VOCATIONAL EDUCATION AND TRAINING ACT 1996

DURACK INSTITUTE OF TECHNOLOGY BY-LAWS 2014

Made under section 44 of the *Vocational Education and Training Act 1996* by the governing council of Durack Institute of Technology with the approval of the Minister for Training and Workforce Development.

PART 1—PRELIMINARY

Citation

1. These by-laws may be cited as the *Durack Institute of Technology By-laws 2014*.

Commencement

2. These by-laws come into operation on the day on which they are published in the *Government Gazette*.

Interpretation

3. (1) In these by-laws unless the contrary intention appears—

“**authorised person**” means a person designated as an authorised person under by-law 7;

“**institute land**” means land under the control of the institute;

“**driveway**” means a portion of institute land set aside for the purpose of driving vehicles;

“**governing council**” means the governing council of the institute.

“**managing director**” means the person appointed to be managing director of the institute under section 46 of the Act;

“**speed control sign**” means a sign that is erected under by-law 16;

“**the institute**” means Durack Institute of Technology.

“**assistance animal**” (as stated in Section (9)2 of the Disability Discrimination Act 1992 (Cth)) is a dog or other animal—

(a) Accredited under a law of a State or Territory that provides for the accreditation of animals trained to assist a persons with a disability to alleviate the effect of the disability; or

(b) Accredited by an animal training organisation prescribed by the regulations for the purposes of this paragraph; or

(c) Trained—

(i) to assist a person with a disability to alleviate the effect of the disability; and

(ii) to meet standards of hygiene and behavior that are appropriate for an animal in a public place.

(2) The notes that appear at the foot of any of these by-laws are only for the purposes of information and do not form part of the by-law.

Application

4. These by-laws apply to institute land and to any person on institute land.

Repeal

5. The Geraldton Regional College of TAFE By-laws published in the *Government Gazette* on 29 April 1997 and the Durack Institute of Technology By-laws published in the *Government Gazette* on 13 December 2013 are both hereby repealed.

PART 2—GENERAL

Hours of business

6. (1) Subject to any order under section 38 of the Act, the hours of business of the institute are those fixed by the governing council from time to time.

(2) Different hours may be fixed for different purposes.

(3) The hours during which the institute is open for business are to be published in the manner determined by the governing council.

[NOTE—Section 38 of the Act enables the Minister by order to determine vacation periods for institutes.]

Setting aside land and places

7. (1) Where the governing council sets aside any land or place for a particular purpose the governing council may cause a notice to be erected specifying the purpose for which the land or place is set aside.

(2) A person who contravenes a notice erected under by-law 6(1) commits an offence.

Authorised Persons

8. The managing director may designate a person to be an authorised person for the purposes of these by-laws.

PART 3—STUDENT ASSOCIATIONS**Functions of student associations**

9. The functions of the student associations are to—

- (a) further the common interest of the enrolled students;
- (b) provide for and encourage communication amongst enrolled students in matters of common interest;
- (c) provide extracurricular activities for the general well-being of enrolled students;
- (d) represent enrolled students whenever such representation is necessary or desirable and provide the recognised means of communication between students and the institute;
- (e) co-operate or affiliate with anybody or organisation having kindred aims;
- (f) promote the good of the institute for the benefit of students studying at the institute.

Membership of student association

10. (1) Subject to this by-law, all enrolled students are eligible to be members of the student association.

(2) A person is not eligible to be a member of the student association if the person is a member of the staff of the institute.

(3) The student association will determine—

- (a) the types of membership
- (b) any associated fees

Student association activities on institute land

11. Where a student association intends to hold any activities on institute land, during class time or not, prior approval by the managing director and liaison with appropriate institute staff is required.

PART 4—CONDUCT ON INSTITUTE LAND**Conduct generally**

12. (1) A person shall not hinder or obstruct another person or otherwise behave in a disorderly, unlawful or anti-social manner.

(2) A person shall not, without the prior written permission of the governing council—

- (a) hold a public meeting;
- (b) conduct any business for commercial purposes on institute land;
- (c) bring any animal on to institute land unless—
 - (i) the animal is an assistance animal; or
 - (ii) the animal is brought onto institute lands for institute purposes
- (d) deface, interfere with or damage any property of the institute;
- (e) bring any liquor or illegal drugs on to institute land;
- (f) smoke on institute land, with the exception of designated smoking areas; or
- (g) bring any firearms or prohibited weapons on to institute land.

