To assist in the control of bushfires, and/or prevent the spread, or extension of a bushfire which may occur, all owners and/or occupiers of land within the City of Joondalup's district are required before the 31st day of October in each year, or within 14 days of becoming the owner or occupier of land if after that date, to remove from the land all flammable material and/or clear firebreaks in accordance with the following land areas and thereafter to maintain that land and firebreaks up to or including 31 May in the following year.

Terms and Definitions

- **Flammable Material**—means any plant, tree, grass, substance, object, thing or material that may or is likely to catch fire and burn or any other thing deemed by an authorised officer to be capable of combustion.
- **Firebreak**—means an area constructed to a trafficable surface that is kept and maintained totally clear of all flammable material.
- **Trafficable**—means to be able to travel from one point to another in a four-wheel drive fire appliance on a clear surface, unhindered without any obstruction that may endanger such fire appliances.
- **Cultivation**—means the planting, tending, improving, or harvesting of crops or plants.

Pursuant to the provisions contained in section 33 of the *Bush Fires Act 1954*, the City of Joondalup sets out the following specifications—

Vacant land with an area of 2,000m²/0.2ha or less

- Remove all flammable material from the whole of the land, except living trees, shrubs and plants under cultivation, and lawns, by means of slashing, mowing or by other means (other than burning) to a height no greater than 50mm across the entire property and maintain in this state to 31 May each year.
- Any living trees, shrubs and plants under cultivation that overhang the property boundary, including overhanging footpaths and verges, must be trimmed back to the property boundary line and have a minimum vertical height clearance of 4m above ground level.

The above firebreak requirements will continue to apply to your property until and unless the City approves alternative firebreaks in writing.

Additional Works to Reduce Hazards
