PLANNING AND DEVELOPMENT ACT 2005

APPROVED LOCAL PLANNING SCHEME AMENDMENT

City of Albany

Town Planning Scheme No. 1A—Amendment No. 176

Ref: TPS/0383

It is hereby notified for public information, in accordance with section 87 of the *Planning and Development Act 2005* that the Minister for Planning approved the City of Albany local planning scheme amendment on 31 May 2012 for the purpose of—

1. Amending existing Clause 3.3 to read as follows—
 - 3.3 The Zoning Table contained in Appendix 1 of the Scheme indicates, subject to provisions of this Scheme, the uses permitted in the various zones, except that the Zoning Table neither refers nor applies to the Foreshore Development Zone and the Future Urban Zone.
2. Amending Appendix 1—Zoning Table by removing all reference to the Future Urban Zone.
3. Deleting the existing Clause 4.36 and inserting the following clauses 4.36 to 4.36O—

FUTURE URBAN PROVISIONS**Purpose and intent of Future Urban Zone**

- 4.36 The Future Urban Zone is intended to provide for residential and urban related development after comprehensive planning of the relevant area has been carried out resulting in a local structure plan approved by the Council and endorsed by the Western Australian Planning Commission (Approved LSP).

Adoption and Approval of Local Structure Plan

- 4.36A When a proposed LSP has been prepared to the satisfaction of the local government, the local government shall advertise the plan for not less than 28 days.
- 4.36B The local government shall consider any submissions made in regard to the proposed LSP.
- 4.36C In determining the proposed LSP the local government may—
- (a) grant its approval for the whole or part of the plan with or without conditions; or
 - (b) refuse to grant its approval for the whole or part of the plan.
- 4.36D After approving the proposed LSP, the local government shall forward the plan to the Commission, together with a summary of all submissions and any other relevant information, and shall request the Commission to endorse the plan.
- 4.36E The Commission is to either endorse the proposed LSP with or without modifications; or refuse to endorse the proposed LSP and give reasons for its decision to Council and the proponent.
- 4.36F A right of review to the SAT is available to the proponent where the Commission refuses to endorse the proposed LSP or proposes modifications unacceptable to the proponent.
- 4.36G Any departure from or alteration to the LSP may be permitted by Council or the Commission if it is considered the departure is minor in nature, would not prejudice the progressive development of the area, and is consistent with the objectives of the zone and the LSP.

Development and Subdivision to Accord with LSP

- 4.36H Subject to Clause 4.36I, land in the Future Urban Zone shall not be developed, used or subdivided, otherwise than in accordance with an Approved LSP.
- 4.36I The Council may approve an application to develop land within the Future Urban Zone for a Single House, Ancillary Accommodation, Bed and Breakfast, Home Business, Home Occupation or Home Office notwithstanding no Approved LSP applies to that land, but once an Approved LSP comes into operation, clause 4.36H shall thereafter apply.
- 4.36J Where application is made in the Future Urban zone for a use which is to be considered under S3.6 of the Scheme and a Local Structure Plan is not in place, Council will not approve the use unless satisfied that it will not prejudice or compromise the future comprehensive planning of the area in which the use is proposed.

Permissibility of Use and Development Standards

- 4.36K An Approved LSP may specify the permissibility of land uses, applicable residential density codes and standards or requirements for the development and subdivision of land.
- 4.36L Where an Approved LSP classifies land in a manner which corresponds to a zone or reserve designated by the Scheme, the provisions of the Scheme which relate to that zone or reserve, including as to use class permissibility and development standards, shall apply to that land except to the extent any such provision is modified by the Approved LSP.

Operation of Approved LSP

- 4.36M An Approved LSP comes into effect on the day following its endorsement by the Western Australian Planning Commission.
- 4.36N An Approved LSP shall have the same force and effect as if enacted as part of the Scheme but subject to anything expressed or implied in the Approved LSP to the contrary. The provisions of an Approved LSP shall prevail to the extent of any inconsistency with the Scheme, but otherwise the Scheme continues to apply to land within the Future Urban Zone.
- 4.36O A Local Structure Plan prepared for the purpose of Clause 4.36—
- (a) shall include a checklist identifying how it achieves the objectives of the Western Australian Planning Commission's Liveable Neighbourhoods document, as amended from time to time;
 - (b) may indicate which of its provisions are intended to take effect as part of the Scheme, and which are not;
 - (c) may be prepared by the Council or by an owner of land within the Future Urban Zone; and

- (d) may deal with any matter which may be dealt with by a local planning scheme.
