PETROLEUM (SUBMERGED LANDS) ACT 1967**NOTICE OF INVITATION FOR APPLICATIONS FOR EXPLORATION PERMITS**

I, William Lee Tinapple, the delegate of the Designated Authority in respect of the adjacent area of Western Australia, for and on behalf of the Commonwealth-Western Australia Offshore Petroleum Joint Authority, acting pursuant to Section 20(1) of the Petroleum (Submerged Lands) Act 1967, re-release the following area which closed on 24 October 2002 and hereby invite applications for the grant of exploration permits in respect of the following Blocks within the area as described in the following schedule and as shown on the plan immediately following this notice.

The Commonwealth/State/Territory jurisdictional boundary in coastal waters is determined by the Australian Maritime Boundaries Information System Dataset of 2000, released in January 2001 by the Australian Surveying and Land Information Group (now Geoscience Australia National Mapping Division).

Section 5AAA of the Petroleum (Submerged Lands) Act 1967 provides that, where a change to the baseline of Australia's territorial sea would impact on the boundary of an existing petroleum title (in Commonwealth or State or Territory waters), there is in fact no such impact. The Commonwealth, State or Territory Act (as the case may be) under which the title has been granted, continues to apply to the title and the whole title area for as long as the title remains in force. Therefore, this Instrument does not apply to any such area that is already under title.

Applications for area **W02-14** will be received up until 4:00 pm on Thursday, **10 April 2003**.

Assessed to contain 3 graticular blocks

APPLICATIONS FOR AREA—W02-14

Applications for the award of a permit over area W02-14 is required to be made in the approved manner, submitted in duplicate and should be accompanied by—

1.1 Details of—

1.1.1 Technical Assessment

The applicant's technical assessment of the petroleum potential of the area, including the concepts underlying its proposed exploration work program, with sufficient detail to support that program

1.1.2 Minimum Guaranteed Work Program

The applicant's minimum guaranteed proposal (including indicative minimum expenditure) for exploration wells to be drilled, 3D and 2D seismic and other surveying activities, data evaluation and other work, for each year of the first three years of the permit term. This proposal, to be known as the minimum guaranteed work program, should comprise work expected to involve a substantial exploration component—normally, appraisal work should not be included

1.1.3 Secondary Work program

The applicant's proposal (including indicative minimum expenditure) for exploration wells to be drilled, 3D and 2D seismic and other surveying activities, data evaluation and other work, for each of the three remaining years of the permit term. This proposal, to be known as the secondary work program, should comprise work expected to involve a substantial exploration component—normally, appraisal work should not be included.

NOTE: Applicants should note it is mandatory that the minimum work program proposed in each year of the exploration permit is stated precisely to avoid any ambiguity. Proposals for work programs that cannot be guaranteed to be undertaken within the first 3 years of the permit must not be included.

1.2 Particulars of the applicant—

- 1.2.1 the technical qualifications of the applicant and of its key employees
- 1.2.2 the technical advice available to the applicant
- 1.2.3 the financial resources available to the applicant, including evidence of the applicant's ability to fund the work program proposed, a statement of other exploration commitments over the next 6 years, and a copy of the latest annual and quarterly reports for each applicant company
- 1.2.4 where relevant, the viability of the consortium lodging the application, including evidence that a satisfactory settlement has been, or can be, reached on the Joint Operating Agreement (a copy of a signed Heads of Agreement dealing will generally suffice), and
- 1.2.5 the percentage participating interest of each party to the application.

1.3 Other Information

Such other information as the applicant wishes to be taken into account in consideration of the application. Where an applicant has previously had an exploration permit cancelled such information might include why the applicant believes the prior failure is irrelevant to the current application.

1.4 Fee

Each application must be accompanied by a fee of \$A3,000, payable to the Commonwealth of Australia through an Australian bank or bank cheque.

An information package on the release areas detailing the work program bidding system outlined above and including the criteria for assessment of applications and the conditions to apply following the award of a permit, is available on the Department of Industry, Tourism and Resources Website at www.industry.gov.au/petexp.

Obtaining and observing the release package is essential to making an informed application for any of the areas.

The Government will also publish on-line data about Australia's petroleum exploration opportunities. This spatial data gives key hydrocarbon well information (about hydrocarbon shows, biostratigraphic age, porosity and depositional environment) and will be released on the Geoscience Australia internet site at www.ga.gov.au free of charge.

It should be noted that any income derived in the future from the recovery of petroleum from these areas will be subject to the Commonwealth Government's Resources Rent Tax.

