GENERAL

1. Where the area of land is less than 100 hectares, clear and maintain firebreaks at least 3 metres wide immediately inside all external boundaries of the land and immediately surrounding all buildings on the land.
2. Where the area of land is greater than 100 hectares, clear and maintain firebreaks—
 - (a) at least 3 metres wide immediately inside all external boundaries of the land and immediately surrounding all buildings on the land, and
 - (b) at least 3 metres wide in such a position so as to divide the land into the areas not exceeding 100 hectares, with each area to be enclosed by such a firebreak.

FUEL DUMPS

On all land where fuel drum ramps are located and where fuel dumps, whether containing fuel or not, are stored, clear and maintain a firebreak at least four metres wide around any drum, ramp or stack of drums.

 - (a) immediately surrounding any area of land on which pine trees are planted,
 - (b) along the boundary of those portions of pine plantations which adjoin a formed public road; and
 - (c) in such positions so that the area of pine plantation bounded by each firebreak does not exceed 200 hectares.
2. Clear and maintain firebreaks at least 6 metres wide (including the firebreaks referred to in (a) above) in such positions so that the area bounded by each firebreak does not exceed 25 hectares.

In addition, to the firebreaks required by this notice, pine plantations traversed by Western Power transmission lines have additional obligations under the State Energy Commission Act.

ALTERNATIVE FIREBREAKS

1.
 - (a) Should you consider it to be impracticable for any reason to clear firebreaks or remove inflammable material from the land as required by this notice, you may apply to the Council in writing on or before the 15 October 2006, for permission to provide firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not granted in writing by the Council prior to 2 November 2006, you shall comply with the requirements of this notice
 - (b) When written permission to provide alternative firebreaks has been granted, you shall—
 - (i) comply with all conditions endorsed on the permit.
 - (ii) provide firebreaks at least 3 metres wide in the agreed position(s) on the land.
