In addition to *mineral earth firebreaks*, a 20 metre wide low fuel zone is required to be maintained around any building or group of buildings, fuel tanks, hayshed or haystack. Low fuel means the removal of inflammable material, dead trees, leaf litter and trash and the removal of dead branches to a height of 1.5 metres from live standing trees. 1.4 During any period when harvesting operations are being conducted, there shall be provided an operational mobile firefighting unit with a minimum capacity of 500 litres of water located in or immediately adjacent to the paddock being harvested. If permission is not granted by Council or a duly authorised officer you shall comply with the requirements of this order.

The term "*mineral earth firebreak*" means an area of the owner(s)/occupiers(s) land, cleared and maintained totally clear of all vegetation material (living or dead) so there is only mineral earth left.

The term "*harvesting/total movement ban*" includes harvesting and the movement of vehicles in paddocks, except vehicles carrying water to stock.

Contractors carting lime, gypsum or fertilizer are allowed to enter into paddocks to unload at any time that there is a "*harvest/total movement ban*" in place on the condition that a manned fire unit with at least 500 litres of water is in attendance.

**COMMISSION**

appointing a Royal Commission to inquire into and report on violence against, and abuse, neglect and exploitation of, people with disability

To: **The Honourable Ronald Sackville AO QC**

**Ms Barbara Bennett PSM**

**Dr Rhonda Louise Galbally AC**

**Ms Andrea Jane Mason OAM**

**Mr Alastair James McEwin**

**The Honourable John Francis Ryan AM**

**RECITALS**

1. People with disability are equal citizens and have the right to the full and equal enjoyment of all human rights and fundamental freedoms, including respect for their inherent dignity and individual autonomy.
2. People with disability have the same rights as other members of Australian society to live and participate in safe environments free from violence, abuse, neglect and exploitation.

3. All forms of violence against, and abuse, neglect and exploitation of, people with disability are abhorrent.

4. Australia has international obligations to take appropriate legislative, administrative and other measures to promote the human rights of people with disability, including to protect people with disability from all forms of exploitation, violence and abuse under the Convention on the Rights of Persons with Disabilities.

5. To give effect to those obligations and broader responsibilities to all Australians, all Australian Governments provide funding and services for people with disability, and have implemented laws to protect and enhance the wellbeing of people with disability.

6. It is important that violence against, and abuse, neglect and exploitation of, people with disability in all settings and contexts are exposed and examined, including through the sharing of individual experiences.

7. It is important that people with disability are central to processes that inform best practice decision-making on what all Australian Governments and others can do to prevent and respond to violence against, and abuse, neglect and exploitation of, people with disability.

8. All Australian Governments have expressed their support for, and undertaken to cooperate with, your inquiry.

#### OPERATIVE PART

By this Commission under the Public Seal of the State, I, the Governor, acting under the *Royal Commissions Act 1968* and all other enabling powers and with the advice and consent of the Executive Council—

- (a) appoint you to be a Royal Commission to inquire into the following matters —
- (i) what governments, institutions and the community should do to prevent, and better protect, people with disability from experiencing violence, abuse, neglect and exploitation, having regard to the extent of violence, abuse, neglect and exploitation experienced by people with disability in all settings and contexts;
  - (ii) what governments, institutions and the community should do to achieve best practice to encourage reporting of, and effective investigations of and responses to, violence against, and abuse, neglect and exploitation of, people with disability, including addressing failures in, and impediments to, reporting, investigating and responding to such conduct;
