,and provided that the driver does so only to the extent necessary to obtain an improved position for the driver's horse.
- (2) For the obviation of doubt, nothing in this local rule authorises any act which is contrary to any rule other than Rule 163 (1) (b).

G. PAPADOPOULOS, President.

LG501***BUSH FIRES ACT 1954***City of Cockburn*

FIRE CONTROL ORDER

1. In this Fire Control Order, unless the contrary intention appears—

- “Act” means the Bush Fires Act 1954;
- “Council” means the Council of the City of Cockburn;
- “District” means the district of the City of Cockburn pursuant to the provisions of the Local Government Act 1995;

- "Firebreak" means ground which is cleared to a "Mineral Earth" standard in which all flammable material (which includes vegetation and with all overhanging branches, trees, limbs etc to be trimmed back clear of the firebreak area) has been removed and on which no flammable material (which includes vegetation) is permitted during the firebreak period.
Firebreak must be the required width from the ground up in a vertical line with no restrictions.
 - "Firebreak Period" means the time between 30 November in any year until 14 March in the year following;
2. Subject to Part 3, all owners and/or occupiers of land within the District shall prior to the commencement of the Firebreak Period, or within fourteen (14) days of becoming the owner or occupier of land should this occur within the Firebreak Period, establish and thereafter maintain during the Firebreak Period Firebreaks of the following dimensions;
- (a) Land which is 2032sqm (approximately ½ acre) or less in area shall have the following options with regard to Firebreak provisions;
 - (i) construct a two (2) metre Firebreak as per (b) (I) and (iii) below;
 - (ii) remove all flammable material on the land except living sturdy trees to the satisfaction of Council's Authorised Fire Control Officers;
 - (iii) have a hazard reduction burn completed by 30 November in any year to the satisfaction of Council's Authorised Fire Control Officers;
 - (iv) clear all land by ploughing, cultivating, scarifying, burning, chemical spraying or other approved method which is to be completed to the satisfaction of Council's Authorised Fire Control Officers;
 - (b) All land which is greater than 2032sqm in areas shall have a firebreak three (3) metres wide;
 - (i) immediately inside all external boundaries of the land;
 - (ii) immediately surrounding all buildings (if any) situated on the land
 - (iii) immediately surrounding all fuel dumps and ramps (if any) on the land.
3. (a) If for any reason an owner or occupier considers it impractical to clear Firebreaks in accordance with Part 2 above, the owner or occupier may apply in writing to Council no later than 31 October in any year for approval to construct a Firebreak in an alternative position on his or her land. If Council, or its duly Authorised Fire Control Officers do not approve the application for an alternative Firebreak within seven (7) days then the owner or occupier shall comply with all the requirements of this Fire Control Order.
- (b) An approval to construct an alternative Firebreak shall only remain in force until a change of ownership of the land following the date of the grant of the approval. If having been granted approval, if the owner or occupier fails to comply with the variation order then the provisions of Part 2 of this Fire Control Order shall apply. Council reserves the right, at any time, to revoke, alter or add to the provisions of this variation order.
- (c) If Council has granted approval to construct a Firebreak in an alternative position and the owner or occupier has not constructed that Firebreak in accordance with Council's Authorised Fire Control Officers' approval, by 30 November of any year of the date of approval then the owner or occupier shall in all respects comply with this Fire Control Order as if the approval to construct a Firebreak in an alternative location had never been given.
4. Where an owner or occupier of land fails or neglects to comply with any requirements of this Fire Control Order within the time specified in this Fire Control Order, the Council may by its Authorised Fire Control Officers' with such employees and/or contractors, vehicles and machinery as the officer deems necessary enter upon the land and do all such things as necessary pursuant to this Fire Control Order and may revoke costs and expenses of doing so in the relevant court from the owner or occupier of the land pursuant to the Act, in addition to any penalty which might be imposed.
5. A person who fails to comply with any provision of this Fire Control Order commits an offence and shall upon conviction be liable to a penalty not exceeding \$1000.00.
6. The provisions outlined in this Fire Control Order in no way limit the ability of Council's Fire Control Officers from entering any property within the district to effect such fire control measures as deemed necessary by written order of Council's Authorised Fire Control Officers'.

