In addition you may be required to carry out further works which are considered necessary by an Authorised Officer of the Shire and specified by way of a separate written notice forwarded to the address as shown on the Shire of Mundaring rates record for the relevant land.

In some instances naturally occurring features such as rocky outcrops, natural watercourses or landscaping such as reticulated gardens, lawns or driveways may be an acceptable substitute for cleared firebreaks. This option must first be discussed with an Authorised Officer of the Shire, and approved by the Authorised Officer in writing.

On any lot having an area of less than 3,000m² with a dwelling constructed on it, where the lot is substantially developed (i.e. at least 75% cleared of bush), the keeping of grass on the lot at all times covered by this notice to a height less than 5 centimetres will be accepted in lieu of clearing a firebreak. For the purpose of this notice grass kept at a height of less than 5 centimetres will be deemed not to be flammable material.

All firebreaks and other alternative arrangements allowed by the preceding parts of this notice must be established on or before the 30th day of November 2001 (or within 14 days of you becoming the owner or occupier should this occur after that date) and maintained clear of flammable material up to and including the 14th day of March 2002.

APPLICATION TO VARY THE ABOVE REQUIREMENTS

If it is considered impracticable for any reason whatsoever to clear firebreaks or establish other arrangements as required by this notice, you may apply in writing to the Shire of Mundaring not later than the 15th day of November 2001 for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Shire, you must comply with the requirements of this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

The penalty for failing to comply with this Notice is a fine not exceeding \$1,000 and a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this notice if it is not carried out by the owner and/or occupier by the date required by this notice.

By Order of the Council,

M. N. WILLIAMS, Chief Executive Officer.

PART II—RESERVES

- (a) Public Purpose
- (b) Public Open Space

2.2 MATTERS TO BE CONSIDERED

Where an application for planning approval is made with respect to land within a reserve, the Council shall have regard to the ultimate purpose intended for the reserve and the Council shall, in the case of land reserved for the purposes of a public authority, confer with that authority before granting its approval.

2.3 COMPENSATION

2.3.1 Where the Council refuses planning approval for the development of a reserve on the ground that the land is reserved for Local Government purposes or for the purposes shown on the Scheme Map, or grants approval subject to conditions that are unacceptable to the applicant, the owner of the land may, if the land is injuriously affected thereby, claim compensation for such injurious affection.

2.3.2 Claims for such compensation shall be lodged at the Office of the Council not later than six months after the date of the decision of the Council refusing planning approval or granting it subject to conditions that are unacceptable to the applicant.

2.3.3 In lieu of paying compensation the Council may purchase the land affected by such decision of the Council at a price representing the value of the land at the time of refusal of planning approval or of the grant of approval subject to conditions that are unacceptable to the applicant.

PART III—ZONES

3.1 CLASSIFICATION

3.1.1 There are hereby created the several zones set out hereunder—

1. Commercial
2. Industrial
3. Residential
4. Rural—Residential
5. Rural
6. Rural Townsite
7. Special Use

3.1.2 The zones are delineated and depicted on the Scheme Map according to the legend thereon.

3.2 ZONING TABLE

3.2.1 The Zoning Table indicates, subject to the provisions of the Scheme, the uses permitted in the Scheme area in the various zones. The permissibility of any uses is determined by cross reference between the list of use classes on the left hand side of the Zoning Table and the list of zones at the top of the Zoning Table.

3.2.2 The symbols used in the cross reference in the Zoning Table have the following meanings—

‘P’—means that the use is permitted by the Scheme.

‘AA’—means that the use is not permitted unless the Council has granted planning approval.

‘SA’—means that the use is not permitted unless the Council has granted planning approval after giving notice in accordance with Clause 6.3.

‘IP’—means that the use is not permitted unless the Council has granted planning approval and such use is incidental to the predominant use on the site as decided by Council.

3.2.4 Where in the Zoning Table a particular use is mentioned it is deemed to be excluded from any other use class which by its more general terms might otherwise include such particular use.

3.2.5 If the use of the land for a particular purpose is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the interpretation of one of the use categories the Council may—

- determine that the use is consistent with the objectives and purposes of the particular zone and is therefore permitted; or
- determine that the proposed use may be consistent with the objectives and purpose of the zone and thereafter follow the 'SA' procedures of Clause 6.3 in considering an application for planning approval; or
- determine that the use is not consistent with the objectives and purposes of the particular zone and is therefore not permitted.

3.3 ADDITIONAL USES

Notwithstanding anything contained within the Zoning Table, the land specified in Schedule 2 may, subject to compliance with any condition specified in the Schedule with respect to the land, be used for the purpose set against that land. The use so specified is in addition to the other uses permitted in the zone in which the land is situated unless any of those uses are excluded or modified by a condition specified in that Schedule.

