“

**Schedule 14 — Warning symbol for basketball rings and backboards**

[r. 45(1)(b)]

**Schedule 15 — Warning labels for external corded blinds**

**1. Bottom rail warning label**

<b>▲ WARNING</b>
Blind cords may create a strangulation hazard for young children.
<b>KEEP BLIND CORDS OUT OF REACH OF YOUNG CHILDREN</b>

<b>▲ WARNING</b>
Blind cords may create a strangulation hazard for young children.
<b>KEEP BLIND CORDS OUT OF REACH OF YOUNG CHILDREN</b>

### 3. Tension device warning label

**Examples of explanations for tension device warning label to be modified or adapted as required, depending on the type of device used.**

#### Example 1: cleat style pull cord tension device

This cleat is to secure the pull cord and keep it out of reach of young children.

Fix the cleat securely to a wall or other surface out of reach of young children. Pull the cord taut and wind it tightly around the cleat to hold it in place and keep it out of reach of young children.

The cleat should be positioned so that the pull cord will be out of reach of young children.

#### Example 2: plate and straps style bottom rail tension device

These straps and anchor plates are to secure the bottom rail in place when the blind is lowered.

Fix the anchor plates securely to a wall or other surface. When the blind is lowered use the straps to hold the bottom rail in place and under tension.

Securing the bottom rail reduces the risk of young children becoming entangled in the cords looped around the rail.

deputy of the Governor,

G. M. PIKE, Clerk of the Executive Council.

In the notice published in the *Government Gazette* dated 9 May 2006, item HR401 on page 1755 an error occurred. Under Schedule 2, the land description for **Geraldton to Walkaway Railway Precinct** was shown as—

Town of Port Hedland Local Laws  
Bush Fires Act 1954 and Regulations  
Caravan and Camping Grounds Act 1995

CHRIS ADAMS, Chief Executive Officer.

**LG501\*****BUSH FIRES ACT 1954***Shire of Augusta-Margaret River***BUSH FIRE NOTICE AND REQUIREMENTS**

Notice to all owners/occupiers of land in the Shire of Augusta-Margaret River

In accordance with Section 33 of the *Bush Fires Act 1954*, you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provisions of this order.

The penalty for non-compliance with this notice is a maximum of \$1000, and not withstanding prosecution, Council may enter upon the land and carry out required works at the owners/occupiers expense.

**TOWNSITES**

Gracetown—Prevelly—Gnarabup

Compliance Date: 6th December 2006 to 12th May 2007

In respect of land owned or occupied within these townsites, or any area subdivided for other purpose, you shall—

1. Where undeveloped land abuts developed land, install a firebreak not less than 2 metres wide. Trees must not overhang the firebreak or dwelling, and
2. A 1 metre clearance is required around all buildings.

**ALL OTHER TOWNSITES**

Including Molloy Island

Compliance Date: 6th December 2006 to 12th May 2007

In respect of land owned or occupied within these townsites, or any area subdivided for other purpose, you shall—

1. Where the area of land is up to and including 4,000 sq mtr, remove all flammable material from the land, except living standing trees, and
2. Where land exceeds 4,000 sq mtr, clear the land of all flammable material, and install firebreaks at least 2 metres wide immediately inside all external boundaries of the land, and also immediately surrounding all buildings situated on the land. Trees must not overhang firebreaks or dwellings.

**RURAL LAND**

Compliance Date: 21st December 2006 to 12th May 2007

A firebreak not less than 2 metres wide must be constructed inside and within 100 metres of the boundary of each property where the boundary is adjacent to a road reserve.

In addition—

1. A firebreak not less than 2 metres wide must be constructed within a perimeter of 20 metres of all homesteads, buildings, haystacks and fuel storage areas on the land.
2. Where uncleared land abuts a boundary, a firebreak not less than 3 metres wide must be constructed inside and within 100 metres of all such boundaries.
3. All ungrazed pastureland to be slashed to the satisfaction of a duly appointed officer.

