WATER SERVICES ACT 2012

EXEMPTION NOTICE

Class exemption for drainage services provided by local government

In accordance with section 7 of the *Water Services Act 2012*, Hon Mia Davies MLA, Minister for Water, has granted a class exemption from section 5(1) of the Act in respect to drainage services provided by local government.

A local government that provides a drainage service anywhere in the State is exempt from the requirement under section 5 of the *Water Services Act 2012* to hold a water services licence.

The class exemption is valid until 8 May 2017.

Drainage service means a water service principally constituted by—

- (i) the management of the flow of stormwater, surface water or ground water by means of reticulated drainage assets; or
- (ii) the management of soil salinity by means of reticulated drainage assets;

and which may include the management of the quality of water dealt with.

Local government means a local government established under the *Local Government Act 1995*.

Summary of reasons for the decision

Granting the exemption is not contrary to the public interest. It is considered that—

- The risk of the abuse of monopoly power in the provision of local government drainage services is low.
- Local government drainage services present a low risk to public health.
- The regulatory burden imposed by licensing would be disproportionately high given the low levels of risk in local government drainage services.