3.4 SPECIAL USE ZONES

No person shall use any land, or any building or structure thereon in a Special Use Zone, except for the purpose set against that land in Schedule 3 and subject to compliance with any conditions specified in the Schedule with respect to the land.

PART IV—GENERAL DEVELOPMENT REQUIREMENTS

4.1 RESIDENTIAL PLANNING CODES

4.1.1 For the purpose of this Scheme "Residential Planning Codes" means the Residential Planning Codes set out in Schedule 2 to Statement of Planning Policy No. 1, together with any amendments thereto.

4.1.2 A copy of the Residential Planning Codes, as amended, shall be kept and made available for public inspection at the offices of the Council.

4.1.3 Unless otherwise provided for in the Scheme the development of land for any of the Residential purposes dealt with by the Residential Planning Codes shall conform to the provisions of those Codes.

4.1.4 The Residential Planning Code density applicable to land within the Scheme Area shall be determined by reference to the Residential Planning Codes density number superimposed on the particular areas shown on the Scheme maps as being contained within the solid black line borders or where such an area abuts another area having a Residential Planning Code density, as being contained within the centre-line of those borders.

4.2 SITE AND DEVELOPMENT REQUIREMENTS

4.2.1 Setbacks

Site building requirements for land in various zones are set out in Table 2

TABLE 2
SITE REQUIREMENTS

ZONE	MINIMUM SETBACKS FROM BOUNDARIES		
	FRONT	SIDE	REAR
Residential	As per the Residential Planning Codes		
Commercial	Setbacks subject to Council approval		
Industrial (Note 1)	11m or 22m	7.5m	3.0m

ZONE	MINIMUM SETBACKS FROM BOUNDARIES		
	FRONT	SIDE	REAR
Rural—Residential	10.0m	10.0m	5.0m
Rural	20.0m	15.0m	15.0m

	For Non—Residential development—As determined by Council		

Note: (1) An 11 metre front setback shall be applied where loading and unloading facilities are provided at the rear of buildings.

A 22 metre front setback shall be applied where loading and unloading facilities are provided at the front of building.

4.2.2 Carparking

4.2.2.1 The minimum number of car spaces to be provided on a residential lot shall be as per the Residential Planning Codes.

4.2.2.2 Car parking bays shall be of minimum dimensions of 5.5m x 2.5m.

4.2.2.3 A person shall not develop or use any land or erect, use or adopt any building in the Commercial, Industrial and Rural-Residential zones unless car parking spaces specified by the Council are provided and such spaces are constructed and maintained in accordance with the Scheme.

4.2.2.4 The parking space required under the provisions of the Scheme shall measure not less than the dimensions specified by Council policy for the type of parking layout adopted.

4.2.2.5 All car parking spaces, and all necessary access ways shall unless the Council agrees otherwise and except as hereinafter provided be paved.

4.2.2.6 Where the maximum dimension of any open car parking area exceeds twenty metres in length or width, one car parking space in ten shall be used for garden and tree planting to provide visual relief and so long as the garden and tree planting areas shall be maintained in good order, those car parking spaces shall be included in calculations as car parking and not as landscaping.

4.2.2.7 Where the owner can demonstrate to the satisfaction of the Council that there is not the demand for the number of parking spaces specified in Clause 4.2.2, landscaping may be provided in lieu of car parking spaces not constructed and the said landscaping shall be included in the calculations as carparking but not as landscaping; provided that the Council may from time to time require that the additional parking spaces be provided.

4.2.2.8 In a commercial zone where a developer can satisfy the Council that the maximum car parking requirement cannot be provided on the site the Council may accept a cash payment in lieu of the provision of car parking spaces but subject to the requirements of this clause—

- (a) A cash-in-lieu payment shall be not less than the estimated cost to the owner of providing and constructing the parking spaces required by the Scheme, plus the value, as estimated by the Chief Valuer of the Department of State Taxation, of the area of his land which would have been occupied by the parking spaces.
- (b) Before the Council agrees to accept a cash payment in lieu of the provision of parking spaces, the Council must either have already provided a public car park nearby, or must have firm proposals for providing a public car park area nearby within a period of not more than eighteen months from the time of agreeing to accept the cash payment.
- (c) Payments made under this clause shall be paid into a special fund to be used to provide public car parks.