R. W. BROWN, Chief Executive Officer.

BUSH FIRES ACT 1954

Shire of Koorda

ANNUAL FIREBREAK NOTICE

Notice to Owners and/or Occupiers of Land within the Shire of Koorda

Notice is hereby given that all owners and/or occupiers of land within the Shire of Koorda must plough, scarify or otherwise clear of all inflammable materials, firebreaks in the following positions, and to the following requirements on or before 31st October 1999 or within fourteen (14) days of the date of your becoming owner or occupier, should this be after the 31st October 1999, and until 15th April 2000.

Rural Land: On all land owned or occupied which is not within a townsite subdivision, firebreaks not less than three (3) metres wide must be cleared inside and along the external boundary of all land. Where any part of the property adjoins a railway line and three (3) metres wide inside and along all other boundaries. For the purpose of this part, all Road Reserves are to be taken as boundaries. The maximum area allowed with a single perimeter firebreak must not exceed 400 hectares.

Where buildings or hay stacks are situated on the property, additional firebreaks not less than three (3) metres in width must be provided within ten (10) metres of the perimeter of such buildings or hay stacks in such manner as to completely encircle the buildings or hay stacks.

Townsite Land: All lots within townsites are required to be completely cleared of all debris of any inflammable nature and maintained free of such material. If for any reason it is considered impracticable to comply with the provisions of the Order, a written application for a variation may be made to the Chief Executive Officer, to reach him not less than two weeks prior to the date by which the firebreak(s), are to be cleared.

No such application will be considered unless it bears the signature of the Fire Control Officer for the area in which the property is situated signifying that the Officer's agreement to the variation applied for. Failure to comply with this notice shall subject the offender to the penalties prescribed in the Bush Fires Act 1954 (as amended).

Restricted Burning Period: 15th September 1999-31st October 1999

Prohibited Burning Period: 1st November 1999-28th February 2000

Restricted Burning Period: 1st March, 2000-15th March, 2000.

G. J. McDONALD, Chief Executive Officer.

LG504

BUSH FIRES ACT 1954

Shire of Brookton

Firebreak Order 1999/00

Pursuant to the powers contained in Section 33 of the Bush Fires Act 1954, owners and occupiers of property within the Shire of Brookton are hereby required, on or before the 1st day of December, 1999, to plough, cultivate, scarify, chemically spray or otherwise clear and thereafter maintain free of all flammable material until the 15th day of April, 2000, firebreaks as stipulated in the following positions.

Schedule

ON LAND OUTSIDE OF THE TOWNSITE BOUNDARY

1.1 A firebreak, which is at least 5 metres wide, must be installed around and within 15 metres of the following—

- a building, a haystack, a fuel drum, a fuel depot or any groupings of buildings, haystacks, fuel drums or fuel depots.

BURNING OFF

1.2 All landholders are required to have an operational independent, mobile, water filled fire fighting unit, having a water capacity of not less than 450 litres, within 50 metres of a paddock in which any burning off activity is being conducted during the *restricted* and *prohibited* burning periods. The tank of the unit shall be kept full of water at all times during the burning off.

1.3 During the *open* burning season all landholders are required to have a 2 metre firebreak cleared of all flammable material around any area to be burnt, or a fire fighting unit within 50 metres of any paddock in which burning off activity is being conducted.

DURING HARVESTING

1.4 During any period when harvesting operations are being conducted there shall be provided in the same paddock or within 50 metres of that paddock an operational independent mobile water filled fire fighting unit, having a water capacity of not less than 450 litres. The tank of the unit shall be kept full of water at all times during the harvest operations. The responsibility to supply the unit being that of the landholder.

OPERATION OF PLANT AND MACHINERY

1.5 During the *prohibited* burning time all trucks, bulldozers and tractors shall not be operated on rural land unless fitted with a fire extinguisher.

A fire extinguisher means a device which comprises—

- (a) a container filled with at least 7.5 litres of water, and be capable of discharging that water under pressure and which is in a sound working condition, or
- (b) an approved operative chemical extinguisher.

1.6 During the prohibited burning time, all internal combustion motors being stationary and unattended shall not be operated unless clear of all flammable material immediately surrounding the said motor for a distance of not less than 5 metres.

LAND WITHIN THE BROOKTON TOWNSITE BOUNDARY

2.1 All land with an area of less than 1000m² with no buildings, must be completely clear of all flammable material from the whole of the land.

2.2 All land with an area of less than 1000m² with buildings or groupings of buildings must have an area cleared of flammable material no less than 2 metres wide, not more than 15 metres from such building or groups of buildings or the external boundary of the land—whichever is the nearer.

