File No. 835-2-1-24

General description

The Minister for Planning as granted approval to amend Planning Control Area 145. The planning control area has previously been declared to protect land required for the Morley Ellenbrook Line at Malaga. The planning control area is now amended to allow for the construction of the Marshall Road and Beechboro Road North intersection as shown on the Western Australian Planning Commission (WAPC) plan numbered 3.2764/1.

Purpose of the Planning Control Area

The purpose of this amended planning control area is to facilitate development of the land for railways and related road widening purposes. The WAPC considers that the amended planning control area is required to ensure that no development occurs on this land which might prejudice this purpose.

Duration and effects

The amended Planning Control Area has effect from the date of publication of this notice in the *Government Gazette* to 14 August 2025, or until revoked by the WAPC with the approval of the Minister.

A person shall not commence and carry out development in a planning control area without the prior approval of the WAPC. The penalty for failure to comply with this requirement is \$200,000 and, in the case of a continuing offence, a further fine of \$25,000 for each day during which the offence continues.

Compensation is payable in respect of land injuriously affected by this declaration, and land so affected may be acquired by the WAPC in the same circumstances and in the same manner as if the land had been reserved in the Metropolitan Region Scheme for a public purpose.