Obstruction of institute staff

13. A person shall not hinder or obstruct a member of the institute staff from carrying out his or her powers, entitlements or duties.

Dishonest conduct

14. A person shall not act dishonestly or unfairly in connection with any institute examination, course work, assessment or test, or the preparation of any thesis, report or other work.

Closure of the institute

14. (1) The managing director may—

- (a) close the institute or any part of the institute to the public or to students or both the public and students, if in the opinion of the managing director, the persons are behaving, or are likely to behave, in a disorderly manner;
- (b) require any person whose presence at the institute is in contravention of a by-law or is likely to be detrimental to the institute, to leave the institute or any part of the institute.

(2) A person who refuses or fails to comply with a request of the managing director under by-law 14(1) commits an offence.

PART 5—CONTROL OF TRAFFIC**Object of this Part**

15. The object of this Part is to provide for the orderly occupation and use of institute land by vehicles and the parking of vehicles.

Speed control signs

16. (1) The managing director may approve the erection of signs indicating the maximum speed at which vehicles may be driven on institute land.

(2) A person shall not drive a vehicle on a driveway at a speed in excess of the speed indicated on a speed control sign that applies in relation to the driveway.

Parking permits

17. (1) The managing director may arrange for the issue of parking permits.

(2) Parking permits may be of different classes.

(3) A parking permit is not valid unless—

- (a) if it is issued in relation to a specified time or specified period of time, it is used accordingly;
- (b) it is used for the purpose that it was issued for;
- (c) it is used for, or in respect to, a vehicle in the control and possession of a person or class of person that it was issued to;
- (d) it is used in relation to a vehicle or kind of vehicle that it was issued to or in respect of; and
- (e) if any fees are payable under these by-laws in relation to the parking permit, those fees have been paid.

(4) A person is not to park a vehicle contrary to the terms of any permit that applies in relation to the vehicle.

(5) If a parking permit is used for a purpose other than the purpose for which it is issued the managing director may cancel the parking permit.

PART 6—PENALTIES AND DISCIPLINARY CONSEQUENCES**Offences**

18. A person who contravenes any of these by-laws commits an offence. Penalty: \$1,000.

Disciplinary consequences

19. (1) Instead of recovering a penalty in a court of summary jurisdiction, if an alleged offender is an enrolled student, an authorised person may proceed against the enrolled student as for a disciplinary offence and have the complaint heard and determined by the managing director or an authorised person other than the person who commenced the proceedings in relation to the offence.

(2) If the managing director or the authorised person referred to in by-law 19(1) is of the opinion that the alleged offender has committed an offence, the managing director or authorised person may impose any one or more of the following penalties—

- (a) a fine not exceeding \$50;
- (b) suspend all or any of the privileges of the enrolled student;
- (c) exclude the enrolled student from attending institute lectures, tutorials, workshops or other training activities;
- (d) withhold assessment results of the enrolled student;
- (e) suspend the enrolled student for a period not exceeding 2 semesters of any course or courses;
- (f) expel the enrolled student from the institute;
- (g) refuse the student re-enrolment as a student.

(3) A decision by the managing director or authorised person imposing a penalty specified in by-law 19 (2) (f) or (g) is not effective unless confirmed in writing by the governing council.

(4) The managing director or authorised person is to serve notice of any penalty imposed on an enrolled student under by-law 19(2) within 28 days after the day upon which the penalty is imposed.

(5) If proceedings for an offence against an enrolled student are pending at any time before the enrolled student is or may become entitled to an award from the institute, the granting of the award may be adjourned until after the proceedings are completed.

(6) If at the time an enrolled student is entitled to an award from the institute—

- (a) the enrolled student has not paid any penalty imposed on the enrolled student under these by-laws; or

- (b) the enrolled student, without lawful excuse, retains any property of the institute,
the award may be withheld until the enrolled student has paid the amount of the penalty or returned the property to the institute.
- (7) Nothing in the preceding provisions of this by-law 19 removes or lessens the right of an enrolled student to appeal or seek the judicial review of any decision made under this by-law 19 in any court or tribunal of appropriate jurisdiction.

The Common Seal of Durack Institute of Technology was hereunto affixed in the presence of—

MALCOLM SMITH, Chairperson.
HERBERT BEEVERS, Board Member.