2.3 All land with an area of greater than 1000m² with no buildings must be completely surrounded by a firebreak of not less than 2 metres wide as near as possible to the boundary.

2.4 All land with an area of greater than 1000m² with buildings or groupings of buildings must have an area cleared of flammable material no less than 2 metres wide, not more than 15 metres from the building or groups of buildings or the external boundary of the land—whichever is nearer.

The firebreaks may be inspected shortly after the 14th day of November 1996, and the penalty for failing to comply with this notice is a fine of not more than \$1,000 or a penalty of \$40 may be incurred by the issue of an infringement notice, and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

If it is considered to be impracticable for any reason to comply with the provisions of this notice, application may be made not later than the 1st day of November, 1996, in writing to the Council or its authorised officer for permission to provide alternative fire protection measures. If permission is not granted the requirements of this notice must be complied with.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act 1954, which includes the necessity for permits to burn during the *restricted* and *prohibited* burning season.

Failure to comply with these requirements renders the offenders to the penalties prescribed in the Bush Fires Act 1954, as amended.

By Order of the Council.

IAN CURLEY, Chief Executive Officer.

LG503*

BUSH FIRES ACT 1954

Town of Victoria Park and Town of Vincent

FIREBREAK NOTICE

Notice to all owners and/or occupiers of land in the Town of Victoria Park and the Town of Vincent.

Pursuant to the powers contained in section 33 of the above Act, you are hereby required on or before the 30th day of November 1999, or within fourteen days of the date of you becoming the owner or occupier should this be after the 30th day of November 1999 and thereafter up to and including the 31st day of March 2000, to have a fire break, clear of flammable materials, at least 3 metres wide immediately inside all external boundaries of the land and also immediately surrounding all buildings situated on the land.

If it is considered to be impracticable for any reason to clear fire breaks as required by this notice, you may apply to the Council or its duly authorised officer no later than the 15th November 1999 for permission to provide fire breaks in alternative positions on the land. If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this notice.

The penalty for failing to comply with this notice is a fine of not more than \$1000 and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

The requirements of this notice should be carried out by means other than burning, i.e. mowing, rotary hoeing, ploughing, scarifying or cultivating.

In accordance with section 38 of the Bush Fires Act, the following officers have been appointed Bush Fire Control Officers—

Town of Victoria Park—

Marcus Theobald (Chief)
Alan Bancroft (Deputy)

George Ward
Russell Finlay

Town of Vincent—

Jim Maclean (Chief)
John McGee (Deputy)

By order of Town of Victoria Park

WADE EMMELUTH, Acting Chief Executive Officer.

By order of Town of Vincent

JOHN GIORGI, Chief Executive Officer.

LG505*

BUSH FIRES ACT 1954*Shire of Coolgardie*

Notice to all Owners and/or Occupiers of Land

Pursuant to the powers contained in Section 33 of the Bush Fires Act 1954, you are hereby required on or before the 31st day of October 1999 or within fourteen days of your becoming owner or occupier of land should this be after the 31st day of October 1999 to clear firebreaks and remove flammable materials from the land owned or occupied by you as specified hereunder and to have the specified land and firebreaks clear of all flammable materials from the 31st day of October 1999 up to the 30th day of April 2000.

1. Land Outside Townsites

1.1 All buildings on land which are outside townsites shall be surrounded by two firebreaks not less than two meters wide cleared of all flammable material, the inner firebreak to be not more than twenty meters from the perimeter of the building or group of buildings and the outer firebreak not less than 200 meters from the inner firebreak.

1.2 The removal of flammable material from the whole of the land between the firebreaks required in paragraph 1.1 above.

2. Land in Townsites

2.1 Where the area of land is 2000 square meters (approximately ½ acre) or less, all flammable material shall be removed from the whole of the land.

2.2 Where the area of land exceeds 2000 square meters, firebreaks at least three meters in width shall be cleared of all flammable material immediately inside and along the boundaries of land. Where there are buildings on the land additional firebreaks three meters in width shall be cleared immediately surrounding each building.

If it is considered for any reason to be impractical to clear firebreaks or remove flammable material as required by this notice, you may apply to the Council or its duly authorised Officer not later than the 12th day of November 1999 for permission to provide firebreaks in alternative positions or take alternative action to remove or abate fire hazards.

If permission is not granted by Council or its duly authorised Officer, you shall comply with the requirements of this notice.