**SPECIAL RURAL & RURAL RESIDENTIAL LAND**

Compliance Date: 21st December 2006 to 12th May 2007

**Pastureland Blocks**

1. The owners/occupiers of all existing rural holdings zoned 'Special Rural' or 'Rural Residential' in Town Planning Schemes, must construct a firebreak not less than 2 metres wide immediately inside all boundaries.
2. The land shall be grazed, slashed, or the fire hazard reduced by some other means, to the satisfaction of a duly appointed officer.
3. An area of 20 metres around all buildings must be cleared of hazardous material to create a 'fuel-free zone', defined as an area devoid of leaves, weeds, rubbish and dead timber. Trees are acceptable provided they are not heavily barked and do not overhang the buildings. Trees must not overhang the firebreak or dwellings.

**Bushland Blocks**

Same requirements as for pastureland block, (where trees occur close to the boundaries, permission may be granted by a duly appointed officer, to construct firebreaks up to 6 metres inside such boundaries). Residents of 'bush blocks' should be aware of the particular problems related to their home environment. The annual build-up of leaf litter, branches, etc., rapidly leads to unacceptable, dangerous fuel levels and periodic, low intensity burns should be undertaken. Efficient 'mosaic' burning should result in the owners not having to burn for periods of between 4-7 years, depending on the density of fuel levels and the rate of build up. Your area Fire Control Officer can offer advice and your local Bushfire Brigade or Volunteer Fire and Rescue Service can assist with your programme.

Note: 'Bushland' is defined as pre-existing, native or 'remnant' vegetation, and includes trees and understorey.

**DEFINITION OF FIREBREAK**

**A minimum of 2 metres wide, to bare mineral earth, with a vertical clearance of 4 metres, all firebreaks are to be maintained until 12th May.**

**Firebreaks constructed on road verges do not constitute legal firebreaks under the Bush Fires Act.**

**PLANTATIONS**

Eucalypt and Pine

Compliance date: 21st December 2006 to 12th May 2007

All plantations exceeding 3 hectares.

'Existing' plantations (pre-1997) require a 10 metre firebreak, the outer 5 metres must be cleared of all flammable material (to bare earth), the remaining 5 metres must be maintained in a low fuel condition.

'New' plantations (post-1997) require a 15 metre firebreak, the outer 10 metres must be cleared of all flammable material (to bare earth), with no overhanging branches for a vertical clearance of at least 10 metres, the remaining 5 metres must be maintained in a low fuel condition.

eg. Very short grass may be considered 'low fuel'.

Trees may not be planted closer than 15 metres from the outer edge of the firebreak.

**Vineyards**

1. Firebreaks must be at least 5 metres in width, cleared of all flammable material (to bare mineral earth) around the perimeter of the block.

2. All ungrazed areas of pasture to be slashed to the satisfaction of a duly appointed officer.

**BUSHFIRE PRECAUTIONS**

**Prohibited Burning Time:** The 'prohibited burning' time that applies within the Shire is: 22nd December 2006 to 28th February 2007 (inclusive).

**Restricted Burning Times:** The 'restricted burning' times are: 9th November 2006 to 21st December 2006 (inclusive) and 1st March 2007 to 12th May 2007 (inclusive).

These dates may be subject to variation according to seasonal conditions, but any changes will be advertised locally.

If for any reason it is considered impracticable to comply with the requirements of this order, you may make written application to the Shire Fire Control Officer **no later than November 15th** for permission to provide firebreaks in alternative position or to take alternative action to abate the fire hazards on your land. The application **must be countersigned** by the Fire Control Officer for your area to signify their agreement to the variation. **No applications, whether written or verbal, will be considered after this date.**

JAMES TRAIL, Chief Executive Officer.

The penalty for failing to comply with this notice is a fine of not more than \$5,000 and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.
