Affected multiples will be recalculated, excluding that leg. Please note that individual sports rules stating a different time period will override this Rule.</p>
62.	In the case of sports betting and all other contests that involve a set length of play or time limit, players must play and the event must run to the conclusion of the designated time, to be considered official for betting purposes. Please note that individual sport rules that state otherwise will override this Rule.
63. 82.	A reference to the “Field Size Rule” sets out how place dividends are paid. For all races within Australia and overseas the Field Size Rule is as follows— (a) where there are 8 or more runners in a race, a dividend shall be paid on 1st, 2nd and 3rd places; (b) where there are 5, 6 or 7 runners in a race, a dividend shall be paid on 1st and 2nd places only; and (c) where there are less than 5 runners in a race, the wagers shall be Win Only.
83.	(a) A reference to “Win/Place Fixed Odds” means the price quoted by RWWA of a specified runner at the time of placing the wager. (b) Win/Place Fixed Odds refers to the Fixed Price quoted by RWWA of a specific runner prior to placing a wager. These odds are fixed at the time of placing the wager. All Fixed Win/Place wagers are subject to the Field Size Rule (Rule 82). If a Fixed Price wager is struck once the “Final Field” is declared, such wagers are subject to scratching and deductions. (c) All deductions applied by RWWA on Fixed Odds wagers struck after official opening prices have been announced will be sourced from the racetrack of race origin or, where applicable, with the following— Other than ‘first past the post’ bets, all bets will be settled according to the result as announced at the ‘Weighed-In’ with the following exceptions— (A) Single ante-post bets, being made before 10 a.m. on the day of the final declarations will be void under the following circumstances— (i) If the race is abandoned; (ii) If the race is declared void; (iii) If the Conditions of the race entry are changed prior to the start of the race; (iv) If the venue is altered; or (v) If a horse is eliminated under the British Horseracing Authority (BHA) Rules of Racing, schedule 8 of the Race Administration Manual (F). However, in any such circumstances accumulative ante-post bets (win or place) will stand and be settled at the ante-post price(s) laid on the remaining horse(s). Any race in which a horse is supplemented does not affect Rule 4(A). In the event of a race being postponed to another day, ante-post bets placed before the entries have closed will stand and will only be made void if the race is abandoned or made void, if the horse is balloted out or eliminated under the previously mentioned schedule 8 of the BHA’s Rules of Racing or if the venue is changed. Ante-post bets placed after the entries have closed will be void, except when the race is run at a later date at the same venue and entries for the race are not reopened, in which case bets will stand. (B) Bets other than ante-post bets will be void if the race is abandoned or declared void. Bets will stand if the race is postponed to another day

and final declarations stand. If the final declarations do not stand, bets will be void. Bets on a horse declared by the Starter 'not to have started' will be void.

- (C) Where a bet has been placed and a price taken on the day of the race and there is subsequently an official notification that a horse has been withdrawn or has been declared 'not to have started', the liability of a layer against any horse remaining in the race, win or place, will be reduced in accordance with the following scale depending on the odds current against the withdrawn horse at the time of such official notification—

Odds (or decimal equivalent)	Scale of deduction (per £)
1/9 or longer odds on	90 pence
2/11 to 2/17	85 pence
1/4 to 1/5	80 pence
3/10 to 2/7	75 pence
2/5 to 1/3	70 pence
8/15 to 4/9	65 pence
8/13 to 4/7	60 pence
4/5 to 4/6	55 pence
20/21 to 5/6	50 pence
Evens to 6/5	45 pence
5/4 to 6/4	40 pence
8/5 to 7/4	35 pence
9/5 to 9/4	30 pence
12/5 to 3/1	25 pence
16/5 to 4/1	20 pence
9/2 to 11/2	15 pence
6/1 to 9/1	10 pence
10/1 to 14/1	5 pence
Over 14/1	No deduction

In the case of two or more horses being withdrawn, the total reduction shall not exceed 90 pence in the pound.