Lodgement of Applications

Applications for areas **W02-14** must be lodged before 4:00 pm on Thursday, **10 April 2003**.

Applications, together with supporting data should be submitted in the following manner to—

Director Petroleum Division
Department of Mineral and Petroleum Resources
Level 11, Mineral House
100 Plain Street
EAST Perth Western Australia 6004

Attention: Petroleum Applications Receiving Officer

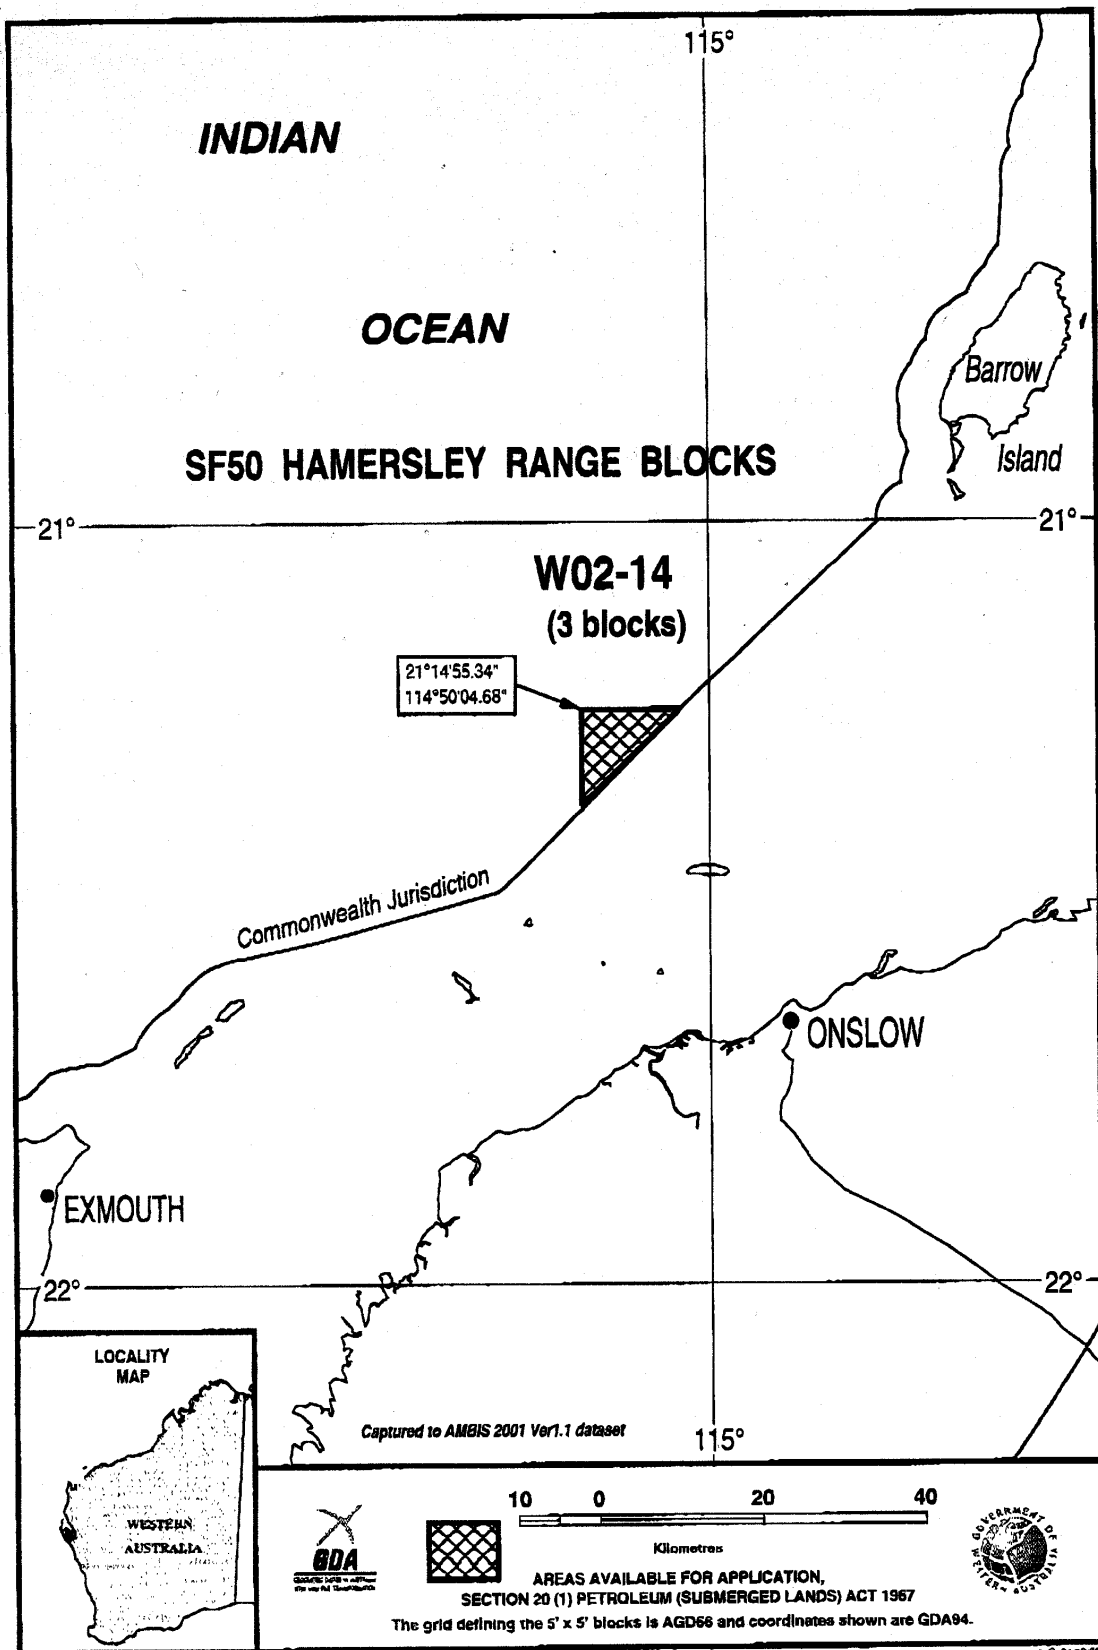

The following special instructions should be observed:—

- two copies of the application and supporting data together with the application fee should be sealed in an envelope or package, clearly marked "Application for Exploration Permit Area ... Commercial-in-Confidence"; and
- further enclosed in a plain covering envelope or package and delivered by hand or posted to the above address.

Receipts for applications (received and delivered by hand) will be issued by the Petroleum Applications Receiving Officer.

Enquiries concerning this gazettal should be referred to—

DECLARATION OF PLANNING CONTROL AREA NO. 68

Portion of Lots 100, 101 and 102 Mills Road East, Martin

File: 835-2-25-5

General Description

The Hon Minister for Planning and Infrastructure has granted approval to the declaration of a Planning Control Area over a portion of land at Lots 100, 101 and 102 Mills Road East, Martin as shown on Western Australian Planning Commission Plan No. 3.1681.

Purpose of The Planning Control Area

The purpose of the Planning Control Area is to protect to ensure that no development occurs on this land until it may be reserved for the purpose of Parks and Recreation in the Metropolitan Region Scheme.

Duration And Effects

The declaration remains in effect for a period of five years from the date of publication of this notice in the *Government Gazette* or until revoked by the Western Australian Planning Commission with approval by the Minister, whichever is the sooner.

