DECLARATION OF PLANNING CONTROL AREA No. 46

LOT 53, DALGETY ROAD, RED HILL (BUSH FOREVER SITE NO. 42)

*CITY OF SWAN***General Description**

The Hon Minister for Planning has granted approval to the declaration of a Planning Control Area over land at Lot 53, Dalgety Road, Red Hill (Bush Forever Site No. 42) as shown on Western Australian Planning Commission Plan No. 3.1390.

Purpose of The Planning Control Area

The purpose of the Planning Control Area is to protect land identified in Bush Forever for its considerable conservation value. Regionally, the vegetation is classified as the Forrestfield Complex, which is inadequately represented for conservation on the Swan Coastal Plain. The critically endangered floristic community type on this site is listed for national protection. The Commission considers that the Planning Control Area is required to ensure that no further development occurs on this land which might prejudice this purpose until it may be reserved for the purpose of Parks and Recreation in the Metropolitan Region Scheme.

Duration And Effects

The declaration remains in effect for a period of five years from the date of publication of this notice in the *Government Gazette* or until revoked by the Western Australian Planning Commission with approval by the Minister, whichever is the sooner.

A person shall not commence and carry out development in a Planning Control Area without the prior approval of the Western Australian Planning Commission. The penalty for failure to comply with this requirement is \$2,000 and, in the case of a continuing offence, a further fine of \$200 for each day during which the offence continues.

Compensation is payable in respect of land injuriously affected by this declaration, and land so affected may be acquired by the Western Australian Planning Commission in the same circumstances and in the same manner as if the land had been reserved in the Metropolitan Region Scheme for a public purpose.
