**PLANNING AND DEVELOPMENT ACT 2005**

## CITY OF CANNING

**LOCAL PLANNING SCHEME No. 42****PART 1—PRELIMINARY****1.1 Citation**

This local planning scheme is the City of Canning Scheme No. 42.

**1.2 Commencement**

Under section 87(4) of the Act, this local planning scheme comes into operation on the day on which it is published in the *Gazette*.

**1.3 Scheme Revoked**

The following local planning schemes are revoked—

<b>Name</b>	<b>Gazettal date</b>
City of Canning Town Planning Scheme No. 40	14 February 1994
City of Canning Town Planning Scheme No. 29	15 April 1977
City of Canning Town Planning Scheme No. 38	30 March 1990

**1.4 Notes Do Not Form Part of the Scheme**

Notes, and instructions printed in italics, do not form part of this Scheme.

*Note: The Interpretation Act 1984 section 32 makes provision in relation to whether headings form part of the written law.*

**1.5 Responsibility for Scheme**

The City of Canning (herein referred to as “the local government”) is the local government responsible for the enforcement and implementation of this Scheme and the execution of any works required to be executed under this Scheme.

**1.6 Scheme Area**

This Scheme applies to the whole of the district of the City of Canning, comprising the area identified and contained within the inner edge of a broken black line on the Scheme map.

*Note: The Scheme area (or part) is also subject to the Metropolitan Region planning scheme (see clause 1.12) and other local planning schemes (see clause 1.11).*

**1.7 Contents of Scheme**

1.7.1 In addition to the provisions set out in this document (the scheme text), this Scheme includes the following—

- (a) the deemed provisions (set out in the *Planning and Development (Local Planning Schemes) Regulations 2015* Schedule 2); and
- (b) the Scheme Map.

1.7.2 This Scheme is to be read in conjunction with any local planning strategy for the Scheme area.

**1.8 Purposes of Scheme**

The purposes of this Scheme are to—

- (a) set out the local government’s planning aims and intentions for the Scheme area; and
- (b) set aside land as local reserves for public purposes; and
- (c) zone land within the Scheme area for the purposes defined in this Scheme; and
- (d) control and guide development including processes for the preparation of structure plans, activity centre plans and local development plans; and
- (e) set out procedures for the assessment and determination of development applications; and
- (f) set out procedures for contributions to be made for the costs of providing infrastructure in connection with development through development contribution plans; and
- (g) make provision for the administration and enforcement of this Scheme; and
- (h) address other matters referred to in Schedule 7 of the Act.

### 1.9 Aims of Scheme

The aims of this Scheme are—

- (a) to zone and classify the land within the local government for the purposes described in the Scheme so as to promote the orderly and proper development of land, and make suitable provisions for the use of land within the local government; and
- (b) to secure the amenity, health and convenience of the local government and the inhabitants thereof; and
- (c) to set aside land used or to be secured for use as reserves for public purposes; and
- (d) to make provision for the conservation and enhancement of places of cultural heritage significance; and
- (e) to make provision for other matters incidental to town planning and land use.

### 1.10 Relationship With Local Laws

Where a provision of this Scheme is inconsistent with a local law, the provision of this Scheme prevails to the extent of the inconsistency.

### 1.11 Relationship With Other Local Planning Schemes

The following local planning schemes of the City of Canning also apply in the Scheme area—

Scheme No. 17A	Gazettal date 20 March 1998
Scheme No. 21	Gazettal date 13 August 1982
Scheme No. 39	Gazettal date 18 November 1994

### 1.12 Relationship With Region Planning Scheme

The Metropolitan Region Scheme continued under Part 4 of the Act applies in respect of all of the Scheme area.

*Note: The authority responsible for implementing the Metropolitan Region Scheme is the Western Australian Planning Commission.*

## PART 2—RESERVES

### 2.1 Regional Reserves

2.1.1 Regional reserves are marked on the Scheme Map according to the legend on the Scheme Map.

2.1.2 The lands marked as regional reserves are lands reserved for a public purpose under the Metropolitan Region Scheme.

*Note: The process of reserving land under a regional planning scheme is separate from the process of reserving land under the Land Administration Act 1997 section 41.*

### 2.2 Local Reserves

2.2.1 In this clause—

**Department of Main Roads** means the department principally assisting in the administration of the *Main Roads Act 1930*;

**Western Australian Road Hierarchy** means the document of that name available on the website maintained by the Department of Main Roads.

2.2.2 Local reserves are shown on the Scheme Map according to the legend on the Scheme Map.

2.2.3 The objectives of each local reserve are as follows—

### 2.3 Additional Uses for Local Reserves

There are no additional uses for land in local reserves that apply to this Scheme.

## PART 3—ZONES AND USE OF LAND

### 3.1 Zones

3.1.1 Zones are shown on the Scheme Map according to the legend on the Scheme Map.

3.1.2 The objectives of each zone are as follows—

**Table 2—Zone objectives**

<b>Zone name</b>	<b>Objectives</b>
Centre	<ul style="list-style-type: none"> <li>• To designate land for future development as a town centre or activity centre.</li> <li>• To provide a basis for future detailed planning in accordance with the structure planning provisions of this Scheme or the Activity Centres State Planning Policy.</li> </ul>