"Flammable material" does not include green growing trees or green growing plants in gardens.

If the requirements of this notice are carried out by burning, such burning shall comply with the relevant provisions of the Bush Fire Act.

The penalty for failing to comply with this notice is a \$1000 and a person in default is also liable, whether prosecuted or not, to pay cost of performing the work directed in this notice, if it is not carried out by the owner or occupier by the date required by this notice.

The prohibited burning periods will be—

1. Within the gazetted Coolgardie Fire District from 1st August 1999 to 30th April 2000 inclusive.
2. Outside the Coolgardie Fire District from 1st August 1999 to 30th April 2000.

By Order of the Council.

H. J. FRASER, Chief Executive Officer.

PLANNING

PD401**TOWN PLANNING AND DEVELOPMENT ACT 1928**

ADVERTISEMENT OF APPROVED TOWN PLANNING SCHEME AMENDMENT

CITY OF ALBANY

TOWN PLANNING SCHEME No. 3—AMENDMENT No. 177

Ref: 853/5/4/5, Pt 177.

It is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act 1928 that the Hon Minister for Planning approved the City of Albany Town Planning Scheme Amendment on 20 October, 1999 for the purpose of—

- (i) Rezoning Lot 3, 4 and 5 of Plantagenet Location 439, Plantagenet Locations 618, 796, 940, 964 and portion of Plantagenet Locations 515 and 892. Willyung Road, Albany from the Rural zone to the Special Residential zone, Parks and Recreation reserve (non restricted), Landscape Protection zone and rezoning portions of Plantagenet Locations 515 and 892 to Special Use Zone for tourist oriented uses.
- (ii) Incorporating within Schedule 4 of the Scheme Text, "Special Residential zones, Provisions Relating to Specific Areas," the following Provisions—

AREA	LOCALITY	LOTS	LOCATIONS
11	Willyung Rd	3, 4 & 5	439, 618, 796, 892, 940, 964 and portions of 515 and 892.

1.0 PLAN OF SUBDIVISION

1.1 Subdivision of Special Residential Zone Area No. 11 shall be generally in accordance with the Subdivision Guide Plan endorsed by the Chief Executive Officer/Administrator.

1.2 The Council will not recommend lot sizes less than 4000m². Subdivision shall generally be in accord with the lot sizes and layout shown on the Subdivision Guide Plan. Any significant variation to the Subdivision Guide Plan will need to be justified in terms of land capability, visual impact, retention of views, vegetation retention, emergency access/egress and setbacks from King River and creeks. Consultation with and general support of surrounding landowners will be a prerequisite to consideration of any significant variation to the Subdivision Guide Plan.

2.0 OBJECTIVES OF THE ZONE

Within Special Residential Zone Area No. 11 the objectives are to—

- 2.1 Allow for a range of lot sizes based on land capability and landscape design considerations.
- 2.2 Provide for the protection of the King River, creeklines and associated floodplains.
- 2.3 Integrate development with the landscape, protect remnant vegetation and revegetate areas in order to minimise visual impact.
- 2.4 Allow for tourist activities within Special Use Zones and appropriate rural uses on lots in excess of one hectare.

3.0 LAND USE

3.1 Within Special Residential Zone Area No. 11 the following uses are permitted—

- Residential Dwelling House
- Home Occupation

3.2 The following uses may be permitted subject to the special approval of Council—

- Public Utility
- Cottage Industry
- Livestock, grazing and agistment
- Stables
- Other incidental or non defined activities considered appropriate by Council which are consistent with the objective of the zone.

4.0 KEEPING OF LIVESTOCK/ANIMALS

4.1 Intensive agricultural pursuits such as piggeries, feed lotting, poultry farms are not permitted. The keeping of livestock shall be restricted to fenced pastured areas of the lot. The owner shall be responsible for the maintenance of stock proof fencing to protect remnant vegetation and revegetation areas. Animal numbers shall not exceed the stocking rates recommended by Agriculture W.A. The keeping of animals shall not result in the removal or damage of vegetation and trees or result in soil degradation and dust nuisance. The keeping and rearing of stock shall not be permitted on lots of less than 1 hectare, except for domestic purposes and in such cases shall not exceed one horse or one cow or two sheep.

4.2 Where in the opinion of Council the continued presence of animals on any portion of land is likely to contribute, or is contributing to the dust nuisance or soil degradation, notice may be served on the owner of the land, requiring immediate removal of those animals specified in the notice.

