### BUSH FIRES ACT 1954

*City of Perth*

#### FIREBREAK NOTICE 2017-2018

Notice to all owners and/or occupiers of land within the City of Perth

Pursuant to the powers contained in Section 33 of the *Bush Fires Act 1954*, you are hereby required, on or before 1 November 2017 or within 14 days of becoming the owner or occupier after 30 September 2017 and thereafter up to and including 30 April 2018, to remove from the land owned or occupied by you, all flammable matter from the whole of the land, except living trees, shrubs and plants under cultivation and lawns, in accordance with this notice.

If, for any reason, an owner and/or occupier consider it impractical to clear the land or to comply with other fire protection measures in accordance with this notice, the owner and/or occupier may apply in writing to the City no later than 30 September in any year for a variation. If permission is not granted in writing by the City or its authorised officer, the owner and/or occupier must comply with the requirements of this notice. Any variation granted by the City will apply only for a single Firebreak Period. A variation granted by the City shall only remain in force until 30 April in the following year.

The penalty for failing to comply with this notice is a fine, not exceeding \$5,000 and a person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

By order of the City of Perth,

MARTIN MILEHAM, Chief Executive Officer.

## LG502

### BUSH FIRES ACT 1954

*Shire of Corrigin*

#### FIREBREAK ORDER 2017/2018

Pursuant to the powers contained in Section 33 of the *Bush Fires Act 1954*, you are hereby required to install firebreaks clear of all flammable material or take alternative approved measures, and to undertake fuel hazard reduction measures before 31 October 2017 and thereafter maintain free of all inflammable material until 15 April 2018.

#### 1. RURAL LAND

1.1 **Mineral earth firebreaks** of not less than 2.44 metres (8 feet) in width must be constructed along and within 20 metres of all external boundaries of the property owned or occupied by you. If any portion of the land adjoins a public road or railway line, a firebreak must also be constructed along that boundary.

1.2 Property in excess of 250 hectares shall have fire **mineral earth firebreaks** positioned as necessary to divide land into areas not exceeding 250 hectares each completely surrounded by a **mineral earth firebreak**.

1.3 Clear and maintain **mineral earth firebreaks** at least 2.44 metres (8 feet) wide within 20 metres of the perimeter of any building or group of buildings, fuel tanks, hayshed or haystack, in such a manner as to fully encircle the structure/s. In addition to **mineral earth Firebreaks**, a 20 metre wide low fuel zone is required to be maintained around any building or group of buildings, fuel tanks, hayshed or haystack. Low fuel means the removal of inflammable material, dead trees, leaf litter and trash and the removal of dead branches to a height of 1.5 metres from live standing trees. Grass is to be slashed to a height not exceeding 100mm.

1.4 During any period when harvesting operations are being conducted, there shall be provided an operational mobile firefighting unit with a minimum capacity of 500 litres of water located in or

immediately adjacent to the paddock being harvested. The responsibility to supply the unit is that of the landowner/occupier.

## 2. TOWN SITES

2.1 Where the area of the land is 0.2 hectares (one half of one acre) or less, you shall clear all inflammable material on the land from the whole of the land.

2.2 Where the area of the land exceeds 0.2 hectares (one half of one acre), you shall clear of all inflammable material, *mineral earth Firebreaks* not less than 2.44 metres (8 feet) wide immediately inside all external boundaries of the land, and also immediately surrounding all buildings, haystacks and fuel ramps situated on the land, and also immediately surrounding any drums or drums situated on the land which are normally used for the storage of fuel, whether they contain fuel or not.

## 3. GENERAL PROVISIONS

The term "*inflammable Material*" or the purpose of this notice includes bush (as defined in the *Bush Fires Act 1954*), timber, boxes, cartons, paper, and the like inflammable materials, rubbish and any combustible matter, but does not include buildings, green standing trees and bushes or growing bushes or plants in gardens or lawns.

If it is considered to be impractical for any reason to provide *mineral earth firebreaks* in the position or adhere to the provisions required by this notice, the written approval of Council or a duly authorised officer must be obtained to prepare such *mineral earth firebreaks* in an alternative position. If permission is not granted by Council or a duly authorised officer you shall comply with the requirements of this order.

The term "*mineral earth firebreak*" means an area of the owner(s)/occupiers(s) land, cleared and maintained totally clear of all vegetation material (living or dead) so there is only mineral earth left.

