Clients without an account will need to pay at time of lodging the notice.

PUBLISHING ALTERATIONS

Periodically the normal *Gazette* publishing times need to be altered to cater for disruption caused by public holidays.

- Easter and Christmas holidays cause disruption each year.
- Australia Day and Anzac Day cause disruption when they fall on a Tuesday or Friday.

In these instances, notices warning of the change are generally published on page 2 for approximately 4 weeks prior to the date.

Readers are urged to check *Gazettes* accordingly, prior to contacting State Law Publisher.

JOHN A. STRIJK, Government Printer.

CONSERVATION AND LAND MANAGEMENT

CM301*

Conservation and Land Management Act 1984

Public Firewood Areas Order (No. 2) 2000

Made by the Executive Director under regulation 98 of the *Forest Management Regulations 1993*.

1. Citation

This order may be cited as the *Public Firewood Areas Order (No. 2) 2000*.

2. Interpretation

- (1) References in this order to CALMAPS are to maps produced by the Department of Conservation and Land Management.
- (2) Copies of the maps are available for inspection by the public during normal office hours at the places referred to in clause 4.

3. Public firewood areas

- (1) The areas of State forest named in column 1 and described in column 3 of Schedule 1 are set aside for the purposes of the collection of firewood by members of the public.
- (2) The areas set aside under subclause (1) are delineated on the relevant CALMAPS referred to in column 2 of Schedule 1.
- (3) Regulation 100 of the *Forest Management Regulations 1993* applies to the areas described in Schedule 1.

4. Inspection of CALMAPS

A CALMAP referred to in Schedule 1 may be inspected at the following Department of Conservation and Land Management offices —

- (a) Dwellingup District Office, Banksiadale Road, Dwellingup;
- (b) Mundaring District Office, Weir Road, Mundaring;
- (c) Perth District Office, 5 Dundobar Road, Wanneroo;

- (d) State Operations Headquarters, 17 Dick Perry Avenue,
Kensington.

ENERGY

EG301*

Electricity Corporation Act 1994

Western Power Corporation (Gas Supply) Direction 2000

Made by the Governor in Executive Council under section 38A(1) of the Act.

1. Citation

This instrument may be cited as the *Western Power Corporation (Gas Supply) Direction 2000*.

2. Definitions

In this instrument —

“**gazettal day**” means the day on which this instrument is published in the *Gazette*;

“**specified area**” means those parts of the State that were the subject of trading licences granted under Part 2A of the *Energy Coordination Act 1994* on 1 July 2000 to the Gas Corporation established by the *Gas Corporation Act 1994*.

3. Direction

- (1) The corporation must not sell or supply gas within, or for delivery or consumption within, the specified area during the period of 3 years commencing on gazettal day.
- (2) Nothing in subclause (1) is to be taken to prevent the corporation —
 - (a) transporting gas for use by it in the performance of its functions under section 28(1) of the Act; or
 - (b) continuing to perform its obligations or exercise its rights under an agreement, in existence on gazettal day, relating to the sale or supply of gas.

By Command of the Governor,

M. C. WAUCHOPE, Clerk of the Executive Council.

SOIL AND LAND CONSERVATION ACT 1945

Section 25A(1)

PITHARA-DALWALLINU LAND CONSERVATION DISTRICT

SOIL CONSERVATION RATE NOTICE (2000/2001 to 2002/2003)

I, Monty House, being the Minister responsible for the administration of the *Soil and Land Conservation Act 1945*, give notice that the soil conservation rate described in the Schedule to this Notice be imposed in the Pithara-Dalwallinu Land Conservation District for each of the three years commencing 1 July 2000 and ending on 30 June 2003 subject to the rate receiving endorsement from affected landholders at the committee's annual meetings in 2001 and 2002.

The boundaries of the Pithara-Dalwallinu Land Conservation District are as specified in the Order establishing the district published in the *Government Gazette* on 4 October 1985 (pp. 3923-25).

SCHEDULE

Rate amount: Maximum of 0.0012 in the dollar of the unimproved value of land subject to the rate.

Land subject to the rate: All rural land within the Pithara-Dalwallinu Land Conservation District.

Collection of rate: The rate will be collected by the Shire of Dalwallinu and remitted to the Chief Executive Officer of Agriculture Western Australia for allocation to the Pithara-Dalwallinu Land Conservation District Committee in accordance with the terms of the Act,

MONTY HOUSE, Minister for Primary Industry; Fisheries.

