FIRE BREAK AND FUEL HAZARD REDUCTION NOTICE 2013/2014

Notice to all landowners, important information relating to your responsibility as a land owner in the City of Mandurah

Pursuant to the powers contained in Section 33 of the *Bush Fires Act 1954*, you are required to carry out fire prevention work on land owned or owned and occupied by you in accordance with the provisions of this Notice, to the satisfaction of Council or its duly authorised officers.

This work must be carried out by 17 November 2013 or within 14 days of becoming the owner or owner occupier, should this be after that date and kept maintained throughout the summer months until 31 May 2014.

Persons who fail to comply with the requisitions of this notice may be issued with an infringement notice or prosecuted. Where the owner fails to comply with the requisitions of the Notice, Council or its duly Authorised Officers or contractors will carry out the required work at the cost of the owner or owner occupier.

In addition, you may be required to carry out further works which may be deemed necessary and specified by way of a separate written notice forwarded to the address shown on the City of Mandurah rate records for that land.

If it is considered for any reason impractical to clear firebreaks as required by this Notice, or if natural features render firebreaks unnecessary, you may apply in writing to the City of Mandurah or its duly authorised officers, not later than 1 November 2013, for alternative positions, or other methods of fire prevention on your land. If permission is not granted, you must comply with the requirements of the Notice.