4.2.2.9 When considering an application to commence development the Council shall have regard to and may impose conditions in respect of the location and design of the required car parking spaces, natural planting and pedestrian spaces on the Lot. In particular, the Council shall take into account and may impose conditions concerning—

- (a) the proportion of car spaces to be roofed or covered;
- (b) the proportion of car spaces to be below natural ground level;
- (c) the means of access to each car space and the adequacy of any vehicular manoeuvring area;
- (d) the location of the car spaces on the site and their effect on the amenity of adjoining development, including the potential effect if those spaces should later be roofed or covered;
- (e) the extent to which car spaces are located within required building setback areas;
- (f) the locations of proposed public footpaths, vehicular crossings, or private footpaths within the lot, and the effect on both pedestrian and vehicular traffic movement and safety;
- (g) The suitability and adequacy of elevated structural decks for development and service as a proportion of the required area for natural planting and pedestrian space.

4.2.3 Landscaping

4.2.3.1 The landscaping requirement shown in the Scheme means an open area designed, developed and maintained as garden planting and areas for pedestrian use and at the discretion of the Council it may include natural bushland, swimming pools and areas under covered ways; garbage collection and handling spaces, and other open storage areas shall not be included.

4.2.3.2 Access driveways between a street alignment and buildings may be included in the landscaping requirement but otherwise car parking areas and driveways shall not be included.

4.2.3.3 The Council may in a landscaped area restrict the use of concrete, gravel, pebble and similar hard materials and require the planting of lawns, trees or shrubs in lieu thereof.

4.2.3.4 Where a proposed development utilises less than fifty per cent of the allowable plot ratio, the Council may reduce the landscaping requirement, provided that the landscaping requirement shall be required proportionately as subsequent development occurs.

4.2.3.5 No person shall, unless the Council otherwise approves, occupy any buildings forming part of an approved development until the required landscaping has been constructed and planted.

4.2.4 General Appearance of Buildings

4.2.4.1 No person shall without the written approval of the Council erect a building which by virtue of colour or type of materials, architectural style, height or bulk, ornamental or general appearance, has an exterior design which is out of harmony with existing buildings or the landscape character of the area.

4.3 RESTRICTIVE COVENANTS

4.3.1 Subject to the provisions of sub-clause 4.4, a restrictive covenant affecting any land in the Scheme Area whereby or the effect of which is that the number of residential units that may be constructed on the land is limited or restricted to a number less than that permitted by the Scheme, is hereby extinguished or varied to the extent that it is inconsistent with the provisions of the Residential Planning Codes which apply under this Scheme.

4.3.2 Where sub-clause 4.4.1 operates to extinguish or vary a restrictive covenant the Council shall not grant planning approval to the development of the land which would but for the operation of sub-clause 4.4.1 have been prohibited unless the application has been dealt with as an 'SA' use and has complied with all of the advertising requirements of sub-clause 6.3.3.

4.4 DISCRETION TO MODIFY DEVELOPMENT STANDARDS

4.4.1 Except for development in respect of which the Residential Planning Codes apply under this Scheme, if a development the subject of an application for planning approval does not comply with a standard prescribed by the Scheme with respect to minimum lot sizes, building height, setbacks, site coverage, car parking, landscaping and related matters, the Council may, notwithstanding that non-compliance, approve the application unconditionally or subject to such conditions as the Council thinks fit. The power conferred by this clause may only be exercised if the Council is satisfied that—

- (a) approval of the proposed development would be consistent with the orderly and proper planning of the locality and the preservation of the amenities of the locality;
- (b) the non-compliance will not have any adverse effect upon the occupiers or users of the development or the inhabitants of the locality or upon the likely future development of the locality.

4.5 HOME OCCUPATION

4.5.1 A person shall not carry on a home occupation as defined in Schedule 1 of this Scheme unless—

- (a) an approval in respect of the home occupation has been issued in writing by the Council and is current.
- (b) the person concerned is the occupier of the dwelling in which the home occupation is carried on.

4.5.2 An application for approval to carry on a home occupation shall comprise an application in accordance with the provisions of Schedule No. 4 of the Scheme together with a letter addressed to the CEO describing the nature of the proposed home occupation and demonstrating the proposed use falls within the terms of the definition under this Scheme of Home Occupation.

4.5.3 An approval to carry on a home occupation;

- (a) is valid only for a period of 12 months after the date of issue thereof but may be renewed upon application in writing to the Council.
- (b) relates only to the premises for which and person for whom the application was made and the approval subsequently issued.
- (c) is not capable of being transferred or assigned to any other person and does not run with the land in respect of which it was granted.

4.5.4 In granting an approval to carry on a home occupation the Council may impose any condition it thinks fit.

4.5.5 If in the opinion of the Council a home occupation is causing a nuisance or annoyance to neighbours or to other persons within the neighbourhood or if any condition imposed by the Council is not complied with the Council may revoke an approval granted by it in respect of the home occupation.
