BUSH FIRES ACT 1954

FIRE CONTROL ORDER

In this Fire Control Order, unless the contrary intention appears—

- “Act” means the Bush Fires Act 1954;
- “Council” means the Council of the City of Cockburn;
- “District” means the district of the City of Cockburn pursuant to the provisions of the Local Government Act 1995;
- “Firebreak” means ground which is cleared to a “Mineral Earth” standard in which all flammable material (which includes vegetation and with all overhanging branches, trees, limbs, etc to be trimmed back clear of the Firebreak area) has been removed and on which no flammable material (which includes vegetation) is permitted during the Firebreak period. Firebreak must be the required width from the ground up in a vertical line **with no restrictions**.
- “Firebreak Period” means the time between **30 November** in any year until **31 March** in the year following;
- “Trafficable” means able to be driven around, unhindered, in a standard four-wheel drive vehicle.

1. Subject to Part 3, all owners and/or occupiers of land within the District shall **prior** to the commencement of the Firebreak Period, or within fourteen (14) days of becoming the new owner or new occupier of land should this occur within the Firebreak Period, establish and thereafter maintain during the Firebreak Period Firebreaks of the following dimensions;

- (a) Land which is **2032sqm (approximately ½ acre)** or less in area shall have the following options with regard to Firebreak provisions;
 - (i) construct a two (2) metre trafficable Firebreak as per (b) (i) and (iii) below; or
 - (ii) remove all flammable material on the land except living sturdy trees to the satisfaction of Council’s Authorised Fire Control Officers; or
 - (iii) have a hazard reduction burn completed by 30 November in any year to the satisfaction of Council’s Authorised Fire Control Officers; or

- (b) All land which is **greater than 2032sqm** in areas shall have a trafficable firebreak three (3) metres wide;
 - (i) immediately inside all external boundaries of the land; and
 - (ii) immediately surrounding all buildings (if any) situated on the land; and
 - (iii) immediately surrounding all fuel dumps and ramps (if any) on the land.

2. (a) If for any reason an owner or occupier considers it impractical to clear Firebreaks in accordance with the above, the owner or occupier may apply in writing to Council no later than 31 October in any year for approval to construct a Firebreak in an alternative position on his or her land. If Council, or its duly Authorised Fire Control Officers do not approve the

application for an alternative Firebreak within seven (7) days then the owner or occupier shall comply with all the requirements of this Fire Control Order.

- (b) An approval to construct an alternative Firebreak shall only remain in force until a change of ownership of the land following the date of the grant of the approval. If having been granted approval, if the owner or occupier fails to comply with the variation order then the provisions of Part 2 of this Fire Control Order shall apply. Council reserves the right, at any time, to revoke, alter or add to the provisions of this variation order.
- (c) If Council has granted approval to construct a Firebreak in an alternative position and the owner or occupier has not constructed that Firebreak in accordance with Council's Authorised Fire Control Officers' approval, by 20 November of any year of the date of approval then the owner or occupier shall in all respects comply with this Fire Control Order as if the approval to construct a Firebreak in an alternative location had never been given.

3. 4. A person who fails to comply with any provision of this Fire Control Order commits an offence and shall upon conviction be liable to a penalty not exceeding \$1000.00.

5. The provisions outlined in this Fire Control Order in no way limit the ability of Council's Fire Control Officers from entering any property within the district to effect such fire control measures as deemed necessary by written order of Council's Authorised Fire Control Officers'.
