**CONSERVATION AND LAND MANAGEMENT ACT 1984**

(Section 14 and Section 57)

Notice of draft management plan prepared for the Ningaloo Marine Park and  
of proposal to reserve Western Australian waters.

**Ningaloo Marine Park Draft Management Plan and Indicative Management Plan  
for an Extension to the Existing Marine Park and  
a Proposed Marine Management Area.**

Public notification is hereby given under section 57 of the *Conservation and Land Management Act 1984* (CALM Act) of the preparation of a draft management plan for the Ningaloo Marine Park. Notice is also hereby given under section 14 of the CALM Act of a proposal to reserve Western Australian waters under section 13(1) of the CALM Act as an extension to the existing Ningaloo Marine Park and for the Muiron Islands Marine Management Area and that an indicative management plan for these waters has been prepared and is included in the draft management plan for the Park. Notice is hereby given that the proposed extension to the Ningaloo Marine Park and Muiron Islands Marine Management Area are proposed to be classified as Class A.

Any person may make a written submission on this proposal and all persons with an interest in the proposal are encouraged to do so.

Marine parks are created to protect natural features and aesthetic values while at the same time enabling recreational and commercial uses where these activities do not compromise conservation values (the statutory purpose of marine parks is provided in CALM Act section 13B(1)).

The Ningaloo Marine Park comprises all waters reserved as Marine Park Reserve No. 2 under section 13(1) of the CALM Act by an Order in Council published in the Gazette on 3 April 1987 at page 1239.

Marine management areas are created for the purpose of managing and protecting the marine environment so that it may be used for conservation, recreational, scientific and commercial purposes (the statutory purpose of marine management areas is provided in CALM Act section 13C(1)).

The proposed extension to the Ningaloo Marine Park and proposed Muiron Islands Marine Management Area comprise Western Australian waters, including the airspace above those waters and sea-bed to a depth of 200 metres below those waters, bounded by the coordinates listed below.

(NOTE: All coordinates below are based on the Geocentric Datum of Australia 1994 - GDA94).

\*Pastoral lease, is 40m from High Water Mark (HWM) inland but the proposed marine reservations will be bounded by the HWM.

\* HWM is the ordinary (mean of) HWM at spring tides as defined by the Land Administration Act 1997.

Boundaries of the proposed extension to the Ningaloo Marine Park—

All that portion of land and water, contained within and bounded by lines commencing on the western shore of Western Australia's mainland at the intersection of latitude 23°33'55.4040" south and High Water Mark\*\*, and extending—

- westerly along the latitude 23°33'55.4040" south (abutting the southern boundary of the existing Ningaloo Marine Park) to the seaward limit of Coastal Waters for Western Australia (3 nautical miles seaward of the territorial sea baseline), then generally south-westerly along the seaward limit of Coastal Waters for Western Australia to latitude 24°01'51.8160" south, then easterly along latitude 24°01'51.8160" south to the High Water Mark, then generally east and north-easterly along the High Water Mark back to the point of commencement at latitude 23°33'55.4040" south.

Boundary of the proposed Muiron Islands Marine Management Area—

All that portion of the Indian Ocean, contained within and bounded by lines commencing west of the Muiron Islands at the intersection of longitude 114°14'23.4960" east and the seaward limit of Coastal Waters for Western Australia (3 nautical mile seaward of the territorial sea baseline) and extending—

- generally south-easterly (abutting the boundary of the existing Ningaloo Marine Park) to the intersection of latitude 21°44'51.2160" south and longitude 114°17'18.4920" east, then generally north-easterly to the intersection of latitude 21°44'29.6520" south and longitude 114°25'43.3200" east, then generally north-easterly to the intersection of latitude 21°42'24.6600" south and longitude 114°27'29.4840" east, then generally north-westerly to the intersection of latitude 21°36'34.1640" south and longitude 114°25'54.1560" east, then generally north-westerly to the intersection of longitude 114°22'26.9760" east and the seaward limit of Coastal Waters for Western Australia, then generally south-westerly along the seaward limit of Coastal Waters for Western Australia back to the point of commencement at the intersection of longitude 114°14'23.4960" east.

A draft management plan for the Ningaloo Marine Park and indicative management plan for the proposed extension to the existing Park and Muiron Islands Marine Management Area have been prepared outlining how the Ningaloo Marine Park, proposed extension and Muiron Islands Marine Management Area would be managed. This plan includes a map and details of the boundaries, zoning and management strategies for the existing marine park, proposed extensions and marine management area.

The proposed management zones for both the existing marine park and the proposed extension to the Park are intended to be classified under CALM Act section 62(1a) as general use area, sanctuary area and recreation area.

Eleven recreation areas are proposed. The following activities are considered to be incompatible with the purpose of these areas: all commercial fishing activities; pearling; aquaculture; mineral and petroleum drilling and development; recreational netting; recreational specimen collecting; recreational and spearfishing on compressed air, and all spearfishing between Tantabiddi well and Winderabandi Point.

In the proposed Muiron Islands Marine Management Area there are three areas that are intended to be classified under CALM Act section 62(1b), for the purpose of flora/fauna protection.

Copies of the Ningaloo Marine Park Draft Management Plan and Indicative Management Plan for a Proposed Extension to the Existing Marine Park and the Proposed Muiron Islands Marine Management Area can be inspected at the office of the Shire of Exmouth and the Exmouth Public Library.
