**Subdivision 2 — Service charges that apply in respect of
land**

3. Residential

In respect of a residential property not covered by item 4, 5, 8, 9 or 10, the charge is \$215.46

4. Metropolitan concessional

(1) In respect of land in the metropolitan area that is classified as aged home, community purpose or charitable purposes, the charge, per water supply connection, is the charge set out in the Table in item 2, according to the relevant meter size, less a discount of 100%.

(2) Sub-item (1) does not apply to a connection covered by item 22.

5. Strata-titled or long-term residential caravan bays

In respect of a strata-titled caravan bay or a long-term residential caravan bay, the charge is \$151.42

**Water Services (Water Corporations Charges) Amendment Regulations
(No. 2) 2014**

r. 8

6. Strata-titled storage units or parking bays

In respect of a lot that is used for storage purposes or as a parking bay, the charge is \$75.83

7. Non-residential strata-titled units that share a service

In respect of land that —

- (a) is contained in a lot; and
- (b) is classified as non-residential; and
- (c) is not covered by item 5 or 6; and
- (d) shares a water supply connection with other such land,

the charge is \$215.46

8. Community residential

- (1) In respect of land that is classified as community residential, the charge is, for each residential unit equivalent, 50% of the charge payable for a residential property under item 3.
- (2) The Water Corporation must determine, by reference to the anticipated water supply requirements of the communal property, the number of residential unit equivalents to which the communal property equates.

9. Semi-rural residential

In respect of a semi-rural residential property not covered by item 4, the charge is \$215.46

**Water Services (Water Corporations Charges) Amendment Regulations
(No. 2) 2014**

r. 8

10. Non-metropolitan concessional

- (1) In respect of land in the non-metropolitan area that —
- (a) is concessional land contained in a residential property; or
 - (b) is classified as charitable purposes, institutional public or local government and not contained in a residential property,

the charge, per water supply connection, is the charge set out in the Table in item 2, according to the relevant meter size, less a discount of 100%.

- (2) Sub-item (1) does not apply to a connection covered by item 22.

11. Non-residential or commercial residential (except certain strata-titled units)

- (1) In respect of land that —
- (a) is classified as non-residential or commercial residential; and
 - (b) is not contained in a residential property; and
 - (c) is not covered by item 5, 6 or 7,

the charge is the charge set out in the Table in item 2, according to the relevant meter size.

- (2) Sub-item (1) does not apply to a connection covered by item 22.

- (3) If land covered by sub-item (1) is connected to the water supply works of the Water Corporation but not metered,

**Water Services (Water Corporations Charges) Amendment Regulations
(No. 2) 2014**

r. 8

the charge is to be calculated as if the connection were metered through a meter of the same diameter as the pipe with which the connection is made.

- (4) If land covered by sub-item (1) is not connected to the water supply works of the Water Corporation, the charge is to be calculated as if the land were connected and the connection metered through a 20 mm meter.

12. Additional connections

- (1) In respect of land supplied water through more than one water supply connection, the charge, for each additional connection, is —
- (a) for land that is classified as non-residential or commercial residential, the charge set out in the Table in item 2, according to the relevant meter size; and
 - (b) for land to which paragraph (a) does not apply \$215.46
- (2) Sub-item (1) does not apply to —
- (a) land covered by item 4 or 10; and
 - (b) a connection for a water supply covered by item 15; and
 - (c) a connection covered by item 22.
- (3) The charge under sub-item (1) is in addition to any other charge applicable to the land under this Schedule.

**Water Services (Water Corporations Charges) Amendment Regulations
(No. 2) 2014**

r. 8

- (4) If a connection to which sub-item (1)(a) applies is not metered, the charge is to be calculated as if the connection were metered through a meter of a size equal to the diameter of the pipe making the connection.

13. Farmland

In respect of land that is classified as farmland, the charge is \$215.46

14. Vacant land

In respect of land that is classified as vacant land, the charge is \$215.46

15. Garden supply

- (1) In this item —
- garden use*, in relation to the supply of water, means the use of water for watering lawns and gardens in the area associated with a dwelling and in a street or road adjoining the land on which the dwelling is located.
- (2) Sub-item (3) applies to land in the suburb of Butler (in the metropolitan area) that is provided with a water supply solely for garden use and reticulated separately from any other water supply provided in respect of the land.
- (3) In respect of —
- (a) each residential property that is not covered by item 4, 5, 8, 9 or 10; and

**Water Services (Water Corporations Charges) Amendment Regulations
(No. 2) 2014**

r. 8

- (b) land that is classified as vacant land,

the charge, which is in addition to any other charge applicable to the land under this Schedule, is —

for land with an area of less than 400 m ²	\$76.52
for land with an area equal to or greater than 400 m ²	\$153.04

- (4) Sub-item (5) applies to land in the suburb of Mulataga (in Karratha) that is provided with a water supply solely for garden use and reticulated separately from any other water supply provided in respect of the land.

- (5) In respect of —

- (a) each residential property that is not covered by item 4, 5, 8, 9 or 10; and

- (b) land that is classified as vacant land,

the charge, which is in addition to any other charge applicable to the land under this Schedule, is \$50.00

16. Government trading organisations and non-commercial government property

- (1) This item applies to land held by a government trading organisation, or a public authority that holds non-commercial government property, in respect of which a water service charge set out in item 4 or 10 would, but for this item, apply.
- (2) This item does not apply to public land.

**Water Services (Water Corporations Charges) Amendment Regulations
(No. 2) 2014**

r. 8

- (3) In respect of land to which this item applies —
 - (a) the charge referred to in sub-item (1) that would otherwise apply, does not; and
 - (b) the charge, per water supply connection, is the charge set out in the Table in item 2 according to the relevant meter size.
- (4) If a connection to which sub-item (3)(b) applies is not metered, the charge is to be calculated as if the connection were metered through a 20 mm meter.

17. Government trading organisations and non-commercial government property: on-supply to lessees or ships

- (1) This item applies to land held by a government trading organisation, or a public authority that holds non-commercial government property, if —
 - (a) the land is connected to the water supply works of the Water Corporation; and
 - (b) a meter is connected to the property water supply connection with which the Water Corporation supplies water to the land; and
 - (c) at least some of the water supplied through the meter referred to in paragraph (b) is supplied, through a meter, to one or more lessees of any of the land or to ships in port.

**Water Services (Water Corporations Charges) Amendment Regulations
(No. 2) 2014**

r. 8

- (2) In respect of land to which this item applies, the charge for the supply of water referred to in sub-item (1)(b) is reduced by the charge set out in the Table in item 2 for a meter of the size that would be required to supply, in aggregate, water as described in sub-item (1)(c).
- (3) This item does not apply if the meter referred to in sub-item (1)(b) would be the same size whether or not the organisation or authority supplied water as described in sub-item (1)(c).

18. Capital infrastructure charges

- (1) In respect of land or, if there is more than one dwelling on the land, each residential property, that —
 - (a) is in the locality of Nilgen; and
 - (b) is classified as capital infrastructure,
 the charge, which is in addition to any other charge applicable to the land under this Schedule, is \$463.80
- (2) The charge under sub-item (1) does not apply after 30 September 2016.
- (3) A person liable to pay a charge under sub-item (1) may, within 28 days of receiving an invoice for the charge from the Water Corporation, elect to pay the following charge (the *single capital infrastructure charge*) \$3 120.00
- (4) If a person elects to pay a single capital infrastructure charge the single charge is payable in respect of the land instead of the annual charges under sub-item (1).
