CO401**CONSERVATION AND LAND MANAGEMENT ACT 1984****CONSERVATION AND LAND MANAGEMENT
(RESERVATION OF STATE FOREST) ORDER (No. 5) 2001**

Made by the Governor in Executive Council under section 8(1) of the Conservation and Land Management Act 1984.

1. Citation

This order may be cited as the Conservation and Land Management (Reservation of State Forest) Order (No. 5) 2001.

2. Background to this order

- (i) In 1973 the then Forests Department made the first of several attempts to get about 6,000 hectares of Crown land situated approximately 15 kilometres east of Yanchep added to the adjoining State forest No. 65.
- (ii) Recommendations to this effect were recorded in management plans produced by the Department of Conservation and Land Management in 1987 and 1994.
- (iii) Western Power Corporation became interested in achieving the desired aim when it decided to construct a gas turbine power station on part of the area. The Corporation requires an undeveloped, vegetated buffer for at least a three kilometre radius around the power station (Reserve No. 41494) to ensure that no urbanisation occurs within that buffer zone.
- (iv) All of the necessary clearances have now been obtained to complete the proposed addition.

3. Addition to State forest No. 65

The land described in Schedule 1 is reserved as an addition to State forest No. 65.

Schedule 1—Land Reserved as part of State forest No. 65

Swan Location 12887 as surveyed and shown on Land Administration Act Miscellaneous Plan 19810.

CO402**CONSERVATION AND LAND MANAGEMENT ACT 1984****CONSERVATION AND LAND MANAGEMENT
(RESERVATION OF STATE FOREST) ORDER (No. 4) 2001**

Made by the Governor in Executive Council under section 8(1) of the Conservation and Land Management Act 1984.

1. Citation

This order may be cited as the Conservation and Land Management (Reservation of State Forest) Order (No. 4) 2001.

2. Background to this order

- (i) In connection with a land exchange, two areas of Crown land south east of Manjimup have been identified as being suitable for inclusion into the adjoining State forest No. 38.
- (ii) All of the necessary clearances have now been obtained to complete the proposed additions.

3. Additions to State forest No. 38

The lands described in Schedule 1 are reserved as additions to State forest No. 38.

Schedule 1—Land Reserved as part of State forest No. 38

APPLICATIONS FOR AREAS—W00-24, W00-53, W01-1, W01-10, W01-11, W01-14

Applications for the award of a permit over areas W00-24, W00-53, W01-1, W01-10, W01-11, W01-14, are required to be made in the approved manner, submitted in duplicate and should be accompanied by—

1.1 Details of—

1.1.1 Technical Assessment

The applicant's technical assessment of the petroleum potential of the area, including the concepts underlying its proposed exploration work program, with sufficient detail to support that program

1.1.2 Minimum Guaranteed Work Program

The applicant's minimum guaranteed proposal (including indicative minimum expenditure) for exploration wells to be drilled, 3D and 2D seismic and other surveying activities, data evaluation and other work, for each year of the first three years of the

permit term. This proposal, to be known as the minimum guaranteed work program, should comprise work expected to involve a substantial exploration component - normally, appraisal work should not be included

1.1.3 Secondary Work program

The applicant's proposal (including indicative minimum expenditure) for exploration wells to be drilled, 3D and 2D seismic and other surveying activities, data evaluation and other work, for each of the three remaining years of the permit term. This proposal, to be known as the secondary work program, should comprise work expected to involve a substantial exploration component—normally, appraisal work should not be included.

NOTE: Applicants should note it is mandatory that the minimum work program proposed in each year of the exploration permit is stated precisely to avoid any ambiguity. Proposals for work programs that cannot be guaranteed to be undertaken within the first 3 years of the permit must not be included.

1.2 Particulars of the applicant—

1.2.1 the technical qualifications of the applicant and of its key employees

1.2.2 the technical advice available to the applicant

1.2.3 the financial resources available to the applicant, including evidence of the applicant's ability to fund the work program proposed, a statement of other exploration commitments over the next 6 years, and a copy of the latest annual and quarterly reports for each applicant company

1.2.4 where relevant, the viability of the consortium lodging the application, including evidence that a satisfactory settlement has been, or can be, reached on the Joint Operating Agreement (a copy of a signed Heads of Agreement dealing will generally suffice), and

1.2.5 the percentage participating interest of each party to the application.

1.3 Other Information

Such other information as the applicant wishes to be taken into account in consideration of the application. Where an applicant has previously had an exploration permit cancelled such information might include why the applicant believes the prior failure is irrelevant to the current application.

1.4 Fee

Each application must be accompanied by a fee of SA3,000 payable to the Commonwealth of Australia through an Australian bank or bank cheque.

Further details of the work program bidding system outlined above, including the criteria for assessment of applications and the conditions to apply following the award of a permit, are available from the Director, Petroleum Division, Department of Mineral and Petroleum Resources in Perth and from the Petroleum Exploration & Development Branch of the Petroleum and Electricity Division, Department of Primary Industries and Energy in Canberra.

It should be noted that any income derived in the future from the recovery of petroleum from these areas would be subject to the Commonwealth Government's Resources Rent Tax.

Lodgement of Applications

Applications for areas **W00-24, W00-53, W01-1, W01-10, W01-11, W01-14** must be lodged before 4:00 pm on Thursday, 11 April 2002.

Applications, together with supporting data should be submitted in the following manner to—
