“**continuing licence or permit**” means a licence or permit granted before the commencement day that would have continued after the beginning of that day had these regulations not come into operation.

2. Transition of licences and permits

- (1) A continuing licence or a permit that, immediately before the commencement day, was granted in respect of a motor vehicle of a class specified in Schedule 2 column 1 continues as if these regulations had not come into operation, but as a licence or permit for a motor vehicle of a class specified in column 2 opposite the class specified in column 1.
- (2) If what is authorised by a continuing licence or permit is, as a result of subclause (1), more restricted than it would have been if these regulations had not come into operation, the licence or permit also authorises anything that the licence authorised before the commencement day, but that authorisation is limited to the transitional period.
- (3) The transitional period for a licence or permit is the period during the year commencing on the commencement day while the licence or permit, or the licence as renewed, continues in force.

3. Applications to vary continuing licences

PD401***METROPOLITAN REGION TOWN PLANNING SCHEME ACT**

DECLARATION OF PLANNING CONTROL AREA No. 47

PORTION OF LOT 3, BORDEAUX LANE, ELLENBROOK (BUSH FOREVER SITE No. 23)
CITY OF SWAN

General Description

The Hon Minister for Planning and Infrastructure has granted approval to the declaration of a Planning Control Area over a portion of land at Lot 3, Bordeaux Lane, Ellenbrook (Bush Forever Site No. 23) as shown on Western Australian Planning Commission Plan No. 3.1400.

Purpose of The Planning Control Area

The purpose of the Planning Control Area is to protect land identified in Bush Forever for its considerable conservation value. The site contains plant communities representative of the eastern side of the Swan Coastal Plain, including the only intact area of Muchea Limestone floristic communities in the Perth Metropolitan Area. The critically endangered floristic community type on this site is listed for national protection.

The Commission considers that the Planning Control Area is required to ensure that no further development occurs on this land which might prejudice this purpose until it may be reserved for the purpose of Parks and Recreation in the Metropolitan Region Scheme.

Duration And Effects

The declaration remains in effect for a period of five years from the date of publication of this notice in the Government Gazette or until revoked by the Western Australian Planning Commission with approval by the Minister, whichever is the sooner.

A person shall not commence and carry out development in a Planning Control Area without the prior approval of the Western Australian Planning Commission. The penalty for failure to comply with this requirement is \$2,000 and, in the case of a continuing offence, a further fine of \$200 for each day during which the offence continues.

Compensation is payable in respect of land injuriously affected by this declaration, and land so affected may be acquired by the Western Australian Planning Commission in the same circumstances and in the same manner as if the land had been reserved in the Metropolitan Region Scheme for a public purpose.
