1. Definitions

Authorised Officer means an employee of the City of Armadale appointed as a Bush Fire Control Officer.

Bushfire Management Plan means a plan that has been developed in accordance with *State Planning Policy 3.7*, and approved by the City of Armadale to reduce and mitigate fire hazards within a particular subdivision, lot or other area of land anywhere in the district.

Driveway means a point of access to a Habitable Building accessible for both conventional two wheel drive vehicles and firefighting appliances that is totally clear of Inflammable Matter and other objects or things.

Fire-break means an area of land constructed to a Trafficable surface and maintained totally clear of all Inflammable Matter leaving bare mineral earth, and includes the pruning and removal of any living or dead trees, scrub or any other material encroaching into the Vertical Axis of the fire-break area. Such fire-breaks may be constructed by one or more of the following methods: ploughing, cultivating, scarifying, raking, burning, chemical spraying or other method as approved by an Authorised Officer.

Fire Management Plan has the same meaning as Bushfire Management Plan.

Fuel Depot / Fuel Storage Area means an area of land, building or structure where fuel (i.e. petrol, diesel, kerosene, or any other hydrocarbon liquid) is kept, excepting where the quantities of fuel being stored are considered "minor storage quantities" under Table 2.1 of *Australian Standard AS1940* The storage and handling of flammable and combustible liquids.

Habitable Building means a dwelling, workplace, place of gathering or assembly and includes a building used for storage or display of goods or produce for sale by wholesale in accordance with classes 1—9 of the *Building Code of Australia*.

Haystack means any collection of hay including fodder rolls placed or stacked that exceeds 100m³ in size (e.g. five (5) metres x five (5) metres x four (4) metres), whether in a shed, other structure or in the open air.

Inflammable matter means any tree, bush, plant, grass, mineral, vegetable, substance, object, thing or material (except for living trees, shrubs, plants and lawns under cultivation) or any other thing deemed by an Authorised Officer to be capable of combustion that may, or is likely to, catch fire and burn.

Trafficable means to be able to travel from one point to another in a four-wheel drive fire appliance on a clear surface, unhindered without any obstruction that may endanger such fire appliances. A Fire-break is not to terminate, or lead to a dead end without provision for egress to a safe place or a cleared turn around area of 17.5 metre radius.

Vertical Axis means a continuous vertical uninterrupted line at a right angle to the horizontal line of the Fire-break.

2. All Land greater than 5,000m²

- a. A three (3) metre wide Fire-break with a four (4) metre high Vertical Axis is to be constructed and maintained as close as practicable inside the property boundary but no more than ten (10) metres from the boundary around the entire perimeter of the property. Reticulated and maintained green lawn may be accepted in lieu of a Fire-break; and

- b. A three (3) metre wide Fire-break with a four (4) metre high Vertical Axis is to be constructed and maintained immediately surrounding all outbuildings, sheds, haystacks and groups of buildings situated on the land; and
- c. A three (3) metre wide driveway with a four (4) metre high Vertical Axis is to be installed and maintained.

3. All Land 5,000m² or less

5. Hazard Reduction

The requirements of this Notice are considered to be the minimum requirement for fire prevention work, not only to protect individual properties but the district in general.

A separate Hazard Reduction Notice may be issued to individual landowners pursuant to Section 33 of the *Bush Fires Act 1954* to carry out further hazard reduction works with respect to anything upon the land, where in the opinion of an Authorised Officer, it is likely to be conducive to the outbreak and/or the extension of a bushfire.

6. Application to Vary Fire-break and Hazard Reduction Notice Requirements

If you consider, for any reason, that it is impractical to meet the requirements of this Notice, you may apply in writing to the City of Armadale, or its duly Authorised Officers, **no later than the 1st day of October 2022**, requesting authorisation to employ other methods of fire prevention. If permission is not granted by the City you must comply with the requirements of this Notice.

In some instances naturally occurring features such as rocky outcrops, natural watercourses or landscaping such as reticulated gardens, lawns or driveways may be an acceptable substitute for a Fire-break.

If approved the requirements of all approved variations to the Fire-break and Hazard Reduction Notice will need to be established on or before the 30th day of November 2022 (or within 14 days of you becoming the owner or occupier should this occur after that date) and be maintained up to and including the 31st day of March 2023.