<b>Zone name</b>	<b>Objectives</b>
Commercial	<ul style="list-style-type: none"> <li>• To provide for a range of shops, offices, restaurants and other commercial outlets in defined townsites or activity centres.</li> <li>• To maintain the compatibility with the general streetscape, for all new buildings in terms of scale, height, style, materials, street alignment and design of facades.</li> <li>• To ensure that development is not detrimental to the amenity of adjoining owners or residential properties in the locality.</li> </ul>
District Centre	<ul style="list-style-type: none"> <li>• Provide a community focal point for people, services, employment and leisure that are highly accessible and do not adversely impact on adjoining residential areas.</li> <li>• Provide for district centres, to focus on weekly needs and services for a wider district catchment.</li> <li>• Provide a broad range of employment opportunities to encourage diversity within the Centre.</li> <li>• Ensure a mix of commercial and residential development, which provides for activity and accessibility at the street level and supports the provision of public transport and pedestrian links.</li> <li>• Provide for a wide range of different types of residential accommodation, including high density residential, to meet the diverse needs of the community.</li> </ul>
General Industry	<ul style="list-style-type: none"> <li>• To provide for a broad range of industrial, service and storage activities which, by the nature of their operations, should be isolated from residential and other sensitive land uses.</li> <li>• To accommodate industry that would not otherwise comply with the performance standards of light industry.</li> <li>• Seek to manage impacts such as noise, dust and odour within the zone.</li> </ul>
Light Industry	<ul style="list-style-type: none"> <li>• To provide for a range of industrial uses and service industries generally compatible with urban areas, that cannot be located in commercial zones.</li> <li>• To ensure that where any development adjoins zoned or developed residential properties, the development is suitably set back, screened or otherwise treated so as not to detract from the residential amenity.</li> </ul>
Local Centre	<ul style="list-style-type: none"> <li>• Provide services for the immediate neighbourhoods, that are easily accessible, which do not adversely impact on adjoining areas.</li> <li>• Provide for neighbourhood and local centres to focus on the main daily household shopping and community needs.</li> <li>• Encourage high quality, pedestrian-friendly, street-orientated development.</li> <li>• Provide a focus for medium density housing.</li> <li>• Ensure the design and landscaping of development provides a high standard of safety, convenience and amenity and contributes towards a sense of place and community.</li> </ul>
Mixed Use	<ul style="list-style-type: none"> <li>• To provide for a wide variety of active uses on street level which are compatible with residential and other non-active uses on upper levels.</li> <li>• To allow for the development of a mix of varied but compatible land uses such as housing, offices, showrooms, amusement centres, eating establishments and appropriate industrial activities which do not generate nuisances detrimental to the amenity of the district or to the health, welfare and safety of its residents.</li> </ul>
Private Community Purposes	<ul style="list-style-type: none"> <li>• To provide sites for privately owned and operated recreation, institutions and places of worship.</li> <li>• To integrate private recreation areas with public recreation areas wherever possible.</li> <li>• To separate potentially noisy engine sports from incompatible uses.</li> <li>• To provide for a range of privately owned community facilities, and uses that are incidental and ancillary to the provision of those facilities, which are compatible with surrounding development.</li> <li>• To ensure that the standard of development is in keeping with surrounding development and protects the amenity of the area.</li> </ul>

Zone name	Objectives
Residential	<ul style="list-style-type: none"> <li>To provide for a range of housing and a choice of residential densities to meet the needs of the community.</li> <li>To facilitate and encourage high quality design, built form and streetscapes throughout residential areas.</li> <li>To provide for a range of non-residential uses, which are compatible with and complimentary to residential development.</li> </ul>
Rural	<ul style="list-style-type: none"> <li>To provide for the maintenance and enhancement of specific local rural character.</li> <li>To protect broad acre agricultural activities such as cropping and grazing and intensive uses such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use.</li> <li>To maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage.</li> <li>To provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the Rural zone.</li> <li>To provide for a range of non-rural land uses where they have demonstrated benefit and are compatible with surrounding rural uses.</li> </ul>
Rural Residential	<ul style="list-style-type: none"> <li>To provide for lot sizes in the range of 1 ha to 4 ha.</li> <li>To provide opportunities for a range of limited rural and related ancillary pursuits on rural-residential lots where those activities will be consistent with the amenity of the locality and the conservation and landscape attributes of the land.</li> <li>To set aside areas for the retention of vegetation and landform or other features which distinguish the land.</li> </ul>
Service Commercial	<ul style="list-style-type: none"> <li>To accommodate commercial activities which, because of the nature of the business, require good vehicular access and/or large sites.</li> <li>To provide for a range of wholesale sales, showrooms, trade and services which, by reason of their scale, character, operational or land requirements, are not generally appropriate in, or cannot conveniently or economically be accommodated in, the central area, shops and offices or industrial zones.</li> </ul>
Urban Development	<ul style="list-style-type: none"> <li>To provide an intention of future land use and a basis for more detailed structure planning in accordance with the provisions of this Scheme.</li> <li>To provide for a range of residential densities to encourage a variety of residential accommodation.</li> <li>To provide for the progressive and planned development of future urban areas for residential purposes and for commercial and other uses normally associated with residential development.</li> <li>To provide an intermediate transitional zone following the lifting of an urban deferred zoning within a region planning scheme.</li> </ul>

### 3.3 Interpreting Zoning Table

3.3.1 The permissibility of uses of land in the various zones in the Scheme area is determined by cross-reference between the list of use classes on the left hand side of the zoning table and the list of zones at the top of the zoning table.

3.3.2 The symbols used in the zoning table have the following meanings—

P means that the use is permitted if it complies with any relevant development standards and requirements of this Scheme;

I means that the use is permitted if it is consequent on, or naturally attaching, appertaining or relating to the predominant use of land and it complies with any relevant development standards and requirements of this Scheme;

D means that the use is not permitted unless the local government has exercised its discretion by granting development approval;

A means that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving notice in accordance with clause 64 of the deemed provisions;

X means that the use is not permitted by this Scheme.

Note—

1. The development approval of the local government may be required to carry out works on land in addition to any approval granted for the use of land. In normal circumstances one application is made for both the carrying out of works on, and the use of, land. For development on land that does not require development approval see clause 61 of the deemed provisions.

2. *In considering an application for development approval, the local government will have regard to clause 67 of the deemed provisions.*

3.3.3 A specific use class referred to in the zoning table is excluded from any other use class described in more general terms.

3.3.4 The local government may, in respect of a use that is not specifically referred to in the zoning table and that cannot reasonably be determined as falling within a use class referred to in the zoning table—

- (a) determine that the use is consistent with the objectives of a particular zone and is therefore a use that may be permitted in the zone subject to conditions imposed by the local government; or
- (b) determine that the use may be consistent with the objectives of a particular zone and give notice under clause 64 of the deemed provisions before considering an application for development approval for the use of the land; or
- (c) determine that the use is not consistent with the objectives of a particular zone and is therefore not permitted in the zone.