4.3 Where notice has been served on a landowner in accordance with clause 4.2, the Council may also require the land to be rehabilitated to its satisfaction within three (3) months of serving the notice. In the event that such action is not undertaken, Council may carry out such works as are deemed necessary, with all costs being borne by the landowner.

5.0 FORESHORE MANAGEMENT PLAN

Council may request the Commission impose a condition at the time of subdivision to implement appropriate components of the foreshore management plan and fencing of foreshore reserves.

6.0 LOCATION OF BUILDINGS AND STRUCTURES

6.1 Buildings, tanks and structures shall be located within the building envelope areas designated on the Subdivision Guide Plan.

6.2 The building envelope takes into account a number of factors which include—

- exclusion from the 100 year flood plain;
- a minimum fifty metre setback from the King River and creekline.
- A fifty metre setback from the foreshore footpath/bridlepath.
- 20 metre setback from revegetation areas.
- 15 metre boundary setbacks with the exception of 30 metres for lots abutting Willyung Road.
- exclusion from areas subject to inundation during winter months.

6.3 Council may approve a lesser boundary setback if Council is of the opinion that (i) the topography or shape of the lot, or natural vegetation on it, makes it desirable to alter this provision and (ii) that the location of the building or structure will not detract from the environmental quality of the area or from the amenity of existing or future residences on adjoining lots. Council may require hydrological testing for footings and alternative wastewater effluent disposal systems

7.0 BUILDING DESIGN, MATERIALS & COLOUR

7.1 Dwellings and outbuildings shall be designed and constructed of materials which allow them to blend into the landscape of the site. Council shall refuse to approve walls and roofs constructed of reflective materials such as unpainted zincalume and off-white colours. Council will be supportive of walls and roofs with green, brown or red tonings in keeping with the amenity of the area.

7.2 Dwelling houses shall not exceed 7.5 metres in height which is measured vertically from the natural ground level unless otherwise approved by council.

7.3 No boundary fencing shall be constructed of fibre cement, metal sheeting or wooden picket. If boundary fencing is utilised, it shall be of rural construction such as post and strand to the satisfaction of Council.

7.4 Any water tanks shall be coloured an appropriate natural shade of brown or green or suitably screened with vegetation in keeping with the amenity of the area to the satisfaction of Council.

8.0 VEGETATION AND REVEGETATION

8.1 No clearing of vegetation shall occur except for—

- (a) clearing to comply with the requirements of the Bush Fires Act 1954 (as amended);
- (b) clearing may reasonably be required to construct an approved building and curtilage;
- (c) trees that are diseased or dangerous;
- (d) clearing to gain vehicular access to an approved dwelling or any other clearing which may be approved by the Council;
- (e) clearing required to establish a low fuel buffer.

8.2 Council may request the Commission to impose a condition at the time of subdivision for revegetation of areas shown on the Subdivision Guide Plan. Such revegetation shall be appropriately maintained for a minimum of three years and preference should be given to local species. Revegetation areas adjacent to the King River and over the western creekline to be revegetated and fenced in accordance with Agwest's guidelines, as outlined in Amendment No. 177.

8.3 Additional tree planting may be required as a condition of development approval.

9.0 WATER SUPPLY

In accordance with Western Australian Planning Commission policy, a reticulated supply should be provided to the proposed lots.

10.0 EFFLUENT DISPOSAL

10.1 On-site effluent disposal shall be the responsibility of the individual landowner.

10.2 The disposal of liquid and/or solid wastes shall be carried out with an effluent disposal system approved by Council and the Health Department of WA. Systems shall be designed and located to minimise nutrient export and/or release into any waterway or ground water.

Conventional effluent disposal areas for new dwellings shall be set back a minimum of 100 metres from the natural permanent watercourse and situated 2 metres above the highest known ground water level.

10.3 Council shall require the use of amended soil type effluent disposal systems, such as Ecomax/ATU Systems in the following situations—

- where a 100 metre setback from a creek line or water course cannot be achieved;
- where soil conditions are not conducive to the retention of nutrients; and
- in low lying areas.

Separation from waterways and ground water shall be determined by Council in accordance with the Health Department of WA and Department of Environmental Protection guidelines.

10.4 Variations to the design or location of effluent disposal areas will require a suitably qualified practitioner demonstrating that effluent disposal will not cause environmental or health impacts to the satisfaction of Council and the Department of Health.