LG501***BUSH FIRES ACT 1954***Shire of Nannup*

Fire Hazard Reduction Notice 2000/2001

IMPORTANT: Significant changes have been made to this notice.

PLEASE READ IT CAREFULLY

Notice to Owners and/or Occupiers of Land Within the Shire of Nannup

In this notice: “**Trafficable**” means an area of 3 metres minimum width constructed to allow unrestricted access to all maintenance and fire fighting vehicles and has all trees on both sides of firebreaks progressively pruned to a minimum height of 4 metres.

All owners and occupiers of land in the Shire of Nannup are required to carry out fire prevention work and to maintain access for fire fighting vehicles on the land owned or occupied in accordance with the provisions of this order.

This work must be completed by:

1st December, 2000, in Townsite,
15th December 2000, in rural areas.

This work must be maintained throughout the summer months until the close of the restricted burning period on 1 May 2001.

Properties, which do not comply with this Notice at the time of the inspection, will be immediately issued with a \$100 infringement notice. No further warnings will be issued.

1. ALTERNATIVE MEASURES

If it is considered impractical for any reason, to clear firebreaks or remove inflammable material, as required by this notice, you may apply to the Council by no later than the 1st November each year for permission to provide firebreaks in alternative positions or take alternative measures to abate the fire hazards on the land. Any such application must bear the signature of the Fire Control Officer for the area signifying agreement to this variation. If permission is not granted, you shall comply with the requirements of this Notice. Applications for alternative measures must be renewed each year.

2. MINIMUM STANDARDS

The requirements of this order are considered to be the minimum standard of fire prevention work required to protect, not only individual properties, but also the district generally. In addition to this order Council may issue special orders to owners/occupiers if hazard removal is considered necessary in some specific areas.

3. PENALTIES

Persons who fail to comply with the requirements of this notice may be issued with an infringement notice fine of \$100 or prosecuted with an increased maximum fine of \$1,000. Council may also carry out the required works at the owner/occupier's expense.

4. INSPECTIONS

Inspections of Firebreaks and hazard reductions around buildings will be carried out by an authorised officer on or after the specified work completion dates.

5. FIRE HAZARDS

Where in the opinion of an Authorised Officer or the Area Fire Control Officer the land contains an amount of inflammable material which is considered hazardous, the land owner shall clear such hazard upon service of a notice requiring such works to be carried out.

YOUR RESPONSIBILITY

1. Urban Land

1.1 Urban land means land within the Shire of Nannup, which is within the Townsite or is within any area, which is sub-divided for residential purposes.

1.2 Where the area of land is less than or equal to 2024m² (approx. 0.5 acre) all inflammable material shall be removed from the whole of that land, with the exception of live, standing trees and live garden plants.

1.3 Where the area of land exceeds 2024m² (approx. 0.5 acre) firebreaks not less than 2 metres wide shall be constructed immediately inside the boundary of the land.

1.4 All inflammable material except for live standing trees and live garden plants shall be cleared within a 20 metre radius of all buildings.

2. Rural Land

2.1 This section applies to:

2.1.1 All holdings of land within the Darradup, North Nannup and Nannup Brook Volunteer Bush Fire Brigade boundaries.

2.1.2 All rural holdings of land that allow access to the general public, e.g. chalet developments, bed and breakfast establishments, museums, door sale businesses etc.

2.2 Firebreaks clear of all flammable material, not less than 2 metres wide shall be constructed immediately abutting all homesteads, buildings and fuel storage areas on the land. Further, a reduced flammable fuel zone extending a further 20 metres from the firebreak shall be maintained. (Note: live standing trees may be permitted in this area).

2.3 A trafficable area (as previously defined in this order) shall be constructed inside and within 6 metres of the boundary of each lot unless the landowner has contributed to a strategic firebreak. Further, a 2 metre mineral earth firebreak shall be constructed within this trafficable area.

2.4 Where land is protected by strategic firebreak measures, it shall be the responsibility of all landowners protected by the strategic firebreak to contribute to the maintenance of the firebreak.

2.5 Landowners shall maintain access across their land for the use of fire fighting vehicles between 1 December 2000 to 1 May 2001.

2.6 There is no requirement for Firebreaks mentioned in 2.2 and 2.3 above, where:

2.6.1 The whole area not covered by homestead and buildings is kept mown or slashed or clean of inflammable material, or,

2.6.2 The whole area not covered by homestead and buildings is kept green by efficient water reticulation systems installed by the landowner.