3.3.5 If a use of land is identified in a zone as being a class P or class I use, the local government may not refuse an application for development approval for that use in that zone but may require works that are to be undertaken in connection with that use to have development approval.

3.3.6 If a use of land is identified in a zone as being a class X use, the local government must refuse an application for development approval for that use in that zone unless—

- (a) the development approval application relates to land that is being used for a non-conforming use; and
- (b) the local government considers that the proposed use of the land would be less detrimental than the non-conforming use.

3.3.7 If the zoning table does not identify any permissible uses for land in a zone the local government may, in considering an application for development approval for land within the zone, have due regard to any of the following plans that apply to the land—

- (a) a structure plan;
- (b) an activity centre plan;
- (c) a local development plan.

### 3.4 Additional Uses

3.4.1 The Additional Uses table at Schedule B of this Scheme sets out—

- (a) classes of use for specified land that are additional to the classes of use that are permissible in the zone in which the land is located; and
- (b) the conditions that apply to those additional uses.

3.4.2 Despite anything contained in the zoning table, land that is specified in Schedule B may be used for the additional class of use set out in respect of that land subject to the conditions that apply to that use.

### 3.5 Restricted Uses

3.5.1 The Restricted Uses table at Schedule C of this Scheme sets out—

- (a) restricted classes of use for specified land that apply instead of the classes of use that are permissible in the zone in which the land is located; and
- (b) the conditions that apply to that restricted use.

3.5.2 Despite anything contained in the zoning table, land that is specified in Schedule C of this Scheme may be used only for the restricted class of use set out in respect of that land subject to the conditions that apply to that use.

### 3.6 Special Use Zones

There are no special use zones which apply to this Scheme.

### 3.7 Non-Conforming Uses

3.7.1 Unless specifically provided, this Scheme does not prevent—

- (a) the continued use of any land, or any structure or building on land, for the purpose for which it was being lawfully used immediately before the commencement of this Scheme; or
- (b) the carrying out of development on land if—
  - (i) before the commencement of this Scheme, the development was lawfully approved; and
  - (ii) the approval has not expired or been cancelled.

3.7.2 Subclause 3.7.1 does not apply if—

- (a) the non-conforming use of the land is discontinued; and
- (b) a period of 6 months, or a longer period approved by the local government, has elapsed since the discontinuance of the non-conforming use.

3.7.3 Subclause 3.7.1 does not apply in respect of a non-conforming use of land if, under Part 11 of the Act, the local government—

- (a) purchases the land; or
- (b) pays compensation to the owner of the land in relation to the non-conforming use.

**3.8 Changes to Non-Conforming Use**

3.8.1 A person must not, without development approval—

- (a) alter or extend a non-conforming use of land; or
- (b) erect, alter or extend a building used for, or in conjunction with, a non-conforming use; or
- (c) repair, rebuild, alter or extend a building used for a non-conforming use that is destroyed to the extent of 75% or more of its value; or
- (d) change the use of land from a non-conforming use to another use that is not permitted by the Scheme.

3.8.2 An application for development approval for the purposes of this clause must be advertised in accordance with clause 64 of the deemed provisions.

3.8.3 A local government may only grant development approval for a change of use of land referred to in subclause 3.8.1(d) if, in the opinion of the local government, the proposed use—

- (a) is less detrimental to the amenity of the locality than the existing non-conforming use; and
- (b) is closer to the intended purpose of the zone in which the land is situated.

**3.9 Register of Non-Conforming Uses**

3.9.1 The local government may prepare a register of land within the Scheme area that is being used for a non-conforming use.

3.9.2 A register prepared by the local government must set out the following—

- (a) a description of each area of land that is being used for a non-conforming use;
- (b) a description of any building on the land;
- (c) a description of the non-conforming use;
- (d) the date on which any discontinuance of the non-conforming use is noted.

3.9.3 If the local government prepares a register under subclause 3.9.1 the local government—

- (a) must ensure that the register is kept up to date; and
- (b) must make a copy of the register available for public inspection during business hours at the offices of the local government; and
- (c) may publish a copy of the register on the website of the local government.

3.9.4 An entry in the register in relation to land that is being used for a non-conforming use is evidence of the matters set out in the entry, unless the contrary is proved.

**PART 4—GENERAL DEVELOPMENT REQUIREMENTS****4.1 R-Codes**

4.1.1 The R-Codes, modified as set out in clause 4.2, are to be read as part of this Scheme.

4.1.2 The local government—

- (a) must make a copy of the R-Codes available for public inspection during business hours at the offices of the local government; and
- (b) may publish a copy of the R Codes on the website of the local government.

4.1.3 The coding of land for the purposes of the R-Codes is shown by the coding number superimposed on a particular area contained within the boundaries of the area shown on the Scheme Map.

4.1.4 The R-Codes apply to an area if the area has a coding number superimposed on it in accordance with subclause 4.1.3.

**4.2 Modification of R-Codes**

There are no modifications to the R-Codes.

**4.3 State Planning Policy 3.6 to be read as part of Scheme**

4.3.1 State Planning Policy 3.6—Development Contributions for Infrastructure, modified as set out in clause 4.4, is to be read as part of this Scheme.

4.3.2 The local government—

- (a) must make a copy of State Planning Policy 3.6 available for public inspection during business hours at the offices of the local government; and
- (b) may publish a copy of State Planning Policy 3.6 on the website of the local government.

**4.4 Modification of State Planning Policy 3.6**

There are no modifications to State Planning Policy 3.6.

**4.5 Other State Planning Policies to be read as part of Scheme**

There are no other State planning policies that are to be read as part of the Scheme.

**4.6 Modification of State Planning Policies**

There are no modifications to a State planning policy that, under clause 4.5 is to be read as part of the Scheme.

#### 4.7 Environmental Conditions

There are no environmental conditions imposed under the *Environmental Protection Act 1986* that apply to this Scheme.

