- IN002/15W: This proposal adds two transactions to market participants' information technology systems to allow retailers and the network operator to exchange information regarding a customer's meter disconnection or reconnection.
- IN009/19W and IN010/20W: These proposals amend several transactions to add further information regarding the status of a customer's meter.

These proposals were submitted to the ERA for approval by the Australian Energy Market Operator (AEMO). Pursuant to section 11ZOM(a) of the *Energy Coordination Act 1994* (WA), the ERA approves the amendments in procedure change proposals IN003/20W, IN002/15W, IN009/19W and IN010/20W as submitted by AEMO.

Pursuant to rule 386(a) of the Retail Market Procedures (WA), the amendments will take effect on a date specified by the ERA. AEMO has requested that the amendments take effect on Monday 29 November 2021. This will allow AEMO and market participants adequate time to conduct system upgrades and publish the amended technical protocol documents in the Specification Pack by the effective date.

The amendments to the Western Australian gas retail scheme as outlined in procedure change proposals IN003/20W, IN002/15W, IN009/19W and IN010/20W will therefore take effect from Monday 29 November 2021.