In the case of withdrawals in reformed markets, the total deduction over the two or more horses (i.e. one in the original and one in the reformed market) will be calculated on the prices applicable in the original market.

For bets placed in reformed markets, deductions applied to withdrawn horses in these markets will be calculated on the prices applicable in these markets.

Bets made at Starting Price are not affected, except in cases where insufficient time arises for a new market to be formed, when the same scale of reductions will apply. In the event of the withdrawal of one or more runners in circumstances which would lead to only one runner and therefore a 'walkover', all bets on the race will be void. The race will be considered a 'walkover' for the purpose of settling bets.

For the purpose of this Rule the non-appearance of a declared runner will be held to be an official notification of the withdrawal of such horse before the race is off. In the case of a horse declared by the Starter 'not to have started', a racecourse announcement will be made to that effect. This official announcement will be made before the race result is displayed.

- (D) In the event—

- (i) of an announcement being made that the provisions of Rule 4(C) do not apply on the grounds that no market had been formed at the time of the withdrawal of a declared runner, all bets (other than ante-post bets) will be settled at Starting Price with the exception of bets placed at Early Prices when Rule 4(C) will operate, based on the current price at the time of withdrawal.
- (ii) of any race where the Starting Price Validators deem that an on-course market has been formed less than 90 minutes before the advertised 'off' time of that race, any bets placed will be subject to Rule 4(C) deductions.
- (iii) that no prices have been transmitted to the off-course industry, but a market is deemed to have been formed on-course by a sufficient number of licensees, Rule 4(C) deductions will apply only to bets made on-course, prior to the withdrawal of a declared runner.

	(E) In the event of a reserve horse replacing a declared runner, all bets placed prior to such a replacement and a new market being formed, other than ante-post bets, will be settled at Starting Price. (d) Not Adopted (e) Not Adopted (f) Not Adopted (g) Not Adopted

481.	Where revised match betting is offered (between sessions), 1 frame/set of the following session must be completed for bets to stand.
482.	For handicap betting, a handicap will only be given to one player/team, and the result determined + or- that handicap.
483.	For match betting both nominated players must compete for bets to stand.
484.	For Outright betting a player must commence the tournament for bets to stand.
485.	In-running markets In the 'To pot the first ball' market of a nominated frame, fouls do not count toward settlement.
486.	Re-racks will not count towards settlement unless a ball was not potted in the original frame.
487.	For total points in a nominated frame, in the event of a re-rack, only points scored in the completed frame will count.
488.	For tournament highest break, only one break per player will count towards the settlement (e.g. Player A scores 141 and 140 in the tournament only the 141 will count towards settlement).
489.	In the event of a player being awarded a frame due to the withdrawal of the opposing player, frame betting, to win 1st frame, to win a nominated frame and all other related markets will be settled as per regular settlement listed above.
490.	For Next Four frames outright and Correct Score, Next Session outright/correct score, if the market is not completed due to the match result having been determined before this point, then bets will be deemed void unless already determined as a losing bet. If all frames are not completed due to time constraints, bets will be settled when play resumes and settlement point is reached.
491.	SOCCER Acceptance of Bets and Settlement All soccer bets will be settled on the score at the final whistle at the end of full time. This denotes the period of play after 90 minutes plus any time added by the referee for injuries and other stoppages but does not include scheduled extra time, or penalty shoot-outs, if played. Extra time denotes the period of play which takes place after full time but which does not include any penalty shoot-outs. In matches where penalty shoot-outs or extra time are due to take place, all bets are settled on the full time score unless specifically stated otherwise.
492.	For matches played at neutral venues, the team listed on the left in the match fixture emanating from the relevant governing body of the football competition in question is classed as the 'home' team for settlement purposes.
493.	When a match is abandoned before the completion of play (90 mins including stoppage) the Head2Head result will be void unless the leagues governing body within 24 hours declare an official result. All other markets will be void and refunded, except those that have already reached an unconditional conclusion.
494.	Postponed/re-arranged matches If a match is postponed, and not re-scheduled to take place within 24hrs of the original scheduled time, all bets will be voided.
495.	If the venue of a match is different to what we have listed on site, all bets will still stand, except when the match has been switched to the opponent's home ground, in which case all bets will be voided.
496.	Correct Score Settlement of bets will be based on the final score of a particular match, or on a number of matches, at the end of the period of time in question, be it of 90 minutes duration (including stoppage time) or such time as otherwise specified under the terms of the bet.