#### 4.8 Setbacks to Roads to be Widened

Where a proposed development has frontage to a road reserved under the Metropolitan Region Scheme that is proposed to be widened, any proposed building shall be setback from the road as if the road had been already widened, unless otherwise approved by the local government or Western Australian Planning Commission.

#### 4.9 Access to Primary and Other Regional Roads

Where a site abuts a Primary or Other Regional Road under the Metropolitan Region Scheme, the number of crossovers for any development is to be minimised, having regard to the relevant policy of the Western Australian Planning Commission and/or local government.

#### 4.10 Car Parking

##### 4.10.1 General Requirements

- (a) All developments are to provide car parking at a rate in accordance with the requirements detailed in Table 4.
- (b) Notwithstanding subclause 4.10.1(a) if a change of use application in the Centre zone results in a car parking requirement that is less than the number of parking spaces on the site, the excess car parking spaces may be retained for use on the site.
- (c) The number of car parking spaces required in Table 4 shall be rounded to the nearest whole number.
- (d) If the number of parking spaces for a land use is not specified in Table 4, the local government shall determine the appropriate number of car parking spaces.
- (e) All car parking is to be provided on the same site as the development unless otherwise approved by the local government.
- (f) Land set aside for car parking is to be used only for the parking of cars used by employees or visitors to the site, unless otherwise approved by the local government.

##### 4.10.2 Cash in Lieu

- (a) In the event that a development does not provide the number of car parking spaces required in Table 4, the local government may consider cash in lieu for the car parking shortfall.
- (b) The moneys received by the local government under the provisions of this subclause shall be paid into a trust fund and used for—
  - (i) the acquisition and/or development of a public car park in the locality; or
  - (ii) the construction of car parking bay embayments directly adjoining the site; or
  - (iii) investment in infrastructure that will improve access to, or reduce demand for, car parking in the vicinity of the development.
- (c) Prior to accepting cash in lieu of car parking, the local government shall prepare and adopt a policy that details how the costs will be calculated and how the moneys will be used.

##### 4.10.3 Reciprocal Parking

- (a) If there is a deficiency in the number of parking spaces provided to serve a building or land use, the local government may permit the sharing of parking spaces of an adjoining building or site subject to there being different peak hours of the land uses.
- (b) The local government may require reciprocal access for any buildings or land uses subject to subclause 4.10.3(a), when in the opinion of the local government the reciprocal access will improve design or amenity.
- (c) The applicant of any development subject to subclause 4.10.3(a) shall provide evidence—
  - (i) that no substantial conflict will exist in the peak hours of operation of the buildings or land uses for which the reciprocal parking is proposed; and
  - (ii) that the parking spaces credited from one building or land use to another is not in excess of that required by the first building or land use to operate at peak hours.
- (d) The local government may require a legal agreement to be prepared by a solicitor detailing the relevant reciprocal parking arrangement and access. The terms within the legal agreement are to be to the satisfaction of the local government.
- (e) Any costs associated with a legal agreement subject to subclause 4.10.3(d) are to be borne by the person seeking to take advantage of the reciprocal parking arrangement.

#### 4.11 Service Access

4.11.1 Provision shall be made for service access for the purposes of loading and unloading to the rear or side of any non-residential development, where available.

4.11.2 The local government may waive the requirements of subclause 4.11.1 where it can be demonstrated that the development will not require loading and unloading facilities.

4.11.3 Any service access provided pursuant to subclause 4.11.1 is to comply with the following requirements—

- (a) the access way and loading areas shall be designed to allow service vehicles to manoeuvre and return to street or right of way in forward gear;

- (b) vehicles loading or unloading are to do so within the lot/s boundary and are not to do so from a public street or right of way; and
- (c) access ways shall be designed to segregate service vehicles from parking areas and access ways provided for customer parking to the satisfaction of the local government.

#### 4.12 Bicycle Parking and End of Trip Facilities

##### 4.12.1 Bicycle Parking

- (a) Bicycle parking shall be provided for all developments in accordance with the rates set out in Table 4.
- (b) The number of bicycle parking spaces required in Table 4 shall be rounded up to the nearest whole number.
- (c) Bicycle parking spaces required under the provisions of paragraph 4.12.1(a) shall be sheltered by a water impermeable roof structure.
- (d) If the number of bicycle parking spaces for a land use is not specified in Table 4, the local government shall determine the appropriate number of bicycle parking spaces.

##### 4.12.2 End of Trip Facilities

- (a) Provision shall be made for 1 male and 1 female shower (or 1 unisex) per 8 bicycle parking spaces or part thereof, excluding bicycle parking spaces required for visitors, up to a maximum of 6 male and 6 female showers (or 6 unisex).
- (b) Lockers shall be provided and maintained for all developments at a rate of 1 locker per bicycle parking space required for employees.
- (c) Where bicycle parking rates in Table 4 do not provide a split between employees and visitors, the bicycle parking rate shall be allocated to employees for the purposes of calculating the number of showers and lockers.

##### 4.12.3 Unit of Measurement

When the unit of measurement is based on the number of employees, the shift or employment period during which the greatest number of employees are present on the lot shall be used in the calculation.

#### 4.13 Parking and Access Design Requirements

All car parking, bicycle parking, accessways and unloading and loading areas are to be designed in accordance with the relevant part of AS 2890.

#### 4.14 Adaptable Buildings

##### 4.14.1 Application

The provisions of this clause apply to the Centre, District Centre and Mixed Use zones.

#### 4.14.2 Minimum Floor to Ceiling Height

Where Holiday Accommodation, Multiple Dwelling or Serviced Apartment land uses are proposed on the ground floor of any development, a minimum 4 metres floor to ceiling height is to be provided.

#### 4.15 Home Based Businesses

4.15.1 For the purposes of this clause, a home based business includes—

- (a) Home Occupation;
- (b) Home Business;
- (c) Family Day Care; and
- (d) Industry—Cottage.

4.15.2 The approval of a home based business shall be personal to the applicant and shall not be transferred or assigned to another person.

4.15.3 The approval shall not run with the land in respect of which it was granted.

4.15.4 The person to whom approval is granted by the local government to carry on a home based business shall not carry on that home based business on any other land.

