- (b) be subject to disciplinary proceedings under *Statute No. 10—Student Disciplinary Statute*.

4.2 Court proceedings

Proceedings may be taken in any court of summary jurisdiction in accordance with the *Magistrate's Court Act 2004* in respect of any offence committed under these By-laws and any penalty imposed or compensation made payable may be recovered in a summary manner in accordance with that Act.

4.3 Proceedings by an authorised person

(1) Proceedings may be taken on behalf of the University by any authorised person in his or her own name or in the name of the University.

(2) A person taking proceedings is to be reimbursed out of the funds of the University for all costs, charges, expenses or damages which he or she may incur or become liable for by reason of taking the proceedings.

4.4 Deeming provisions

(1) If—

- (a) a vehicle is driven or parked in breach of these By-laws; and
- (b) the vehicle is the subject of a current parking permit,

the holder of the parking permit is deemed to have been the driver or person in charge of the vehicle at the time of the breach, and to have committed the breach.

(2) If, in the circumstances described in by-law 4.4(1)(a), there is no current parking permit in respect of the vehicle, the owner of the vehicle is deemed to have been the driver or person in charge of the vehicle at the time of the breach, and to have committed the breach.

(3) It is a defence to a charge under this by-law that the vehicle was reported to the police or other relevant government agency as stolen or was being used unlawfully at the time of the breach.

(4) Nothing in this by-law is to prevent action being taken against any person who actually committed the breach, or to prevent that person from being punished accordingly, but if the person who actually committed the breach is so punished, no action may be taken under this by-law against any other person.

4.5 Infringement notices

(1) If an authorised person considers that there has been a breach of a by-law, the authorised person may issue an infringement notice, in a form approved by the Vice-Chancellor, that—

- (a) is identified by a serial number;
- (b) where the breach involves a vehicle, describes the vehicle by make and registration number;
- (c) states that it is alleged that a breach of a by-law has been committed and in general terms describes the breach which it is alleged has been committed;
- (d) states the modified penalty that is payable in respect of that breach; and
- (e) states that the breach will be reported and that further action may be taken unless within the time and manner stated in the notice—
 - (i) the modified penalty is paid; or
 - (ii) within 7 days an explanation in writing addressed to the Vice-Chancellor is given for the breach, in which case further notice will be given either that the explanation is accepted or that the explanation is not accepted, and further action will be taken failing payment of the modified penalty indicated on the notice within 14 days after the date of the further notice.

(2) If the alleged breach involves a vehicle, the authorised person may affix the infringement notice to the vehicle or give it to the driver or the person apparently in charge of the vehicle.

(3) If the alleged breach does not involve a vehicle, the authorised person must give the infringement notice to the person who appears to have committed the breach.

(4) If an authorised person is unable to give an infringement notice under by-law 4.5(2) or (3), the authorised person may—

- (a) where the breach involves a vehicle, give the infringement notice by posting it to the holder of the parking permit (if any) issued with respect to the vehicle, or to the owner of the vehicle at his or her last known place of abode; or
- (b) in any other case, give the infringement notice by posting it to the person who appears to have committed the breach at his or her last known place of abode.

(5) An infringement notice may also be given to a person in any of the ways provided for by sections 75 and 76 of the *Interpretation Act 1984*.

(6) If the person to whom an infringement notice under this by-law is given, gives a written explanation to the Vice-Chancellor in accordance with the terms of the notice, the Vice-Chancellor may—

- (a) accept the explanation or not accept it; and
- (b) if not accepted, give the person a further notice stating that further action may be taken if the modified penalty indicated on the notice is not paid within 14 days after the date of the further notice.

4.6 Modified penalties

(1) A person who does not contest an allegation that he or she has committed a breach of these By-laws may pay to an authorised person within the time specified by a notice given under by-law 4.5, the modified penalty for that breach.

(2) The production of an acknowledgement from an authorised person of the payment of the modified penalty is a defence to a charge of the breach in respect of which the modified penalty is paid.

(3) If it appears to an authorised person that an alleged breach of these By-laws cannot be adequately punished by the payment of the modified penalty, the authorised person may refuse to accept payment of the modified penalty and may take proceedings against the alleged offender in a court of competent jurisdiction.