10.5 No more than one effluent disposal system will be permitted on one lot.

11.0 BUSHFIRE MANAGEMENT CONTROL

11.1 Council may request the Commission to impose a condition at the time of subdivision for the construction of strategic firebreaks as shown on the Subdivision Guide Plan.

11.2 The strategic firebreaks shall be constructed to a standard suitable for all year access by heavy duty fire appliances and two wheel drive vehicles.

11.3 A "low fuel buffer" not less than 20 metres wide shall be provided and maintained around all residential buildings.

11.4 In cases where only part of the zone is developed, an interim firebreak system or strategic fire break system shall be prepared and put in place, to the satisfaction of Council and the Bush Fires Service of WA.

11.5 Council may request the Commission to impose a condition at the time of subdivision for a contribution towards the provision of fire fighting facilities.

11.6 Fire hydrants shall be provided at intervals of 200 metres along subdivisional water mains.

11.7 The subdivider shall make arrangements to the satisfaction of Council to ensure prospective purchasers are aware of the fire management guidelines of the Home Owners Bushfire Survival Manual and the Australian Standard 3959 "Construction of Buildings in Bushfire Prone Areas."

12.0 ROAD UPGRADING, ACCESS AND DESIGN AND STORMWATER MANAGEMENT

12.1 Council may request the Commission to impose a condition at the time of subdivision for a contribution to the upgrading of Willyung Road.

12.2 Roads and bridges within the 100 year floodplain shall be designed and constructed to minimise obstruction to floodwaters to Council's satisfaction.

12.3 All stormwater shall be disposed of in a manner that meets water sensitive guidelines and avoids the need for detention basins within the foreshores of the river or creeks to the satisfaction of Albany Waterways Management Authority and Council.

13.0 NOTIFICATION OF PROSPECTIVE OWNERS

13.1 Provision shall be made to Council's satisfaction to ensure prospective purchasers of land within Special Residential Zone Area No. 11 are given a copy of these Special Provisions prior to entering into an agreement to acquire any property.

13.2 Council may request the Commission impose a condition at the time of subdivision for the preparation and distribution to prospective purchasers of an information sheet which outlines the objectives of the river wildlife corridor, discourages the keeping of pets on lots adjacent to the corridor and promotes measures that should be taken to minimise the impacts pets have on native fauna (eg, night cat curfews, keeping dogs on leashes etc).

13.3 Application for Planning Scheme Consent shall require the submission of—

- (i) a completed "Application for Grant of Planning Scheme Consent" form;
- (ii) three copies of a Plan showing the precise location and size of all the buildings proposed and the parkland clearing and fire protection measures to be adopted;
- (iii) three scaled elevation plans showing the elevation of the buildings proposed and the materials and colour's to be used.

(iii) Incorporating within Schedule 3 of the Scheme Text, "Special Use Zones", the following provisions—

AREA	LAND PARTICULARS	PERMITTED USES	SPECIAL CONDITIONS
11	Portion Plantagenet Location 515	<ul style="list-style-type: none"> - Holiday Chalets (max 12). - Caretakers/Managers Dwelling. - Private Recreation. - Other incidental or non defined activities considered appropriate by Council which are consistent with the objective of the zone. 	SEE BELOW

Special Conditions

1.0 General

1.1 Prior to commencement of any further development of the site, the owner shall submit an overall concept plan to Council for endorsement.

1.2 All development shall be subject to the issue of Planning Consent.

1.3 Applications for Planning Consent shall be accompanied by complete details of colours, finishes, materials and detailed site improvement plans.

1.4 Chalet length of stay shall be limited to 3 months from any 12 month period.

1.5 All signage is subject to the prior approval of Council in accordance with Scheme requirements, relevant Local Law and Policy.

2.0 Building Design and Location

2.1 All buildings shall be designed and constructed of natural materials (ie, timber, rammed earth, brick) and use tonings in keeping with the semi rural amenity of the area. Council shall refuse to approve walls and rooves constructed of reflective materials (ie, unpainted zincalume and/or white or off white colours).

2.2 Buildings shall not exceed 7.5 metres in height which is measured vertically from the natural ground level unless otherwise determined by Council.

2.3 Chalet floor areas (including carport/storage) shall not exceed 140m².

2.4 Buildings shall be located where possible in cleared areas in order to minimise removal of significant trees. A minimum setback of 20 metres is required from revegetation areas.

