BUSH FIRES ACT 1954

City of Gosnells

ANNUAL FIRE HAZARD REDUCTION NOTICE

To prevent bush fires and to minimise the spread of a bush fire, all owners and occupiers of land within the City's district are required to comply with the requirements of this Annual Fire Hazard Reduction Notice.

1. OWNERS OR OCCUPIERS OF LAND ZONED 'GENERAL RURAL' OR 'SPECIAL RURAL'

On or before 30 November each year, all owners or occupiers of land zoned 'General Rural' or 'Special Rural' under the City of Gosnells Town Planning Scheme No. 6 are required to—

- (a) Clear and maintain the land free of all flammable matter to a height no greater than 10cm; or

- (b) Maintain a mineral earth firebreak immediately inside all external boundaries of each lot on the land and maintain a mineral earth firebreak within 20m of all haystacks and stockpiled flammable matter.

Mineral earth firebreaks must be continuous (no dead ends) and maintained to a minimum standard of 3m wide by 4m high (vertical clearance) so as to provide unimpeded access for emergency vehicles. Driveways must also be maintained to these standards.

Firebreaks are intended to provide safe access on your property for emergency vehicles and to ensure fire does not travel under the vehicles or underfoot.

NOTE: The firebreaks and requirements set out above must be maintained up to and including 30 April in the following year.

2. OWNERS OR OCCUPIERS OF ALL OTHER LAND, WHICH IS NOT ZONED 'GENERAL RURAL' OR 'SPECIAL RURAL'

At all times throughout the year, all owners or occupiers of land zoned other than 'General Rural' or 'Special Rural' under the Scheme are required to clear and maintain the land free of all flammable matter to a height no greater than 10cm.

NOTE: For the purposes of this Notice, flammable matter includes, but is not limited to, vegetation (except for living trees, shrubs, plants and lawns under cultivation), prunings, cardboard, wood, paper, general rubbish and any other combustible material.

PERMISSION NEEDED TO VARY REQUIREMENTS

If, due to the topography of your land, you are unable to adhere to the requirements set out in this Notice, you may apply in writing to the City for permission to provide firebreaks in alternative locations or take alternative measures.

Unless and until permission in writing is granted by the City, you shall comply with the requirements of this Notice.

ALL LAND OWNERS

Further to the above minimum requirements, the landowner may receive a separate written notice, sent to the address shown on the City of Gosnells rates record, requiring additional works which may be considered necessary by Council or an Authorised Officer of the City.

PENALTY FOR NON-COMPLIANCE

Failing to comply with the requirements of this Notice is an offence under the *Bush Fires Act 1954* (Act), which carries a penalty of up to \$5,000. In addition, where the owner or occupier of the land fails to comply with a Notice given pursuant to Section 33(1), the City may enter the land to carry out the work required to comply with the Notice and also recover any costs and expenses incurred in carrying out that work from the owner or occupier of the land.

WATER SERVICES ACT 2012

EXEMPTION NOTICE

Exemption for the City of Greater Geraldton for a water service provided to the Mullewa Township
In accordance with section 7 of the *Water Services Act 2012*, the Hon Mia Davies MLA, Minister for Water, granted an exemption from the application of section 5(1) of the Act to the City of Greater Geraldton on 3 July 2015, for the provision of a water service to the Mullewa township.

The City of Greater Geraldton provides a sewerage service to around 26 customers in the town of Mullewa. Effluent is collected from septic tanks and piped (gravitates) to a single facultative evaporation pond.

The licensing exemption will not affect the application of other regulatory provisions, such as those imposed under the *Health Act 1911* and the *Environmental Protection Act 1986*.

The exemption is valid for an indefinite period.

Summary of the reasons for the decision

Granting this exemption is not contrary to the public interest. It is considered that—

- The regulatory burden imposed by licensing would be disproportionately high given the very small scale of the service.
- The risk of the City of Greater Geraldton exploiting its monopoly power is very low. The service is operated on a not-for-profit basis.
- The service poses minimal risk to public health and the environment.