These by-laws are hereby approved by the Minister for Training and Workforce Development—

K. D. HAMES, Minister for Training
and Workforce Development.

CONSERVATION AND LAND MANAGEMENT ACT 1984**CONSERVATION AND LAND MANAGEMENT
(REVOCAION OF STATE FOREST)
ORDER (No. 1) 2014**

Made by the Governor in the Executive Council under section 9(2) of the *Conservation and Land Management Act 1984*.

1. Citation

This order may be cited as the *Conservation and Land Management (Revocation of State Forest) Order (No. 1) 2014*.

2. Background to this order

(1) In accordance with section 9(2) of the Act, a proposal dated 17 October 2000 that an area of about 1.8232 hectares be revoked from State Forest No. 22 was laid before both Houses of Parliament. The revocation of this area was requested to enable the dedication of an existing access route, known as Wollombi Road, to Cockburn Sound Location 871.

(2) Resolutions that the proposal referred to in subclause (1) be carried out were passed by the Legislative Assembly on 22 November 2000 and by the Legislative Council on 23 November 2000.

(3) The land referred to in subclause (1) has since been re-surveyed and is now described in Schedule 1. The re-survey has resulted in a slight reduction of the area involved.

3. Portion of State Forest No. 22 revoked

The area described in Schedule 1 is declared to be no longer State forest.

Schedule 1—Land no longer part of State Forest No. 22**Dedication of Wollombi Road**

All that portion of land situated about five kilometres south-east of Byford and comprising of Lot 250 on Deposited Plan 219055.

Area: 1.6174 hectares.

LG501*

BUSH FIRES ACT 1954*Shire of Bridgetown-Greenbushes*

2014/15 FIREBREAK ORDER

In accordance with Section 33 of the *Bush Fires Act 1954*, you are required to carry out fire prevention work on land owned or occupied by you as set out in this Order by the date specified.

If the requirements of this notice are not done by the due date, or not done to the satisfaction of an inspecting officer, an on the spot fine of **\$250** will be issued. The maximum fine for failure to carry out the work is **\$5000**. Council can also enter upon the land and carry out required works at the owner/occupier's expense.

1. DEFINITIONS

Firebreak means ground from which all flammable material has been removed and on which no flammable material is permitted to accumulate during the period specified in this notice.

Flammable Materials means accumulated fuel (living or dead) such as leaf litter, twigs, bark, dead trees and grass over 50mm or 100mm (depending upon type of property as described in Parts 2, 3 and 4 of this Order) capable of carrying a running fire but excludes living standing trees and shrubs.

Harvested Plantation means a plantation that has been clear felled but evidence of the former use of the plantation remains in the form of tree stumps, pruning, limbs and other accumulated tree refuse and logging residue.

Hay Stack means a collection of hay including fodder rolls placed or stacked together.

Managed Land means land over 4 hectares that is being *actively* used for agriculture, viticulture, horticulture etc and that such use is clearly evident, but excludes plantations.

Plantation means any area planted in pine, eucalypt or other commercial value trees (excluding orchards and vineyards) which have been planted for commercial gain, and requires approval under the Town Planning Scheme.

2. ALL LAND UNDER 4 HECTARES (10 ACRES)

BY 1 DECEMBER 2014 UNTIL 26 APRIL 2015

- (a) Remove all flammable material from the property except living trees and shrubbery and maintain throughout the required period, **unless used for cropping or pasture**. Height of grass not to exceed 50mm.
- (b) If the land is used for cropping or pasture, you are required to construct and maintain a 2 metre firebreak inside and along the boundary of the property as well as a 3 metre firebreak around all buildings and haystacks.

If choosing to forego firebreaks and instead remove flammable materials from the property it is the responsibility of the property owner for active fuel reduction to be completed on the property by 1 December and maintained throughout the period of this notice by means such as slashing, baling and grazing by an appropriate number of livestock. If choosing to carry out fuel reduction by grazing of stock it is the responsibility of the property owner to ensure that sufficient stock is used to ensure that all grass is reduced to a maximum height of 50mm by 1 December and retained at that height until 26 April.

In order to guide property owners of land holdings suggested livestock rates are—1 cow and calf per 3 acres or 1 dry cattle per 1.5 acres or 5 dry sheep per 1 acre. These are suggestions only and it is the responsibility of the property owner to determine the required number of stock in order to achieve compliance by 1 December and to contain the flammable materials until 26 April.

