 - (a) the amount that it would cost the distributor to provide an SPS in a way that efficiently minimises costs in accordance with accepted good industry practice as it would be applied by a prudent distributor; or
 - (b) any greater amount that it is agreed to be paid.

13. Part 5 inserted

After regulation 8 insert:

Part 5 — Decommissioning distribution systems

9. Term used: commencement day

In this Part —

commencement day means the day on which the *Electricity Industry Regulations Amendment (Stand-Alone Power Systems) Regulations 2021* regulation 13 comes into operation.

10. Application of Part

- (1) This Part applies in relation to a distribution system of an electricity corporation and not in relation to any other distribution system.
- (2) This Part does not apply to or in relation to a customer who consumes more than 50 MWh of electricity per annum.
- (3) This Part does not apply in relation to —
 - (a) a distribution system that is part of an SPS; or
 - (b) a distribution system or a part of a distribution system that was decommissioned before commencement day.

11. Preserved obligation to connect

If a distribution system or a part of a distribution system is decommissioned, Part 3 applies, with all necessary modifications, in relation to the distribution system or part as if it had not been decommissioned, and so applies until the end of the period of 10 years beginning on the day on which the distribution system or part was decommissioned.

12. Notice of proposed decommissioning

- (1) A distributor that proposes to decommission a distribution system or a part of a distribution system must notify —
 - (a) the owner of each premises attached to the distribution system or part; and
 - (b) the owner of each premises in relation to which the requirement in regulation 5(1)(a) is satisfied in relation to the distribution system or part.
- (2) The distributor must comply with subregulation (1) before decommissioning the distribution system or part, but a failure to do so does not prevent the decommissioning of the distribution system or part.

- (3) If a distributor does not comply with subregulation (1) in relation to premises before the day on which the distribution system or part is decommissioned, the distributor is, for the purposes of this Part, taken to have notified the owner of the premises on the day on which the distribution system or part is decommissioned.
- (4) A distributor that has complied with subregulation (1) in relation to premises, need not comply with the obligation again in relation to the premises and the proposal.

Example for this subregulation:

There is a new owner of the premises after notification but before decommissioning occurs.

13. **Price-capping for arrangement sought or application made during 2-year notice period**

- (1) In this regulation —
2-year notice period, in relation to premises, means the 2-year period beginning on the day on which the owner of the premises is notified of the proposal to decommission the part of the distribution system.

Note for this definition:

A 2-year notice period may occur wholly before or wholly after decommissioning or partly before and partly after decommissioning, depending on when the owner of the premises is notified of the proposal to decommission.

- (2) Subregulation (3) applies in relation to an arrangement sought or an application made, as described in regulation 4(1), for premises to be connected or attached to a part of a distribution system if —
 - (a) the distributor has notified the owner of the premises that the distributor proposes to decommission that part of, or the whole of, the distribution system (whether notification is given before, on or after commencement day); and
 - (b) the arrangement was sought or application was made —
 - (i) on or after commencement day; and
 - (ii) during the 2-year notice period for the premises.
- (3) Regulation 5A (including as it may apply under regulation 11) applies in relation to the arrangement sought or application made as if regulation 5A(2) were as follows:

- (2) The distributor may require that a contract be entered into accepting liability to pay to the distributor —
- (a) the lesser of —
 - (i) the amount that it would cost the distributor to provide an SPS in a way that efficiently minimises costs in accordance with accepted good industry practice as it would be applied by a prudent distributor; and
 - (ii) the amount that it would cost the distributor to make the connection (to the distribution system) in the lowest cost way that is sustainable for making connections of that kind in accordance with accepted good industry practice as it would be applied by a prudent distributor;
 - or
 - (b) any greater amount that it is agreed to be paid.
- (4) However, if the distributor no longer proposes to decommission that part of the distribution system, subregulation (2) (of this regulation) does not apply in relation to an arrangement sought or application made after that.

The Scheme is published with this authorisation and will commence in accordance with section 27 of the Act.

Hon. JOHN QUIGLEY, MLA, Attorney General; Minister for Electoral Affairs.

Dated: 25 October 2021.

PROFESSIONAL STANDARDS ACT 2003 (VIC)

THE INSTITUTE OF PUBLIC ACCOUNTANTS PROFESSIONAL STANDARDS SCHEME

Preamble

- A. The Institute of Public Accountants Ltd (“**IPA**”) is a national occupational association.
- B. The IPA has made an application to the Professional Standards Council (“**Council**”), established by the *Professional Standards Act 2003* (Vic) (“**Act**”), for approval of a scheme under the Act (“**Scheme**”).
- C. The Scheme has been prepared by the IPA for the purposes of limiting Occupational Liability to the extent to which such liability may be limited under the Act.
- D. The Scheme is to apply to all participating members of the IPA who hold a current Professional Practice Certificate (“**PPC**”), and who are not otherwise exempted.
- E. The Scheme does not affect Damages which are below the Monetary Ceiling specified in the Scheme for each person to whom the Scheme applies. Subject to clause 7.1 of the Scheme, the Scheme limits liability for Damages to the Monetary Ceiling specified for that person, provided that the person has insurance as required under s.23 of the Act.
- F. The IPA has provided the Council with a detailed list of Risk Management Strategies in respect of its members and the means by which those strategies will be implemented.
- G. The IPA will report annually to the Council on the implementation and monitoring of its Risk Management Strategies, the effect of those strategies, and any changes proposed to be made to them.

