ENERGY

EN401*

ENERGY COORDINATION ACT 1994

APPROVAL OF AMENDMENTS TO THE REMCO RETAIL MARKET SCHEME

The Economic Regulation Authority, pursuant to Section 11ZOM of the *Energy Coordination Act 1994*, hereby gives notice that the following amendments to the REMCo Retail Market Scheme have been approved—Rule Change Proposals C03/15R, C05/15S and C05/15R.

Rule Change C03/15R proposed adding a note to Retail Market Rule 79 to increase clarity on the Explicit Informed Consent (EIC) requirements for ‘move-ins’.

Rule Change C04/15S proposed a simple typographic change to amend a referencing error to Hansen’s Network in the ‘FRC B2B Hub System Architecture’ Specification Pack.

Rule Change proposal C05/15R proposed changes to Appendix 1 of the Rules, covering coding of gas zones and gate points, to recognise a new gate point (1107P) from the Parmelia Pipeline, which will be interconnected to Metro-South Sub-network (1107), with first gas flows from 1 January 2016.

REMCo classified Rule Changes C03/15R and C05/15S as non-consequential. Rule Change C05/15R involved amending Appendix 1 of the rules, which is covered under Market Rule 15 instead of the standard Rule Change process, and was therefore not subject to classification.

Rule Changes C03/15R, C05/15S and C05/15R are to take effect on 1 January 2016. Details regarding these amendments and the Economic Regulation Authority’s decisions are available on the Economic Regulation Authority’s website (www.erawa.com.au).

PLANNING AND DEVELOPMENT ACT 2005
 Instrument of Delegation

SECTION A—Types of Development

1. Development on zoned land

Applications for development on land zoned under the MRS except—

- (a) where the land is subject to a resolution under Clause 32 of the MRS; or
- (b) where the land is subject to the declaration of a planning control area under Section 112 of the *Planning and Development Act 2005*; or

- (c) where that land is partly within the development control area described in section 10 of the *Swan and Canning Rivers Management Act 2006* or is outside the development control area but abuts waters within the development control area; or
- (d) where the local government is of the opinion that the application should be determined by the WAPC on the grounds that the proposal is of State or regional importance or is in the public interest, or
- (e) in respect of public works undertaken by public authorities.

2. Development on regional road reservations

Applications for developments on or abutting land that is reserved in the MRS for the purpose of a regional road, but excluding any application relating to large format digital signage.

3. Large Format Digital Signage applications

Applications for development in relation to large format digital signage, on land or abutting land reserved under the MRS for the purpose of a Primary Regional Road.

SECTION B—Conditions

1. Referral requirements for development on land within or abutting a regional road reservation

The following applications for development on land that abuts or is fully or partly reserved as regional road reservation (classified as Category 1, 2 and 3) shall be referred to Main Roads WA (MRWA) or the Department of Planning (DoP), as applicable, for transport planning related comments and recommendations before being determined by the local government subject to the process explained in clause 4, Section B.

Type of regional road reservation in the MRS	Classification on plans SP 693 (PRR) and SP 694 (ORR)	Referral Agency
Primary Regional Road (PRR)	Category 1, 2 and 3	Main Roads WA
Other Regional Road (ORR)	Category 1, 2 and 3	Department of Planning

The regional road network (PRR and ORR) changes periodically with amendments to the MRS. This clause relates to all regional road reservations in the MRS as amended from time to time. Regional roads subject to this notice and the relevant agency that is responsible for their planning are shown on accompanying editions of plans SP 693 (PRR, MRWA) and SP 694 (ORR, WAPC).

The road categories shown on plans SP 693 (PRR) and SP 694 (ORR) classify the regional roads based on—

- (a) the permissible vehicular access arrangements to the subject land via the regional road frontage
 - **Category 1 road** means that frontage access is not allowed (control of access);
 - **Category 2 road** means that frontage access may be allowed subject to approval; and
- (b) the legibility and statutory powers of current road land requirements defined for the purpose of regional road reservation in the MRS
 - **Category 3 road** means that the subject regional road reservation is not accurately defined or is subject to review by the agency that is responsible for planning of the regional road.

“**Category 1 road**” applies where regional roads—

- (a) are constructed or planned to a fully controlled and grade separated freeway standard; or
- (b) are constructed or planned to an access controlled arterial standard, (i.e. functioning as Primary Distributor or Integrator Arterial (District Distributor) road with widely spaced signalised intersections or roundabouts, and a few, if any, direct access points to individual sites or local streets.

“**Category 2 road**” applies where regional roads—

- (a) are constructed or planned to a partially access controlled arterial standard, (i.e. a primary or district distributor road with direct connections to local streets and driveways to larger sites, but with some restriction of direct frontage access to individual properties); or
- (b) have direct frontage access to abutting properties due to the historic development of the road and properties.

“**Category 3 road**” applies where regional road reservation is not accurately defined or is under review.