3. MANAGED LAND OVER 4 HECTARES (10 ACRES)

BY 1 DECEMBER 2014 UNTIL 26 APRIL 2015

Managed land is not required to have perimeter firebreaks, although land owners and occupiers are encouraged to install them in strategic places to protect their property in the event of a fire.

Managed land must however comply with the following requirements—

There must be active fuel reduction done on the property throughout the period of this notice, by means such as grazing by an appropriate number of livestock, slashing and baling etc.

All buildings must have an access track not less than 4 metres in width and vertical clearance of 3 metres to allow access by fire appliances.

Around all buildings, haystacks and fuel storage areas, slash and remove all flammable materials likely to create a fire hazard, except living trees and shrubbery for at least 20 metres around the building, haystack and fuel storage area. Height of grass not to exceed 100mm.

4. UNMANAGED LAND OVER 4 HECTARES (10 ACRES)

BY 1 DECEMBER 2014 UNTIL 26 APRIL 2015

Remove all flammable materials from the property except living trees and shrubbery and maintain throughout the required period. Height of grass not to exceed 100mm.

OR ALTERNATIVELY

Construct and maintain a **3 metre** firebreak inside and along the boundary of the property and around all buildings and haystacks.

5. PLANTATIONS

BY 1 NOVEMBER 2014 UNTIL 26 APRIL 2015

The first row of trees must be a minimum of 15 metres from all formed public roads.

A 10 metre firebreak to be constructed on the internal boundaries of the Plantation, along the boundaries of separate ownership, and all formed public roads.

A firebreak 6 metres wide shall be provided in such a position that no compartment of a plantation exceeds 30 hectares.

Where power lines pass through the plantation the clearing of vegetation must be in accordance with power supplier's specifications.

Trees adjoining the firebreak progressively pruned to a minimum height of 4 metres to maintain an effective width of firebreak.

6. PINE PLANTATIONS PLANTED PRIOR TO 1 MAY 1990

BY 1 NOVEMBER 2014 UNTIL 26 APRIL 2015

A firebreak not less than 10 metres to be constructed on the internal boundaries of the Plantation, along the boundaries of separate ownership, and all formed public roads.

A firebreak at least 6 metres wide shall be provided in such a position that no compartment of a plantation should exceed 30 hectares.

**7. EUCALYPT PLANTATIONS PLANTED PRIOR TO 1 MAY 1990
BY 1 NOVEMBER 2014 UNTIL 26 APRIL 2015**

A 5 metre firebreak to be constructed on the boundaries of the plantation, including the boundaries of each separate location and all formed public roads.

No planting will be allowed within a distance of 20 metres on either side of all power lines, and a 6 metre firebreak shall be provided as near as practical either side of the power lines.

Trees adjoining the firebreak progressively pruned to a minimum height of 4 metres to maintain an effective width of firebreak.

8. HARVESTED PLANTATIONS

Firebreak requirements for harvested plantations are the same as for plantations.

9. TIMBER MILLS

BY 1 NOVEMBER 2014 UNTIL 26 APRIL 2015

Construct and maintain a **3 metre** firebreak inside and along the boundary of the property as well as a **10 metre** firebreak around all piles of sawdust, woodchips, bark and waste material.

10. HARVESTING OPERATIONS

In addition to the above requirements, a drivable fire unit of at least 400 litres in operational condition (full of water and in good working order) must be on site during harvesting operations in plantations.

11. ALTERNATIVES

If you consider it impracticable or environmentally damaging to carry out the requirements set out above, you can apply to Council by 1 October for permission to provide alternative firebreaks or other fire prevention measures. In the absence of written approval for alternative measures, the requirements of this Order must be adhered to.

12. SPECIAL REQUIREMENTS

The requirements of this Order are considered the **minimum** standard of fire protection required to protect not only the individual property but the community as a whole. Council can impose additional requirements to remove or abate hazards if it considers it necessary.

By Order of the Council,

T. P. CLYNCH, Chief Executive Officer.

Dated: 26 June 2014.

BUSH FIRES ACT 1954

Shire of Waroona

FIRE CONTROL INFORMATION 2014/15

Owners and Occupiers of Land

Important information relating to your responsibility as a landholder in the Shire of Waroona. With reference to Section 33 of the *Bush Fires Act 1954*, you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provisions of this order.

