- (2) If a licensee is granted an exemption for waste referred to in regulation 5(1)(b), the CEO may, as a condition of the exemption, require the licensee to provide a financial assurance to the CEO of an amount specified by the CEO that does not exceed the amount of levy that would otherwise be payable in respect of the waste.

8. Amount of levy — when waste received at licensed landfill with weighbridge

Subject to any exemption granted on application under regulation 5(2), waste to which these regulations apply that is received at a category 64 or 65 licensed landfill with a weighbridge is to be weighed on the weighbridge at the time of delivery, and the weight of the waste as shown at the weighbridge is to be the weight that is used for the purpose of determining the amount of the levy under regulation 12.

9. Amount of levy when waste not weighed on weighbridge or not received at licensed landfill

(1) If —

- (a) the licensee of a category 64 or 65 licensed landfill has been granted an exemption from the requirement to weigh waste received at the licensed landfill; or
- (b) a category 64 or 65 licensed landfill does not have a weighbridge,

when waste is received at the licensed landfill, the licensee is to estimate the weight of that waste in the approved manner, and the estimated weight is to be the weight that is used for the purpose of determining the amount of the levy under regulation 12.

(2) If waste is received at premises —

- (a) in respect of which the occupier does not hold a licence as required under the EP Act; and
- (b) that would, if the occupier of the premises held a licence as required under the EP Act, be a category 64 or 65 licensed landfill,

Waste Avoidance and Resource Recovery Levy Regulations 2008**Part 2** Levy**r. 10**

the CEO may estimate —

- (c) the number of cubic metres of waste disposed of to landfill on the premises during any return period; and
- (d) the weight of that waste,

and the estimated weight is to be the weight that is used for the purpose of determining the amount of the levy under regulation 12.

- (3) For the purposes of subregulation (2) the CEO may cause a survey of the kind referred to in regulation 10(2)(a) or (5) to be conducted in respect of the licensed landfill.

10. Volume of waste — category 63 landfills

- (a) cause a survey of the premises to be conducted by a surveyor for the purpose of establishing a base from which the volume of waste subsequently disposed of to landfill on the premises can be measured (the “**baseline survey**”); and
- (b) lodge with the CEO a report of that survey prepared by the surveyor (the “**baseline report**”).

Penalty: a fine of \$10 000.

- (3) The baseline survey must be conducted —
 - (a) after the licence is issued; and

Levy

Part 2**r. 11**

-

- (4) The baseline report must be lodged within 14 days after the licensee commences accepting waste for disposal to landfill on the premises.
- (5) Subject to any exemption granted on application under regulation 5(3), after the end of a return period the licensee of a category 63 licensed landfill must cause a survey of the premises to be conducted by a surveyor for the purpose of calculating the volume of waste disposed of to landfill during that return period (a “quarterly survey”).
- (6) The licensee must lodge a report on a quarterly survey, prepared by the surveyor, with the return lodged under the *Waste Avoidance and Resource Recovery Regulations 2008* regulation 18 for that return period.
Penalty: a fine of \$10 000.
- (7) The report referred to in subregulation (6) must include the surveyor’s calculation of the number of cubic metres of waste disposed of to landfill on the premises during the return period based on a comparison of the quarterly survey for that return period and the previous quarterly survey or, if there is no previous quarterly survey, the baseline survey for the premises or the estimated base established under regulation 11(1).
- (8) The volume of waste so calculated by the surveyor is to be the volume used for the purposes of determining the amount of the levy under regulation 12.
- 11. CEO may make estimates if survey not conducted or category 63 premises not licensed**
- (1) If the licensee of a category 63 licensed landfill fails to comply with regulation 10(2) the CEO may establish an estimated base from which the volume of waste subsequently disposed of to landfill on the premises can be measured.

Waste Avoidance and Resource Recovery Levy Regulations 2008**Part 2** Levy**r. 11**

- (2) If the licensee of a category 63 licensed landfill fails to comply with regulation 10(6) in respect of a return period the CEO may estimate the number of cubic metres of waste disposed of to landfill on the premises during the return period.
- (3) The CEO must give written notice to the licensee of any estimated base established under subregulation (1) or any estimation made under subregulation (2).
- (4) If waste is received at premises —
 - (a) in respect of which the occupier does not hold a licence as required under the EP Act; and
 - (b) that would, if the occupier of the premises held a licence as required under the EP Act, be a category 63 licensed landfill,

the CEO may estimate the number of cubic metres of waste disposed of to landfill on the premises during any return period, and the estimate is to be the number that is used for the purpose of determining the amount of the levy under regulation 12.

- (5) For the purposes of this regulation the CEO may cause a survey of the kind referred to in regulation 10(2)(a) or (5) to be conducted in respect of the licensed landfill.
- (6) The costs incurred by the CEO under subregulation (1), (2) or (4) for the purpose of determining the amount of levy payable by a person under regulation 12 may be included in the amount of levy payable by that person and, if so included, are recoverable accordingly.
- (7) The CEO may call on or use the financial assurance provided by the licensee under the *Waste Avoidance and Resource Recovery Regulations 2008* regulation 15 to cover any costs incurred under subregulation (1) or (2) that are included in the amount of levy payable by a person.