H. The IPA will report to the Council on such other matters as the Council may require pursuant to s.47 of the Act.

I. The Scheme is to commence on 1 January 2022 and remain in force for a period of five (5) years unless it is revoked, extended or ceases in accordance with the Act.

J. The Scheme is intended to apply in all Australian states and territories.

K. All participating members referred to in clause 2 of the Scheme are subject to disciplinary measures under the Constitution and By-laws of the IPA and are also subject to the professional indemnity insurance requirements under the By-laws of the IPA.

L. Section 12GNA(2) of *Australian Securities and Investments Commission Act 2001 (Cth)*; section 137(2) of *Competition and Consumer Act 2010 (Cth)*; and section 1044B(2) of *Corporations Act 2001 (Cth)* provide for limited liability where a professional standards scheme is prescribed in the relevant regulation. The Scheme does not apply to limit any liability under a Commonwealth law unless it has been prescribed by the Commonwealth.

The Institute of Public Accountants Professional Standards Scheme

1 Occupational Association

1.1 The Institute of Public Accountants Professional Standards Scheme (“**Scheme**”) is a Scheme under the Act prepared by the Institute of Public Accountants Ltd (“**IPA**”) whose business address is—
Level 6, 555 Lonsdale Street

- (b) all persons to whom the Scheme applies, by virtue of the Act or the Corresponding Laws. (collectively “**Participants**” and each a “**Participant**”)

- (a) is also a participating member of another occupational association of accountants that is covered by a professional standards scheme, and has not been exempted from that scheme; or
- (b) would suffer financial hardship in meeting the business asset and/or professional indemnity insurance requirements to the levels required by this Scheme.

“**Risk Management Strategies**” are those detailed in the application submitted by the IPA to the Council (Application). The Application includes sections on continuing occupational education, code of ethics/practice, complaints and disciplinary system, quality assurance and audit, and risk management.

5 Jurisdiction

5.1 The Scheme applies in Victoria in accordance with the Act.

5.2 In addition to Victoria, the Scheme is intended to operate in the Australian Capital Territory, New South Wales, Northern Territory, Queensland, South Australia, Tasmania, and Western Australia, in accordance with the professional standards legislation of those states and territories and subject to the requirements of the ‘Corresponding Laws’, so that references to a provision of the Act, the application of the Scheme to a liability, the limit of a liability under the Act or what constitutes Occupational Liability are intended to adopt the relevant provisions of the Corresponding Laws, applied mutatis mutandis, to the extent that is necessary for the application of the Scheme in any of those jurisdictions as an interstate Scheme.

6 Limitation of Liability

6.1 For the purposes of s.28 of the Act, this Scheme only affects a liability for Damages arising from a single cause of action to the extent to which the liability results in Damages exceeding \$2,000,000.

6.2 If a Participant who is, or was at the time of the act or omission giving rise to Occupational Liability, a Participant to whom or to which the Scheme applies or applied, against whom a proceeding relating to Occupational Liability is brought, is able to satisfy the Court that such Participant has the benefit of an Insurance Policy—

- (a) which insures the Participant against the Occupational Liability to which the cause of action relates; and
- (b) under which the amount payable in respect of that Occupational Liability is not less than the amount of the applicable Monetary Ceiling specified in clause 6.3 of this Scheme (“the Monetary Ceiling”) applicable to the Participant,

then the Participant is not liable for Damages in relation to that cause of action above the Monetary Ceiling specified in clause 6.3.

6.3 The Monetary Ceiling (maximum amount of liability) for the purposes of the Scheme is the applicable amount specified in this table—

Group	Monetary Ceiling
Participants who at the Relevant Time generated annual Fee income (excluding goods and services tax) of less than \$10 million for the financial year immediately preceding the Relevant Time	\$2 million
Participants who at the Relevant Time generated annual Fee income (excluding goods and services tax) of \$10 million or more for the financial year immediately preceding the Relevant Time	\$10 million

6.4 This Scheme limits the Occupational Liability in respect of a cause of action founded on an act or omission occurring during the period when the Scheme was in force, of any Participant to whom the Scheme applied at the time when the act or omission occurred.

6.5 Notwithstanding anything to the contrary contained in this Scheme if, in particular circumstances giving rise to Occupational Liability, the liability of any Participant who is subject to this Scheme is capped both by this Scheme and also by any other Scheme under professional standards legislation (whether of this jurisdiction or under the law of any other Australian state or territory) and, if the amount of such caps should differ, then the cap on the liability of that Participant arising from such circumstances which is higher shall be the applicable cap.

7 Conferral of Discretionary Authority

7.1 Pursuant to s.26 of the Act, this Scheme confers on the IPA a discretionary authority to specify, on application by a Participant to whom the Scheme applies, a higher Monetary Ceiling (maximum amount of liability) not exceeding \$75 million in relation to that Participant either in all cases or in any specified case or class of case.

8 Commencement and Duration

8.1 The Scheme will commence on the following day—

- (a) In Victoria, New South Wales, the Northern Territory, Queensland, Western Australia and Tasmania, on 1 January 2022;
- (b) In the Australian Capital Territory and South Australia—
 - (i) on the date provided for in the Minister’s notice in relation to the Scheme, if a date is provided; or
 - (ii) on the first day two months after the day on which notice was given, in any other case.

8.2 The Scheme will operate, and is intended to remain in force, for a period of five years from the date of commencement unless it is revoked, is extended or ceases in accordance with s. 34 of the Act.

8.3 The Scheme will cease to operate in a jurisdiction referred to in clause 5.2 if it is revoked or otherwise ceases in accordance with the Corresponding Law of that jurisdiction.