#### 4.16 Residential Zone Development Requirements

##### 4.16.1 Application

The provisions of this clause apply to the Residential zone.

##### 4.16.2 General Requirements

- (a) All development within the Residential zone is to comply with the requirements of the R-Codes.
- (b) Non-residential development within the Residential zone shall be of a scale and intensity of uses and buildings that are compatible with the proposed uses and buildings permitted under the maximum residential density in that locality, and be compatible with surrounding development in terms of streetscape.

##### 4.16.3 Commercial Vehicle Parking in the Residential Zone

- (a) A person may park a commercial vehicle in the Residential zone subject to the following provisions—
  - (i) the lot on which the vehicle is parked contains only a single house, ancillary dwelling and/or associated outbuildings;
  - (ii) notwithstanding paragraph 4.16.3(a)(i), the local government may permit the parking of a commercial vehicle on a grouped dwelling lot, if in the opinion of the local government, the parking of the commercial vehicle is unlikely to adversely affect the amenity of the surrounding area;
  - (iii) the commercial vehicle is to be parked entirely within the lot and located on a hardstand behind the front building line;
  - (iv) the commercial vehicle does not exceed 3 metres in height, 2.5 metres in width and 8 metres in length;
  - (v) any noise created by the commercial vehicle does not exceed the standards set out in the *Environmental Protection (Noise) Regulations 1997*;
  - (vi) only minor servicing or cleaning of the commercial vehicle is carried out behind the front building line;
  - (vii) storage of liquid fuels on the lot complies with the *Dangerous Goods Safety Act 2004*; and
  - (viii) the commercial vehicle is not carrying a refrigeration unit which operates on a continuous or intermittent basis.
- (b) The local government may consider variations to the requirements of paragraph 4.16.3(a) through a development approval provided the local government consults surrounding landowners and is satisfied that the variations will not adversely affect the amenity of the surrounding area.
- (c) A development approval granted under paragraph 4.16.3(b) does not run with the land in respect of which it is granted but is personal to the person to whom it was granted. The development approval shall not be transferred or assigned to another person.
- (d) A commercial vehicle is considered to be parked on a lot for the purposes of this subclause if it remains parked in aggregate for more than one hour in a twenty four hour period unless the commercial vehicle is associated with construction work on the lot.

#### 4.17 Industrial Zones Development Requirements

##### 4.17.1 Application

The provisions of this clause apply to the General Industry and Light Industry zones.

##### 4.17.2 Setbacks and Frontage

- (a) Setbacks and frontage in the General Industry and Light Industry zone shall meet the requirements set out in Table 5.

**Table 5—General and Light Industry Zones Setback Requirements**

<b>Zone</b>	<b>Frontage (minimum)</b>	<b>Primary Street Setback (minimum)</b>	<b>Other Street Setback (minimum)</b>	<b>Rear and Side Setback (minimum)</b>
General Industry	28m	15m	7.5m	0m
Light Industry	N/A	15m	7.5m	0m

*Note: Rear and side setbacks may be subject to requirements under the Building Code of Australia.*

- (b) The street setback requirements in Table 5 may be reduced by the local government subject to the following provisions—
- (i) the reduced setback will not have any adverse impacts on the adjoining properties or the street appearance;
  - (ii) the proposed development will constitute a general improvement to the appearance of the street; and
  - (iii) the portion of the building encroaching into the street setback forms an integral part of the development.

#### **4.17.3 Use of Setbacks**

Land within the primary street and other street setback areas in a General Industry or Light Industry zone shall not be used for any purpose other than—

- (a) access;
- (b) car or bicycle parking;
- (c) landscaping;
- (d) loading and unloading;
- (e) Trade Display up to a maximum 20% of the setback area;
- (f) transformer compounds, water tanks and gas storage infrastructure; and
- (g) pergolas, carports, patios and cantilevered buildings.

#### **4.17.4 Landscaping**

Any development in the industrial zones shall provide landscaping in accordance with the following provisions—

- (a) a minimum 2 metre width landscaping strip shall be provided along any boundary to a public street, except where a driveway and crossover is required;
- (b) trees are to be provided in accordance with any local planning policy relating to tree retention and/or planting;
- (c) landscaped areas shall be separated from car parking areas with kerbing at least 150mm higher than the car parking area, or other manner to protect the landscaping from damage, to the satisfaction of the local government; and
- (d) landscaped areas shall be planted in accordance with an approved plan prior to the occupation of the site, or such other time as agreed by the local government.

#### **4.17.5 Facades**

- (a) Each façade of a building shall be constructed of brick, stone, concrete or glass or a combination of those materials or similar materials as approved by the local government, and shall incorporate the following features—
  - (i) varied heights, materials, colours or textures; or
  - (ii) public artwork.
- (b) Any artwork on walls subject to paragraph 4.17.5(a) is to meet the requirements of any local planning policy relating to public art.
- (c) Panel filling of other materials to a design approved by the local government may be permitted on facades above a height of 2 metres from the ground level.

#### **4.17.6 Storage of Goods and Materials**

- (a) In any Industrial zone where the open storage of goods or materials is permitted and the goods and materials stored are, in the opinion of the local government, of an untidy nature and likely to have an adverse effect upon the general appearance of the area, the local government may require—
  - (i) the owner or occupier to restrict the height to which goods and materials may be stored; and
  - (ii) the screening of the open storage area by a visually impermeable fence and the planting of trees and/or shrubs as may be considered desirable.
- (b) The height to which storage is to be restricted, the height, design and specifications of the fence, distance from side or rear boundaries of the site, and the nature and extent of the planting shall be determined by the local government in respect of each case taking into consideration any matters it considers relevant including the physical characteristics and the zoning classification of surrounding land.
- (c) A front fence erected pursuant to this subclause shall not be erected in front of the setback line unless approved otherwise by the local government.

#### 4.18 Commercial and Service Commercial Zones Development Requirements

##### 4.18.1 Application

The provisions of this clause apply to the Commercial and Service Commercial zones.

##### 4.18.2 Setbacks

- (a) Setbacks in the Commercial and Service Commercial zones shall meet the requirements set out in Table 6.