This work must be carried out on or before November 30th and kept maintained throughout the summer months until the close of Restricted Burning Period.

Persons who fail to comply with the requirements of this order may be issued with an infringement notice (penalty \$250) or prosecuted with an increased penalty, and additionally, Council may carry out required work at cost to the owner or occupier.

If it is considered for any reason to be impractical to clear firebreaks as required by this notice or natural features render firebreaks unnecessary you may apply to the council or its duly authorised officer not later than the 30th day of November for permission to provide a variation for firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. All variation requests must be made by the property owner or person authorized to act upon the owners behalf. Individual requests are required for each property. If permission is not granted by the council or its duly authorised officer, you shall comply with the requirements of this notice. You must have your variation in place and operational by the 30th November. It is your responsibility to demonstrate that the variation will be maintained for the entire restricted and prohibited burning times. Failure to demonstrate compliance and the ability to maintain the alternative solutions approved within the variation will automatically require total compliance with the firebreak order in its entirety. If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the *Bush Fires Act 1954*.

Definitions and Notes

Firebreak (EXCLUDING SECTION E): the term Firebreak means a 3 metre wide, 4 metre vertical area of the owner(s)/occupier(s) land, cleared and maintained totally clear of all vegetation material (living or dead) so that there is only mineral bare earth left. Any overhanging trees and/or vegetation must be pruned to a height 4 metres above the ground level of a mineral bare earth firebreak.

Firebreaks constructed on road verges do not constitute a legal firebreak.

Clear all flammable material on the land: Means land mowed, slashed, burned, removing all flammable material such that the material is no greater than 10cm in vertical height.

Flammable material: means any plant, tree, grass, vegetable, substance, object or thing (except living standing trees and shrubs) that may, or is likely to catch fire and burn; or any other thing deemed by an authorized officer to be capable of combustion.

Strategic break: A firebreak, shown on a subdivision guide plan and/or Fire Management Plan, constructed as part of a subdivision; maintained to the satisfaction of Council and the Department of Fire and Emergency Services.

Variation: Means where the topography of the land parcel makes the normal placement of a firebreak impractical or dangerous or other fire mitigation measures have been installed; such that alternative firebreak emergency access and fire prevention methods that meet the intention of the fire break order are provided and demonstrated.

(A) Rural Land

Firebreaks as previously defined must be provided in the following positions—

- (a) Within 60 metres inside and along the boundaries of all land including that which is uncleared, so as to form a continuous break around the holding.
- (b) Not more than 100 metres and not less than 20 metres from the perimeter of all groups of buildings, haystacks and fuel installations provided on that land.

NOTE 1: 10 round bales constitute a haystack; 5 large oblong bales constitute a haystack; 200 small oblong bales constitute a haystack.

NOTE 2: Irrigation area—owners or occupiers may be exempt from all or part of the requirements of the above if, in the opinion of the authorized officer responsible for the area in which the land is located, there is no need to construct breaks on the irrigated land or non-irrigated land, not exceeding 20 hectares in area if surrounded by irrigated land.

(B) Rural Residential Zone

The owners of all existing small rural holdings zoned “Rural/Residential” under Town Planning Schemes, must maintain a firebreak, as previously defined, immediately inside all external boundaries of the land.

The owners of existing and future small rural holdings—Rural/Residential lots within the Zone 4 Irrigation Area must maintain a firebreak, as previously defined, immediately inside all external boundaries of the lots. Lots under irrigation within Zone 4 may be eligible for a variation upon application.

(C) Urban Land (Residential, Special Residential, Commercial, Industrial and Rural) Land within Waroona, Preston Beach and Hamel townsites)

In respect of land owned or occupied by you within the above townsites or any area subdivided for other purposes, you shall—

- (a) where that area of land is 2500 square metres or less, clear all flammable material on the land except living standing trees or shrubs, from the whole of the land; and
- (b) where the area of land exceeds 2500 square metres, provide firebreaks, as previously defined, immediately inside all external boundaries of the land and also immediately surrounding all buildings situated on the land, or: Clear all flammable material on the land except living standing trees or shrubs from the whole of the land.

Where several adjoining lots are held or used by the owner/occupier, the firebreaks may be provided inside, along the external boundaries of the group of lots.

(D) Fuel and/or Gas Depots

In respect of land owned or occupied by you on which is situated any container normally used to contain liquid or gas fuel, including the land on which any ramp or supports are constructed, you shall maintain the land clear of all flammable materials.