2.5 All chalets shall be located outside the 1:100 year floodplain as defined on the subdivision guide plan.

3.0 Landscaping

3.1 No boundary fencing shall be constructed of fibre cement, metal sheeting or wooden picket. If boundary fencing is utilised, it shall be of rural construction such as post and strand to the satisfaction of Council.

3.2 Council shall require the preparation and implementation of a landscaping and tree/shrub planting plan as a condition of development approval.

4.0 Services

4.1 Access to Willyung Road shall be provided by way of a sealed road to Council's satisfaction.

4.2 Parking shall be provided in the ratio of two bays per chalet. Other parking, access and manoeuvring shall be to Council's satisfaction.

4.3 Stormwater drainage shall be disposed of in a manner that meets water sensitive guidelines and avoids the need for detention basins within the foreshores of the river or creeks to the satisfaction of Albany Waterways Management Authority and Council.

4.4 Potable water supply shall be provided to the satisfaction of Council and the Health Department of WA with all sampling, analysis and/or treatment costs being borne by the landowner.

4.5 Council shall require any water tanks to be suitably coloured and screened from view by tree/shrub planting.

5.0 Fire Safety

5.1 Low fuel buffer areas a minimum of 20 metres wide shall be provided and maintained around all buildings.

5.2 Areas to remain under pasture shall be maintained in a low fuel condition.

5.3 Council shall require the installation/provision of smoke detectors and fire blankets within chalets.

5.4 Council shall require, at the development stage, a contribution to the provision of the local fire service.

5.5 Fire water shall be available to both Council and the Bush Fire Service satisfaction.

5.6 Council shall require, at the development stage, the construction of strategic firebreaks generally as shown on the Subdivision Guide Plan for the area.

5.7 Strategic firebreaks shall be constructed and maintained to a standard suitable for all year access by heavy duty fire appliances and two wheel drive vehicles.

6.0 Effluent Disposal

6.1 Effluent Disposal shall be undertaken to the satisfaction of Council and the Health Department of WA with an approved or a combination of approved amended soil nutrient retentive systems, located to minimise the potential for nutrient export.

ADVERTISEMENT OF APPROVED TOWN PLANNING SCHEME AMENDMENT
CITY OF BUNBURY

TOWN PLANNING SCHEME No. 6—AMENDMENT No. 212

Ref: 853/6/2/9, Pt 212.

It is hereby notified for public information, in accordance with Section 7 of the Town Planning and Development Act 1928 that the Hon Minister for Planning approved the City of Bunbury Town Planning Scheme Amendment on 20 October, 1999 for the purpose of—

1. Amending Figure 1—Policies Map, of the Scheme Text by renaming Policy Area No. 26 to the Marlston Waterfront Precinct as shown on the attached plan;
2. Delete Policy Area No. 26 Bunbury Harbour City and replace with the following—

26. Marlston Waterfront Precinct

Whereas the area adjoins Koombana Bay and is currently underutilised, with the exception of limited recreational facilities, and the disused silo's building the following planning policy shall apply—

- (a) Development shall be generally in accordance with a Development Guide Plan approved by the City of Bunbury and Western Australian Planning Commission;
- (b) The predominant uses within this precinct shall be for commercial, tourist, residential, mixed use, and recreational purposes;
- (c) Casuarina Drive to be appropriately constructed to minimise noise generated by vehicles;
- (d) Subdivision and development in this policy area shall generally be in accordance with the Marlston Hill Structure Plan adopted by Resolution of Council on 23 September 1996, and approved as part of this amendment or any subsequent structure plan adopted by the Western Australian Planning Commission;
- (e) Preparation of Development Design Guidelines in consultation with the City of Bunbury, with a view to achieving high quality development and amenity within the Precinct;
- (f) Access to and circulation within the precinct shall be progressively improved in accordance with the overall Development Guide Plan;
- (g) Parking space shall be provided in locations and number to adequately serve the needs of the precinct;
- (h) The foreshore shall be protected from erosion and pollution with public access maintained for its length abutting Koombana Bay and Casuarina Harbour;
- (i) Development adjacent to public roads, parks, foreshores or other public spaces, shall be in accordance with "main street" principles;

3. Amending Appendix IV—First Schedule Point 85, by deleting “Special Uses—Bunbury Harbour City” and replacing with “Special Uses—Marlston Waterfront Precinct” as follows—