A person shall not commence and carry out development in a Planning Control Area without the prior approval of the Western Australian Planning Commission. The penalty for failure to comply with this requirement is \$2,000 and, in the case of a continuing offence, a further fine of \$200 for each day during which the offence continues.

Compensation is payable in respect of land injuriously affected by this declaration, and land so affected may be acquired by the Western Australian Planning Commission in the same circumstances and in the same manner as if the land had been reserved in the Metropolitan Region Scheme for a public purpose.

Bush Forever Site No. 395

Portion of Lot 4 Mandurah Road, Karnup

File: 835-2-28-10

General Description

The Hon Minister for Planning and Infrastructure has granted approval to the declaration of a Planning Control Area over a portion of land at Lot 4, Mandurah Road, Karnup, as shown on Western Australian Planning Commission Plan No. 3.1682. This land also forms a section of Bush Forever Site No. 395.

Purpose of The Planning Control Area

The purpose of the Planning Control Area is to protect remnant vegetation identified in *Bush Forever* that is of regional and national conservation significance. The Commission considers that the Planning Control Area is required over a portion of the property to ensure that no development occurs on this land which might prejudice this purpose until it may be reserved for the purpose of future Parks and Recreation in the Metropolitan Region Scheme.

Duration And Effects

The declaration remains in effect for a period of five years from the date of publication of this notice in the *Government Gazette* or until revoked by the Western Australian Planning Commission with approval by the Minister, whichever is the sooner.

A person shall not commence and carry out development in a Planning Control Area without the prior approval of the Western Australian Planning Commission.