For enquiries and assistance regarding—

- (a) PRR Category 1, 2 and 3—call Main Roads WA on 138 138.
- (b) ORR Category 1, 2 and 3—call Department of Planning on (08) 6551 9000.

Tables 1, 2 and 3 below outline the category of the regional road reservation and the criteria for referring development applications to agencies for comment in accordance with this instrument of delegation.

- (4) With regard to proposals for new noise-sensitive developments, the local government shall have due regard to the provisions of Commission's *State Planning Policy — 5.4 Road and Rail Transport Noise and Freight Considerations in Land Use Planning*. - (6) The relevant referral agency (as per clause 1, *Section B*) will liaise with other agencies with transport planning responsibilities for regional roads (eg. Department of Planning, Department of Transport, MRWA and Public Transport Authority) prior to responding to local government to ensure that integrated transport and land use planning outcomes are considered in assessing land use development proposals.

2. Referral requirements for development on land abutting the Swan River Trust Development Control Area

Applications for development on land that is outside the development control area but abutting land that is in the development control area, or which in the opinion of the local government are likely to affect waters in the development control area, shall be referred to the Swan River Trust for comment and recommendation before being determined by the local government.

3. Referral requirements for development on land abutting other reservations

Applications for development on land abutting land reserved in the MRS for purposes other than regional roads or Parks and Recreation (where the reservation corresponds with the Swan River Trust development control area and is covered by Clause 2, Section B of this notice) shall be referred to the public authority responsible for that reserved land for comment and recommendation before being determined by the local government.

In the case of land reserved for the purpose of Parks and Recreation, which is not vested or owned by another public authority, the applications shall be referred to the Department of Planning before being determined by the local government.

4. For the purpose of this Instrument of Delegation (excluding applications under clause 3, Section A)—

- (a) Where an application is referred by the local government to a public authority for comment and recommendation, the public authority shall provide comment and a recommendation, if any, within 30 days of receipt of the application. If no comment or recommendation is received within that 30 day period the local government may determine the application on the available information.
- (b) Where the recommendation provided by the public authority specified in the delegation notice is not acceptable to the local government the application, together with the recommendations provided by all public authorities consulted and the reasons why the recommendation is not acceptable to the local government, shall be referred immediately to the WAPC for determination.
- (c) The powers delegated to a member or officer of a local government may only be exercised by a member or officer who has been delegated power from the local government to consider and determine applications for approval to commence and carry out development within the local government district under the local government's local planning scheme.

5. Referral Requirements for applications for large format digital signage development on land on or abutting a Primary Regional Road reservation

Where applications for large format digital signage development relate to land that abuts, or is fully or partly reserved as Primary Regional Roads (PRR) reservation in the MRS, the following shall apply—

- (a) DoT shall refer the application to the relevant local government and Main Roads WA for comment and recommendation;
- (b) the local government and Main Roads WA shall provide their comments and recommendations, if any, to the delegate within 30 days of receipt of the application;
- (c) Once the 30 day period has elapsed, the delegate may determine the application, even in the absence of comments and recommendations; and
- (d) the delegate is not bound to follow any recommendation received.

Interpretation

In this Instrument of Delegation, unless the context otherwise requires—

- A reference to a 'position' or 'classification' contemplates and includes a reference to its successor in title.

- “access” means both entry and exit from either a road or abutting development by a vehicle.
- “Commission” or “WAPC” means the “Western Australian Planning Commission”.
- “development” has the same meaning given to it in and for the purposes of the *Planning and Development Act 2005* or “development means the development or use of any land, including—
 - (a) any demolition, erection, construction, alteration of or addition to any building or structure on the land;
 - (b) the carrying out on the land of any excavation or other works;
 - (c) in the case of a place to which a Conservation Order made under section 59 of the *Heritage of Western Australia Act 1990* applies, any act or thing that—
 - (i) is likely to change the character of that place or the external appearance of any building; or
 - (ii) would constitute an irreversible alteration of the fabric of any building”.
- “DoT” means the Department of Transport
- “local government” means a local government within the area covered by the MRS.
- “local road” means a public road other than a private road or a road subject of reservation under Part II of the MRS.
- “not acceptable” means that the local government wishes to determine the application, as a delegate of the WAPC, in a manner that is inconsistent with the recommendation received from the public agency to which the local government was required to consult under this Notice of Delegation.
- Main Roads WA means Main Roads Western Australia
- “regional road” means any road designated under the region Scheme as follows—
 - (a) land coloured red in the Scheme Map—Primary Regional Roads; and
 - (b) land coloured dark blue in the Scheme Map—Other Regional Roads.
- “reserved land” means land reserved under Part II of the MRS.
- “road reservation” means land reserved for the purposes of a regional road in the MRS.
- “significant increase in traffic” means generating more than 100 vehicle trips in the peak hour and would therefore require a Transport Assessment to accompany the development application. Refer to the Commission’s *Transport Assessment Guidelines for Developments (Volume 4, Table 1)*
