DISCRETE AREA (COASTAL WATERS) RELEASE

INVITATION FOR APPLICATIONS FOR THE GRANT OF EXPLORATION PERMITS

RELEASE DATE: 19 OCTOBER 2001

CLOSING DATE: THURSDAY 4:00 PM 28 FEBRUARY 2002

Applications are invited for the grant of exploration permits over the following discrete areas within Western Australia's coastal waters as identified on the attached plans.

Applications will be received up until 4:00 PM on Thursday 28 February 2002.

AREAS T01-2 with L01-1 and T01-3 with L01-2

These areas comprise blocks described below which straddle the baseline dividing the Petroleum Act 1967 from the Petroleum (Submerged Lands) Act 1982.

Despite that two statutes are involved only a single combined application (proposing a unified work program) is necessary. However the application fee in this instance is \$6,000.00

While two permits will be issued to the successful applicant, those permits will, as far as the legislation allows be dealt with as one.

Permit applications (see attached forms) shall specify a work program (minimum number of wells to be drilled, line kilometres of seismic, geophysical, geochemical surveys etc.) to be carried out, and estimated expenditures for each of the six years. Wells referred to in the work program should not include development wells.

Applicants should also make themselves aware of the existence of any areas, which have the potential to restrict exploration activities eg, Marine Parks, World Heritage Areas and Conservation Reserves.

Applications are to be made in accordance with Section 31 of the Petroleum Act 1967 and Section 21 of the Petroleum (Submerged Lands) Act 1982. Consideration of an application for the grant of a Permit shall take into account work programs relative to the whole of the area applied for, the adequacy of the work program and the applicant's technical and financial ability to undertake the work. Permits are awarded on the understanding that the first two years work commitment will be fulfilled without variation.

Where there is more than one applicant to the application, the percentage participating interests of each party to the application is to be supplied including evidence that a satisfactory settlement has been, or can be, reached on a Joint Operating Agreement (a copy of a Heads of Agreement dealing will generally suffice).
