Interpretations

In this Instrument of Delegation, unless the context otherwise requires—

“access” means both entry and exit from either a road or abutting development by a vehicle.

“development” has the same meaning given to it in and for the purposes of the *Planning and Development Act 2005*.

“local government” means a local government within the area covered by the MRS.

“local road” means a road other than a private road or a road subject of reservation under Part II of the MRS.

“not acceptable” means that the local government wishes to determine the application, as a delegate of the WAPC, in a manner that is inconsistent with the recommendation received from the public authority to which the local government was required to consult under this Notice of Delegation.

“regional road” means any road designated under the Scheme as follows—

- (a) land coloured red in the Scheme Map—Primary Regional Roads; and
- (b) land coloured dark blue in the Scheme Map—Other Regional Roads.

“reserved land” means land reserved under Part II of the MRS.

“road reservation” means land reserved for the purposes of a regional road.

“category 1 road” applies where regional roads—

- (a) are constructed or planned to a fully controlled and grade separated freeway standard; or
- (b) are constructed or planned to an access controlled arterial standard, (i.e. a primary or district distributor road with widely-spaced signalised intersections or roundabouts, and few, if any, direct access points to individual sites or local streets).

“category 2 road” applies where regional roads—

- (a) are constructed or planned to a partially access controlled arterial standard, (i.e. a primary or district distributor road with direct connections to local streets and driveways to larger sites, but with some restriction of direct frontage access to individual properties); or
- (b) have direct frontage access to abutting properties due to the historic development of the road and properties.

“category 3 road” applies where regional road reservation is not accurately defined or is under review.

REQUEST FOR SUPERSEDED REPRINTS (ACTS)

The Parliamentary Counsel's Office in conjunction with State Law Publisher are undertaking a project to scan all versions of reprints of Acts (including superseded versions) that are currently in force to have the complete reprint history of each title available on our web site.