497.	Halftime / Fulltime Double and Double Chance Halftime/Fulltime Double Chance bets are settled based on the result of the match at both half time and full time. Bets will be void if a match is abandoned prior to the completion of 90 minutes play.
498.	Double Chance bets are settled based on two possible outcomes at the end of 90 minutes play (including stoppage time).
499.	Home/Away Team Bets The following applies to Home/Away Team Bets— Home team and Away team—bet wins if either team wins; Home team and draw—bet wins if Home team wins or the match is a draw; Away team and draw—bet wins if Away team wins or the match is a draw.
500.	To Win Both Halves For the purposes of ‘To Win Both Halves’ bets, a match is treated as two separate 45 minute ‘mini-games’ and the team selected must score more goals than the other team in each of the two halves. For example, if a 45-minute match finishes 1-0, one of the halves must have been 0-0 and one must have been 1-0. Therefore, as the winning team did not actually win both halves, bets on that team to win both halves would be settled as losers.
501.	Goalscorer Bets Own goals are ignored for the settlement of all goalscorer bets. Bets on a player who does not take to the pitch will be void.
502.	For first goalscorer bets, all bets on a player who takes no part in the match or who comes on as a substitute after the first goal has been scored will be void. If a match is abandoned before the first goal is scored, all bets are void. This includes any ‘no goalscorer’ bet. If the match is abandoned after the first goal is scored, all bets will stand. If the only goal scored before the end of full time is an own goal, then ‘no goalscorer’ will be deemed the outcome.
503.	For last goalscorer bets, all bets on a player stand as long as they take to the pitch, regardless of whether they were on the pitch when the last goal was scored. If the only goal scored within 90 minutes is an own goal, then ‘no goalscorer’ will be deemed to have been the outcome.
504.	For anytime, brace or hat-trick goalscorer bets, all bets on a player stand as long as they take to the pitch. Only goals scored during normal time plus stoppage count. Own goals do not count. In the event of an abandoned match all bets will be void, unless bets on a player to score a brace, hat-trick or at any time have already reached an unconditional conclusion.
505.	For last team to score, settlement is based upon the team scoring the last goal before the end of full time. Own goals DO count for this market. For example, if Chelsea are playing Tottenham and the last goal is an own goal by a Tottenham player, Chelsea would be the winner in the ‘last team to score’ market.
506.	Settlement for goalscorer markets will be derived from information supplied by the official governing body of the league in which the bet was struck.
507.	Every effort is made to quote odds for all players for each relevant player market. However if a player is left out, odds are available upon request and they will still count as the winner for that market even if not listed on the RWWA Website.
508.	Total Goals Odd or Even All bets will be settled on whether the total number of goals scored before the end of full time will be an odd or an even number. Zero goals will be considered to be ‘even’ for the purpose of this market.
509.	Goal Minute and Time Reliant Markets For settlement purposes, the first minute of a game will be from 1 second to 59 seconds, the 2nd minute from 1 minute to 1 minute 59 seconds and so on. For example, if a bet is placed on the first goal to be scored between 11 and 20 minutes and the first goal is scored at 20 minutes 03 seconds; the bet will be a loser as this falls within the 21 to 30 minutes category.
510.	All goals scored in stoppage time at the end of the first half will be resulted as being in the 45th minute; likewise all goals scored in stoppage time at the end of the second half will be resulted as being in the 90th minute.
511.	For all markets that rely on a specific Time to be settled, the official time shall come from information supplied by the official governing body of the league in which the bet was struck.
512.	Over/Under Goal Line Bets are settled on whether there will be more or less total goals scored before the end of full time than the handicap goal-line stated. If we are offering a “whole number” goal line and the total number of goals equals the goal-line, stakes will be refunded.
513.	Scorecasts (first player to score and correct score) Winning bets will have successfully predicted both the player who will score the first goal in a selected match and also the correct score at the end of full time.