**Table 6—Commercial and Service Commercial Zones Setback Requirements**

Zone	Primary Street Setback (minimum)	Other Street Setback (minimum)	Rear and Side Setback (minimum)
Commercial	15m	3m	0m
Service Commercial	15m	3m	0m

*Note: Rear and side setbacks may be subject to requirements under the Building Code of Australia.*

- (b) The street setback requirements in Table 6 may be reduced by the local government subject to the following provisions—
- the reduced setback will not have any adverse impacts on the adjoining properties or the street appearance;
  - the proposed development will constitute a general improvement to the appearance of the street; and
  - the portion of the building encroaching into the street setback forms an integral part of the development.

##### 4.18.3 Use of Setbacks

Land within the primary street and other street setback areas in a Commercial or Service Commercial zone shall not be used for any purpose other than—

- access;
- car or bicycle parking;
- landscaping;
- loading and unloading;
- pergolas, carports, patios and cantilevered buildings.

##### 4.18.4 Landscaping

Any development in the commercial zones shall provide landscaping in accordance with the following provisions—

- a minimum 2 metre width landscaping strip shall be provided along any boundary to a public street, except where a driveway and crossover is required;
- trees are to be provided in accordance with any local planning policy relating to tree retention and/or planting;
- landscaped areas shall be separated from car parking areas with kerbing at least 150mm higher than the car parking area, or other manner to protect the landscaping from damage, to the satisfaction of the local government; and
- landscaped areas shall be planted in accordance with an approved plan prior to the occupation of the site, or such other time as agreed by the local government.

##### 4.18.5 Facades

- Each façade of a building shall be constructed of brick, stone, concrete or glass or a combination of those materials or similar materials as approved by the local government, and shall incorporate the following features—
  - varied heights, materials, colours or textures; or
  - public artwork.
- Any artwork on walls subject to paragraph 4.18.5(a) is to meet the requirements of any local planning policy relating to public art.
- Facades facing regional or local reserves as detailed in **Table 1** are to incorporate clear openings to a minimum of 50% of the façade.
- Panel filling of other materials to a design approved by the local government may be permitted on facades above a height of 2 metres from the ground level.

#### 4.19 Mixed Use Zone Development Requirements

##### 4.19.1 Application

The provisions of this clause apply to the Mixed Use zone.

##### 4.19.2 Density

The maximum residential density for developments in the Mixed Use zone shall be in accordance with the R-Code value shown on the Scheme map for the lot.

**4.19.3 Setbacks**

Setbacks for developments in the Mixed Use zone shall be in accordance with Table 7.

**Table 7—Mixed Use Zone Setback Requirements**

Boundary	Setback Requirement
Primary Street (Minimum)	Nil.
Primary Street (Maximum)	2m.
Other Street (Minimum)	Nil.
Other Street (Maximum)	2m.
Side	As per R-Codes.
Rear / Other	As per R-Codes

**4.19.4 Building Height**

The height of the ground floor of buildings within the Mixed Use zone shall be a minimum of 4 metres measured floor to ceiling, and the remaining wall and building height shall be in accordance with the R-Code requirements for the density assigned on the Scheme map in addition to the ground floor height.

**4.19.5 Land Use Mix**

Non-residential floor space in a mixed use development is to occupy a minimum of 20% and a maximum of 60% of the development floor space.

**4.19.6 Deep Soil Zones**

- (a) A minimum of 12% of the land area is to be made available for a deep soil zone where larger trees can be planted.
- (b) Trees are to be provided in accordance with any local planning policy relating to tree retention and/or planting.

**4.19.7 Parking Location and Signage**

- (a) Parking areas shall be located behind the building line (except disabled parking) and screened from view from the street.
- (b) Car parking spaces shall be clearly signposted differentiating between the residential car parking and non-residential car parking spaces.

**4.19.8 Streetscape and Facades**

- (a) Awnings shall be provided above all entrances and exits of a building and public footpaths that abut a building.
- (b) Entrances to buildings shall be from the primary street to which the building faces, unless otherwise approved by the local government.
- (c) Non-residential facades abutting public streets and public open spaces of any development in the mixed use zones are to incorporate a minimum 75% visually permeable glazing.
- (d) On all levels above the ground floor, facades shall be articulated to break-up straight plain walls through the use of at least four of the following—
  - (i) openings;
  - (ii) protruding balconies;
  - (iii) awnings over windows;
  - (iv) use of different colours and textures; and
  - (v) indentations and extrusions with details to break the building into individual elements.

**4.19.9 Blank Walls**

- (a) Exposed blank walls visible from regional or local reserves as detailed in Table 1 are to incorporate one of the following features—
  - (i) varied heights, materials, colours or textures; or
  - (ii) public artwork.
- (b) Any artwork on walls subject to paragraph 4.19.9(a) is to meet the requirements of any local planning policy relating to public art.

**4.20 Rural and Rural Residential Zones Development Requirements****4.20.1 Application**

The provisions of this clause apply to the Rural and Rural Residential zones.

**4.20.2 Setbacks and Density**

- (a) All development within the Rural and Rural Residential zones shall comply with the requirements of Table 8.
- (b) The local government may require greater setback distances than those required in Table 8, to preserve indigenous vegetation on a lot.

**Table 8—Rural and Rural Residential Zones Setback and Density Requirements**

<b>Zone</b>	<b>Lot Size (minimum)</b>	<b>Front Setback (minimum)</b>	<b>Side Setback (minimum)</b>	<b>Rear Setback (minimum)</b>
Rural Residential	10,000m <sup>2</sup>	15m	5m	7.5m
Rural	20,000m <sup>2</sup>	15m	5m	7.5m

(c) The front setback requirement may be averaged as provided for under the R-Codes.

#### **4.20.3 Character**

Except with the approval of the local government, no boundary fence within a Rural Residential zone shall be constructed of the following materials—

- (a) fibre cement sheeting;
- (b) metal sheeting; or
- (c) wooden pickets.

