Scheme Text

1. Amend sub-clause 6.1.1 of the Scheme to the following—
 - 6.1.1 The following special control areas are shown on the Scheme Maps—
 - (i) Special Control Area No. 1—Bassendean Precinct
 - (ii) Special Control Area No. 2—Wastewater Infrastructure
2. Inserting a new sub-section—

6.3 Wastewater Infrastructure Special Control Area

6.3.1 The purpose of identifying the wastewater infrastructure special control area is to avoid sensitive land uses being established within the odour buffer, and to protect the long term operation and expansion of the plant which provides an essential service to the community through the treatment, re-use and safe disposal of the town's wastewater.

6.3.2 Despite the land use permissibility indicated in the Scheme Zoning Table or any provisions elsewhere in the Scheme, Planning Approval is required for any proposed use or development within the wastewater infrastructure special control area as depicted on the Scheme Map.

6.3.3 The Wastewater Treatment Plant and its associated infrastructure may create odour nuisance to surrounding land uses. Therefore, when determining applications for planning approval for development or land use within the Special Control Area, the Council shall—

- a. Consider the compatibility of the use or development with wastewater treatment plant infrastructure having regard to potential odour and noise emissions from the wastewater treatment plant;
- b. Consider whether the use or development would have a detrimental impact on the long term operation of the wastewater treatment plant;
- c. Obtain and have regard to the advice and recommendations of the wastewater treatment operator and the Department of Environmental Regulations and any relevant policies of the Department of Environment Regulation and the Western Australian Planning Commission, including State Planning Policy 4.1 (State Industrial Buffer Policy);
- d. Not approve any application for land use or development within the buffer that are considered to be sensitive land uses and would suffer unacceptable impacts from odour, or which by its nature may adversely impact on the continued operation of the wastewater treatment plant.