(E) Fire Protection of Private Hard/Softwood Plantations Definitions and Specifications

Plantations—Any area of planted Pines or Eucalyptus species exceeding 3 hectares.

Windbreaks—Will be defined as planted areas not exceeding 15 metres in depth with an unrestricted length.

Firebreaks—15 metres Boundary Break. The first row of trees must be at least 15 metres from the outside edge of the break. The outer 10 metres of the firebreak must be cleared of all flammable material and will have a 10 metres vertical clearance, i.e. with no overhanging branches. The remaining 5 metres must be maintained in a low fuel condition, i.e. short grass may be considered a low fuel.

Minimum Firebreak Standards—The following firebreak standards will apply for plantations—

Firebreaks constructed 15 metres wide (as per definition) on the boundaries of plantations or on such other location as may be agreed between the Shire of Waroona and the plantation owner.

Firebreaks clear of all flammable material 6 metres wide should surround compartments of approximately 30 hectares.

All firebreaks must be maintained in trafficable conditions and trees on both sides of breaks progressively pruned to a minimum height of 4 metres to allow unrestricted access of maintenance and firefighting equipment and so as to maintain an effective width of firebreak.

Where power lines pass through plantation areas firebreaks as per Western Power specifications must be provided.

(F) Camping and Cooking Fires

(Section 25 *Bush Fires Act 1954*)

In accordance with the provisions of Section 25 (1a) of the *Bush Fires Act 1954*, the lighting of fires in the open air in the district, outside of townsites and away from designated barbecue/picnic areas, within the Shire of Waroona for the purpose of camping or cooking is prohibited during the prohibited burning times December 15th to March 14th, inclusive.

SPECIAL WORK ORDERS

The requirements of this Notice are considered to be the minimum standard for fire prevention work to protect both individual property and the district in general. Council or authorized officers retain the ability to issue Special Work Orders pursuant to Section 33 of the *Bush Fires Act 1954*, to individual landowners should additional works be necessary for a potential fire hazard that may exist on a property.

PROHIBITED BURNING TIMES

The prohibited times for the Waroona District are—

Zone 4—IRRIGATION AREA

Dec 22 to Feb 14 (incl.)

Zone 6(a)—COASTAL AREA

Dec 15 to Feb 28 (incl.)

Zone 6(b)—CENTRAL AREA

Call for Public Submissions

The Western Australian Planning Commission (WAPC) intends to amend the Metropolitan Region Scheme (MRS) for land in the local government of Wanneroo and is seeking public comment.

The amendment proposes to rezone approximately 18.44 ha from the Rural zone to the Urban Deferred zone in the MRS.

The Western Australian Planning Commission certifies that, in its opinion, the proposed amendment does not constitute a substantial alteration to the MRS.

The plans showing the proposed change and the WAPC amendment report which explains the proposal, will be available for public inspection from Friday 4 July 2014 to Friday 5 September 2014 at—

- Western Australian Planning Commission, 140 William Street, Perth
- J S Battye Library, Level 3 Alexander Library Building, Perth Cultural Centre
- City of Wanneroo
- City of Joondalup

Documents are also available from the PlanningWA website www.planning.wa.gov.au.

Any person who desires to make a submission to support, object or provide comment on any part of the proposed amendment should do so on a form 57. This submission form is available from the display locations, the amendment report and the internet.

Submissions must be lodged with the: Secretary, Western Australian Planning Commission, 140 William Street, Perth WA 6000; on or before 5 pm **Friday 5 September 2014**.

Late submissions will not be considered.

PLANNING AND DEVELOPMENT ACT 2005
APPROVED LOCAL PLANNING SCHEME AMENDMENT
Shire of Toodyay
 Town Planning Scheme No. 4—Amendment No. 2

Ref: TPS/1066

It is hereby notified for public information, in accordance with section 87 of the *Planning and Development Act 2005* that the Minister for Planning approved the Shire of Toodyay local planning scheme amendment on 23 June 2014 for the purpose of—

1. Rezoning Lot 397 and Lot 280 on P224795 and Lot 396 on P225043 from 'Rural' to 'Rural Residential';
2. Amending the Scheme Map accordingly; and
3. Inserting the following into Schedule 11—Rural Residential—