#### **4.20.4 Environment and Vegetation**

- (a) No animals are to be kept or grazed on a lot unless the local government is satisfied that the grazing or keeping of any animal will not result in the removal or damage of the vegetation and trees or result in soil erosion and dust pollution. As a condition of approval the local government may require the animals to be stabled or corralled.
- (b) No indigenous vegetation or trees shall be destroyed or cleared unless—
  - (i) approved by the local government; and
  - (ii) such vegetation or trees are dead or diseased; or
  - (iii) the clearing is required for the purpose of a fire break, dwelling, outbuilding, fence and/or house driveways.
- (c) The local government may direct the landowner(s) to plant on a lot indigenous and native trees and shrubs of a species and at a density, distribution and at a time to be determined by the local government to control soil erosion.
- (d) The landowner(s) of a lot shall be responsible for the maintenance and the replacement, if and where necessary, of trees and vegetation on the lot to the satisfaction of the local government.

#### **4.20.5 Commercial Vehicle Parking**

- (a) A person may park a commercial vehicle in the Rural zones subject to the following provisions—
  - (i) the commercial vehicle is to be parked entirely within the lot and located on a hardstand behind the front building line;
  - (ii) the commercial vehicle does not exceed 3 metres in height, 2.5 metres in width and 8 metres in length;
  - (iii) any noise created by the commercial vehicle does not exceed the standards set out in the *Environmental Protection (Noise) Regulations 1997*;
  - (iv) only minor servicing or cleaning of the commercial vehicle is carried out behind the front building line;
  - (v) storage of liquid fuels on the lot complies with the *Dangerous Goods Safety Act 2004*; and
  - (vi) the commercial vehicle is not carrying a refrigeration unit which operates on a continuous or intermittent basis.
- (b) The local government may consider variations to the requirements of paragraph 4.20.5(a) through a development approval provided the local government consults surrounding landowners and is satisfied that the variations will not adversely affect the amenity of the surrounding area.
- (c) A development approval granted under paragraph 4.20.5(b) does not run with the land in respect of which it is granted but is personal to the person to whom it was granted. The development approval shall not be transferred or assigned to another person.
- (d) A commercial vehicle is considered to be parked on a lot for the purposes of this subclause if it remains parked in aggregate for more than one hour in a twenty four hour period unless the commercial vehicle is associated with construction work on the lot.

### **4.21 Private Community Purposes Zone Development Requirements**

#### **4.21.1 Application**

The provisions of this clause apply to the Private Community Purposes zone.

#### **4.21.2 Setbacks**

Setbacks for development in the Private Community Purposes zone shall be compatible with the setbacks of the surrounding properties.

#### **4.21.3 Bulk and Scale**

The bulk, scale and height of development in the Private Community Purposes zone shall be compatible with the bulk, scale and character of the surrounding properties.

**4.21.4 Landscaping**

- (a) Soft landscaping shall cover a minimum of 25% of any street setback area with a minimum width of 2 metres along any street boundary except where a crossover is present or required.
- (b) Trees are to be provided in accordance with any local planning policy relating to tree retention and/or planting.
- (c) Landscaped areas shall be separated from car parking areas with kerbing at least 150mm higher than the car parking area, or other manner to protect the landscaping from damage, to the satisfaction of the local government.
- (d) Landscaped areas shall be planted in accordance with an approved plan prior to the occupation of the site, or such other time as agreed by the local government.

**4.21.5 Facades**

- (a) Each façade of a building shall be constructed of brick, stone, concrete or glass or a combination of those materials or similar materials as approved by the local government.
- (b) Facades facing regional or local reserves as detailed in Table 1 are to incorporate clear openings to a minimum of 25% of the façade.
- (c) Panel filling of other materials to a design approved by the local government may be permitted on facades above a height of 2 metres from the ground level.

**4.22 District Centre and Local Centre Zones Development Requirements****4.22.1 Application**

The provisions of this clause apply to the District and Local Centre zones.

**4.22.2 Density**

The maximum residential density for developments in the District Centre zone shall be in accordance with the R-Code value shown on the Scheme map for the lot.

**4.22.3 Setbacks**

- (a) Setbacks in the District and Local Centre zones shall meet the requirements set out in Table 9.

**Table 9—District and Local Centre Zones Setback Requirements**

<b>Zone</b>	<b>Primary Street Setback (minimum)</b>	<b>Secondary Street Setback (minimum)</b>	<b>Rear and Side Setback (minimum)</b>
District Centre	12m	3m	0m
Local Centre	12m	3m	0m

*Note: Rear and side setbacks may be subject to requirements under the Building Code of Australia.*

- (b) The setback requirements in Table 9 may be reduced by the local government subject to the following provisions—
  - (i) the reduced setback will not have any adverse impacts on the adjoining properties or the street appearance;
  - (ii) the proposed development will constitute a general improvement to the appearance of the street; and
  - (iii) the portion of the building encroaching into the setback forms an integral part of the development.

**4.22.4 Landscaping**

- (a) Soft landscaping shall cover a minimum of 25% of any street setback area with a minimum width of 2 metres along any street boundary except where a crossover is present or required.
- (b) Trees are to be provided in accordance with any local planning policy relating to tree retention and/or planting.
- (c) Landscaped areas shall be separated from car parking areas with kerbing at least 150mm higher than the car parking area, or other manner to protect the landscaping from damage, to the satisfaction of the local government.
- (d) Landscaped areas shall be planted in accordance with an approved plan prior to the occupation of the site, or such other time as agreed by the local government.

**4.22.5 Facades**

- (a) Each façade of a building shall be constructed of brick, stone, concrete or glass or a combination of those materials or similar materials as approved by the local government, and shall incorporate the following features—
  - (i) varied heights, materials, colours or textures; or
  - (ii) public artwork.
- (b) Any artwork on walls subject to paragraph 4.22.5(a) is to meet the requirements of any local planning policy relating to public art.
- (c) Facades facing regional or local reserves as detailed in Table 1 are to incorporate clear openings to a minimum of 50% of the façade.
- (d) Panel filling of other materials to a design approved by the local government may be permitted on facades above a height of 2 metres from the ground level.