The term "*harvesting/Total Movement Ban*" includes harvesting and the movement of vehicles in paddocks, except vehicles carrying water to stock. Contractors carting lime, gypsum or fertilizer are allowed to enter into paddocks to unload at any time that there is a "*Harvest/Total Movement Ban*" in place on the condition that a manned fire unit with at least 500 litres of water is in attendance.

## 4. HARVEST/MOUMENT OF VEHICLES BANS

A ban on harvesting and the movement of vehicles in paddocks (except for the watering of stock) is likely to be imposed when the predicted weather conditions are classified by the Bureau of Meteorology as very high or extreme. Harvesting is not permitted on Christmas Day and New Year's Day.

## 5. ADDITIONAL RESPONSIBILITIES AND PENALTIES

Persons who fail to comply with the requirements of this Order may be fined up to \$5000. In addition, Council can arrange for the required work to be carried out at the cost of the owner or occupier. Gas or electric barbecues ONLY are permitted during Prohibited Burning Periods. No solid fuel or wood barbecues allowed. Camping and Cooking fires are prohibited during the prohibited and restricted burning periods unless a valid permit has been issued by the Chief Bush Fire Control Officer.

A Permit to Burn must be obtained during Restricted Burning Periods. Permits are generally subject to a number of conditions but are NOT valid for burning on Sundays or Public Holidays or during Easter when Easter falls within the restricted burning period, unless approved by the Chief Bush Fire Control Officer.

Prior to any burning, you are required to notify your neighbours, Fire Control Officer and the Shire of Corrigin. Besides being responsible for the safety of your own property, if a fire escapes from your property you may be liable to pay compensation for any damage caused outside of your property—this could be very costly.

Public infrastructure must not be placed in a manner that results in an above-ground encroachment into the firebreak area. Trees must not be planted in a manner that results in vegetation encroaching into the firebreak area.

## 6. BURNING PERIODS

RESTRICTED BURNING PERIOD—Permit to burn required from a Fire Control Officer from 19 September 2017 to 31 October 2017; from 16 February 2018 to 15 April 2018.

NO BURNING PERMITTED (INCLUDING CAMP FIRES)—From 1 November 2017 to 15 February 2018.

## 7. FIRE CONTROL OFFICERS

Shire of Corrigin Fire Control Officers are authorised to issue permits to burn on private land during the Restricted Burning Period. Fire Control Officers are also empowered to enter land and issue directives relating to fire suppression and control.

CHIEF BUSH FIRE CONTROL OFFICER—Greg Evans

DEPUTY CHIEF BUSH FIRE CONTROL OFFICERS—Andrew Szczecinski and Steven Bolt

FIRE CONTROL OFFICERS—

Sadow Jacobs, Bruce Mills, Steven Bolt, Paul McBeath, Andrew Szczecinski, Greg Evans, Greg Doyle, Craig Jespersion, Bryce Nicholls, Ray Hathaway, Tony Guinness, John Hewett, Braden Grylls, Tim George, Kim Courboules, Bruce Talbot, Garrick Connelly, Adam Rendell and Rob Paull

**WATER SERVICES ACT 2012****EXEMPTION NOTICE**

Exemption for Total Eden Pty Ltd for the provision of a water service to the Rosehill Waters Estate, South Guildford

In accordance with section 7 of the *Water Services Act 2012*, Hon Dave Kelly MLA, Minister for Water, has granted an exemption from the application of section 5(1) of the Act to Total Eden Pty Ltd for the provision of a water service to the residents of the Rosehill Waters Estate.

The exempted water service is the supply of non-potable water provided as part of a community bore scheme at the Rosehill Waters Estate. Water is sourced from on-site bores and distributed through a reticulation network to irrigate public open spaces and residential lots within the Estate.

The exemption will come into effect on the day it is published in the *Government Gazette* and is valid for an indefinite period.

**Summary of the reasons for the decision**

Granting this exemption is not contrary to the public interest. It is considered that—

- The regulatory burden imposed by licensing would be disproportionately high given the small scale of the service.
- The risk of Total Eden Pty Ltd exploiting its monopoly power is very low. The service is operated on a not-for-profit basis.
- The service represents a low risk to public health (as the supply is sourced from groundwater and is not for potable use).