514.	In the event that your selected player takes part in the match after the first goal has been scored or does not take part in the game at all, a scorecast bet will revert to a single bet on the correct score at the price advertised for that single bet at the time the bet was placed.
515.	As own goals do not count for first goalscorer purposes, in the event that the first goal is an own goal the scorecast will be settled on the next goalscorer and correct score of the game. If the final score is 1-0 and the goal is an own goal, scorecast bets are settled as a correct score single as above.
516.	In the event that a match is abandoned prior to the completion of full time and a goal has been scored, scorecast bets will be settled as first goalscorer single bets. If no goal has been scored, all bets will be void.
517.	Bookings Markets Bookings markets are settled by reference to cards shown during the first or second half of the match including injury time but excluding extra time. Cards will only count which are shown to players after they take the pitch for the first time and before they leave the pitch for the final time. Cards shown to non-players (e.g. managers) do not count. Any card shown after the full time whistle has been blown shall be disregarded. If after the final whistle a card shown during a game is rescinded, or reduced to a yellow card from a red card, that will not affect the settlement of any markets involving bookings on the game in question.
518.	A player receiving a red card as a consequence of receiving a second yellow card will in all cases be deemed to have been shown one yellow card and one red card.
519.	For markets involving the time of yellow and red cards, these markets will be settled by reference to the time at which the relevant card is shown.
520.	For booking index bets a yellow card is 10 points and a red card is 25 points. Settlement is determined by adding the points per card issued before the end of full time. A maximum of 35 points can be awarded to any one player.
521.	Number of Corners The total number of corners taken before the end of full time is used for settlement of such bets. Corners awarded but not taken will not count.
522.	Half Time Betting All bets relating to just the first half are settled on the result of the match at half time. Half time denotes the period of play after 45 minutes plus any time added by the referee for injuries and other stoppages. In the event that the match is abandoned prior to half time, bets will be void. However, if the match is abandoned during the half-time interval or during the second half, all bets will stand.
523.	Handicap Betting Handicap bets are settled on the basis that one of the team is given half a goal or more head start. Bets are settled by adding (or subtracting) the goal handicap to the full time result.
524.	With Whole Ball Handicaps if the scores are level after the handicap has been applied it will result in a push that will have the stake returned. E.g.: Team X -2, Team Y +2 If Team X win 2-0, bets on both Teams X and Y will be a push and be returned. If Team X win 3-0, bets on Team X will be winners and Team Y will be losers. If Team X win 1-0, bets on Team X will be losers and Team Y will be winners.
525.	In the case of Half Ball Handicaps, there can be no push result. E.g.: Team X -1.5, Team Y +1.5 If Team X win 2-0, bets on Team X are winners and Team Y are losers. If Team X win 1-0, bets on Team X are losers and Team Y are winners.
526.	With all Handicap with Tie betting, markets are resulted at completion of normal time. If the result lands on the handicap then handicap draw is paid as the winner.
527.	Penalty Shoot-outs All penalty shoot-out markets apply only to the result of a penalty shoot-out. Penalties scored before the completion of full time and/or extra time will not count for the purposes of this market. In the event that a match does not go to a penalty shoot-out, all bets on these markets will be void.
528.	Match Bets between Two Players For match bets between two players (e.g. which player will be booked first, or which player will score more goals) both players must take the field for bets to stand.
529.	Extra Time Betting Extra time betting will be based on the scheduled period of play during extra time. All extra time betting markets will start from the beginning of extra time and not include normal time (i.e. the time before the end of full time).