Description of Land	Development Requirements
Lots 397 and 280 Horseshoe Road and Lot 396 on P225043 West Toodyay	<ol style="list-style-type: none"> 1. Subdivision shall generally be in accordance with the endorsed Structure Plan adopted by the local government and endorsed by the Western Australian Planning Commission and any approved modification thereto. The structure plan shall be based on the Plan dated November 2013 13/041/006A and respond to the fire management plan, local water management strategy and the environmental management plans required to be prepared. 2. Building envelopes are to be shown on the structure plan and be— <ul style="list-style-type: none"> • Located to avoid, as far as practicable, the removal of any native vegetation; • Located in areas of moderate bushfire risk only. No building envelopes are to be located in areas identified as extreme bushfire risk;

Description of Land	Development Requirements
	<ul style="list-style-type: none"> • Located to allow for on-site effluent disposal and grey water recycling systems, taking into account soil conditions, slope, drainage and vegetation; and • no larger than 2000m². <p>3. All buildings, including water tanks, on-site effluent disposal and grey water reuse systems, are to be confined to within the identified building envelopes for each lot unless a more appropriate location can be found and planning consent is obtained from the local government.</p> <p>4. The subdivider shall prepare a Fire Management Plan in accordance with Planning for Bushfire Protection Guidelines that identifies the need for any construction requirements relative to strategic firebreaks, water supplies and equipment and any other fire management requirements that may be deemed necessary, to the satisfaction of the local government and the Department of Fire and Emergency Services.</p> <p>5. Roads and emergency access ways are to be constructed at the first stage of subdivision to provide two access options to the external road system, in accordance with Planning for Bushfire Protection Guidelines.</p> <p>6. Upgrading of the existing fire tank/firefighting equipment on Horseshoe Road to allow it to service additional lots created through subdivision is to be undertaken at the first stage of subdivision.</p> <p>7. The lots are bushfire prone and all dwellings must be constructed to Australian Standard 3959-2009 (as updated). A bushfire attack level assessment satisfactorily addressing the level of bushfire hazard applying to the land is required to be submitted.</p> <p>8. Clearing of vegetation is only to be undertaken in accordance with the approved structure plan. Clearing of areas not identified in the structure plan for this purpose is not permitted without the planning consent of the local government.</p> <p>9. The subdivider shall prepare a local water management plan to the satisfaction of the local government and the Department of Water.</p> <p>10. At development stage, a minimum combined roof area of 405m² is required in order to harvest rainwater for potable use. Each dwelling shall have a water tank with a minimum size of 120,000 litres, with 10,000 litres in the tank to be kept in reserve for firefighting purposes and fitted with standard firefighting fitting and valves.</p> <p>11. Each dwelling is to be fitted with a Department of Health approved greywater recycling system, installed to the satisfaction of the local government. Bore water, dams or additional roof catchment may be used as supplementary non-potable water sources, to the satisfaction of the local government.</p> <p>12. Prior to subdivision, the subdivider shall prepare an Environmental Management Plan, to the satisfaction of the local government, in consultation with the Department of Parks and Wildlife, which shall include—</p> <ul style="list-style-type: none"> • A cockatoo and chuditch management plan; • Identification of key cockatoo habitat locations; • Identify fencing types and locations, to allow for the movement of fauna between vegetated areas; • Areas of native vegetation to be retained and preserved; • The location and means of protection of declared rare flora (if any). <p>13. The approved Fire Management Plan, Environmental Management Plan and Local Water Management Plan shall be implemented prior to the subdivision of the land.</p>

Description of Land	Development Requirements
	<p>14. At subdivision stage, notification pursuant to Section 70A of the <i>Transfer of Land Act 1893</i> to be included on titles to ensure that the purchasers are aware that—</p> <ul style="list-style-type: none"> • No reticulated water supply is available and the landowner will be responsible for the provision of a potable water supply in accordance with the Scheme requirements; • 405m² of roof catchment is to be constructed at development stage; • each dwelling is required to be fitted with a Department of Health approved greywater recycling system, installed to the satisfaction of the local government; • The lot is surrounded by an area of extreme bushfire risk; • A Fire Management Plan has been prepared for the site and the ongoing implementation of the plan will be the responsibility of the landowner; and • An Environmental Management Plan has been prepared for the site and the ongoing implementation of the plan will be the responsibility of the landowner. <p>15. The keeping of livestock is not permitted.</p>