#### 4.23 Scheme to Prevail

To the extent that a requirement referred to in clauses 4.8 to 4.22 are inconsistent with a requirement in the R-Codes, an activity centre plan, structure plan, a local development plan or a State or local planning policy the requirements referred to in clauses 4.8 to 4.22 prevail.

#### 4.24 Variations to Site and Development Requirements

4.24.1 In this clause—

Additional site and development requirement means a requirement set out in clauses 4.8 to 4.22.

4.24.2 The local government may approve an application for development approval that does not comply with an additional site and development requirement.

4.24.3 An approval under subclause 4.24.2 may be unconditional or subject to any conditions the local government considers appropriate.

4.24.4 If the local government is of the opinion that the non-compliance with an additional site and development requirement will mean that the development is likely to adversely affect any owners or occupiers in the general locality or in an area adjoining the site of the development the local government must—

- (a) consult the affected owners or occupiers by following one or more of the provisions for advertising applications for development approval under clause 64 of the deemed provisions; and
- (b) have regard to any expressed views prior to making its determination to grant development approval under this clause.

4.24.5 The local government may only approve an application for development approval under this clause if the local government is satisfied that—

- (a) approval of the proposed development would be appropriate having regard to the matters that the local government is to have regard to in considering an application for development approval as set out in clause 67 of the deemed provisions; and
- (b) the non-compliance with the additional site and development requirement will not have a significant adverse effect on the occupiers or users of the development, the inhabitants of the locality or the likely future development of the locality.

#### 4.25 Restrictive Covenants

4.25.1 A restrictive covenant affecting land in the Scheme area that would have the effect of limiting the number of residential dwellings which may be constructed on the land is extinguished or varied to the extent that the number of residential dwellings that may be constructed is less than the number that could be constructed on the land under this Scheme.

4.25.2 If subclause 4.25.1 operates to extinguish or vary a restrictive covenant—

- (a) development approval is required to construct a residential dwelling that would result in the number of residential dwellings on the land exceeding the number that would have been allowed under the restrictive covenant; and
- (b) the local government must not grant development approval for the construction of the residential dwelling unless it gives notice of the application for development approval in accordance with clause 64 of the deemed provisions.

### PART 5—SPECIAL CONTROL AREAS

#### 5.1 Special Control Areas

5.1.1 Special control areas are marked on the Scheme Map according to the legend on the Scheme Map.

5.1.2 The purpose, objectives and additional provisions that apply to each special control area is set out in Table 10.

**Table 10—Special Control Areas in Scheme Area**

## PART 6—TERMS REFERRED TO IN THE SCHEME

### *Division 1—General definitions used in Scheme*

#### 6.1 Terms Used

6.1.1 If a word or expression used in this Scheme is listed in this clause, its meaning is as follows—

**building envelope** means the area of land within which all buildings and effluent disposal facilities on a lot must be contained;

**building height**, in relation to a building—

- (a) if the building is used for residential purposes, has the meaning given in the R Codes; or
- (b) if the building is used for purposes other than residential purposes, means the maximum vertical distance between the natural ground level and the finished roof height directly above, excluding minor projections as that term is defined in the R Codes;

### *Schedule D*

#### FORMER TOWN PLANNING SCHEME NO. 29 CONTRIBUTION REQUIREMENTS

*Note: Town Planning Scheme No. 29—Burton Street Guided Development Scheme (TPS29) was Gazetted on 15 April 1977. TPS29 was applicable to an area bounded by Leach Highway, Manning Road and Albany Highway. All works for the scheme have been completed and there are only two lots that have not yet contributed to scheme costs, identified in SCA 3—Former Town Planning Scheme No. 29 Special Control Area.*

#### **D.1 General**

D1.1 The remaining objective of former Town Planning Scheme No. 29 is to facilitate and encourage the development of land within the Scheme Area.

D1.2 The properties with outstanding contributions are identified in SCA 3—Former Town Planning Scheme No. 29 Special Control Area.

D1.3 Contributions are required from these properties at subdivision or development stage (whichever comes first), consistent with the manner of dealing with outstanding contributions for the original Town Planning Scheme No. 29.

D1.4 Unspent contributions remaining in trust funds will be used to fund infrastructure improvements within the former Town Planning Scheme No. 29 scheme area.

#### **D.2 Sewerage Costs**

D2.1 In this clause, unless the context requires otherwise, "sewerage costs" means the sum of—

- (a) the total costs of all sewerage works carried out and of acquisition of land required for sewerage services paid or incurred by the local government less any portion thereof recouped from or paid or payable by the Water Corporation or government grant or subsidy;

- (b) any payments made or agreed to be made by the local government to owners; and
- (c) all interest on moneys borrowed by the local government for the purpose of carrying out the sewerage works or any of them or making payments to owners under subclause D2.5.

D2.2 Subject to the provisions of this clause, the owners of the land within the original Town Planning Scheme No. 29 area shall pay the sewerage costs in the proportion that the area of each owner's land bears to the total area of land within the original Town Planning Scheme No. 29 area other than roads.

D2.3 Each owner shall pay to the local government their proportion of the sewerage costs upon—

- (a) being granted approval to commence development of their land; or
- (b) the final approval of a subdivision of their land or of amalgamation of their land with another piece of land;

whichever first occurs.

D2.4 Where local government is of the opinion that any one or more items of the sewerage costs relate exclusively to any part of the original Town Planning Scheme No. 29 area it may apportion that item or items among the owners of the land within that part in the proportion that the area of each owner's land bears to the total area of land within that part other than roads in addition to or in substitution for the method of apportionment provided for in subclause D2.2 hereof, as the case requires.

D2.5 Where—

- (a) an owner has, carried out or caused to be carried out any sewerage works within the original Town Planning Scheme No. 29 area at their own expense; and
- (b) the local government is of the opinion that it is fair and reasonable that the cost of those works be apportioned under Clause D2 Sewerage Costs;

it may pay or enter into an agreement to pay that owner the proportion of the cost of those works (other than interest on moneys borrowed by the owner) which the local government considers should be paid by other owners of land within the original Town Planning Scheme No. 29 area.