2.6.3 Live standing trees are permitted in 2.6.1 and 2.6.2 above.

3 Plantations

3.1 A plantation is any area of planted trees, other than a windbreak, exceeding 3 hectares.

3.2 A windbreak is planted areas of trees not exceeding 100 metres in depth and 1 kilometer in length. Separation between windbreaks must be 50 metres (sides) and 15 metres (ends) allowing access to all maintenance and fire fighting vehicles.

3.3 All plantations require Planning Approval from Council prior to development. Council may require plantation fire protection measures to be fulfilled as a condition of Planning Approval.

3.4 Firebreaks not less than 10 metres wide, shall be constructed on the boundaries of plantations or on such alternative location as may be agreed between Council and the plantation owner. Boundary firebreaks shall consist of an area 10 metres wide cleared of all flammable material and having no overhanging tree branches for a vertical clearance of at least 10 metres.

3.5 Internal firebreaks clear of all inflammable material and not less than 6 metres wide shall be constructed surrounding compartments of approximately 30 hectares. All internal firebreaks must be maintained in a trafficable condition as previously defined in this order.

3.6 Where power lines pass through, or near plantation areas, additional obligations are required by the state power authority. Plantation owners and/or managers should consult Western Power for advice on their responsibilities.

4 Camp Fires

4.1 Lighting of fires in the open air for the purpose of camping or cooking is prohibited in the Shire of Nannup during the Prohibited and Restricted Burning Period each year.

4.2 Areas, which are set aside for cooking by CALM or the Shire of Nannup, are excluded from this prohibition providing properly constructed cooking facilities are provided.

4.3 No fires may be lit under this section if the Fire Danger Forecast is 'very high' or 'extreme'.

4.4 The fire shall be completely extinguished by the application of water or earth before leaving it.

4.5 The following conditions apply to campfires lit in recognised areas during the Prohibited Burning Period and also to campfires lit during the Restricted Burning Period:

4.5.1 Open Solid Fuel Fires

- 4.5.1.1 Not to be lit within 3 metres of a log or stump.
- 4.5.1.2 An area with a radius of at least 3 metres around the site is to be cleared of all bush and other inflammable materials.
- 4.5.1.3 Not permitted on any day when an 'extreme' or 'very high' fire danger is forecast - unless written approval is given by the local authority.
- 4.5.1.4 The fire shall be completely extinguished by the application of water or earth before leaving it.

4.5.2 Gas Barbecues and Cookers

- 4.5.2.1 Properly constructed gas barbecues and cookers, the flame of which is encapsulated by the appliance, may be used at any time for the purpose of camping or cooking in recognised camping and picnic areas.
- 4.5.2.2 All combustible material is to be cleared from within a 5 metre radius of the gas barbecue or cooker.

4.5.3 GARDEN REFUSE OR RUBBISH burnt on the ground may be lit only between 6.00 pm and 11.00 pm and must be completely extinguished with water or earth by midnight. All flammable matter is to be cleared within 5 metres of all points of the site of the fire and a person must be in attendance during the whole time that the fire is burning.

By Order of the Council.

L. D. (DEAN) FREEMAN, Chief Executive Officer,
Shire of Nannup.

PUBLIC SECTOR MANAGEMENT

PS401

PUBLIC SECTOR MANAGEMENT ACT 1994
 CHIEF EXECUTIVE OFFICER APPOINTMENTS

The Government of Western Australia is keen to ensure that chief executive officers of all public service departments and agencies are the most suitable for the position. I have therefore decided that it is generally preferable to advertise chief executive officer positions at the expiry of existing appointments, to ensure that competitive and merit-based appointments are made. This approach should not, however, be seen as a reflection upon the capacity of current chief executive officers whose terms of appointment have expired. I expect that present occupants will, in most cases, wish to apply for appointment to advertised positions.

Having received and considered relevant advice in respect of the chief executive officer listed below, I Richard Fairfax Court, Minister for Public Sector Management, notify that I have not recommended the reappointment of—

| Agency | Title | Name of Current Occupant |
|------------------|-----------------------|--------------------------|
| Office of Energy | Coordinator of Energy | Dr Les Farrant |

I shall soon be requesting the Commissioner for Public Sector Standards to act to enable the filling of this impending vacancy.

RICHARD COURT, MLA, Premier and
 Minister for Public Sector Management.
