PUBLISHING DETAILS

The Western Australian *Government Gazette* is published by the Government Printer for the State of Western Australia on Tuesday and Friday of each week unless disrupted by Public Holidays or unforeseen circumstances.

Special *Government Gazettes* containing notices of an urgent or particular nature are published periodically.

The following guidelines should be followed to ensure publication in the *Government Gazette*—

- Material submitted to the Executive Council prior to gazettal will require a copy of the signed Executive Council Minute Paper.
- Copy must be lodged with the Publications Officer, Department of the Premier and Cabinet no later than 12 noon on Wednesday (Friday edition) or 12 noon on Friday (Tuesday edition)—

Email address:

gazette@dpc.wa.gov.au

- Enquiries regarding publication of notices can be directed to the Publications Officer on (08) 6552 6012.
- Enquiries regarding payment of notices can be directed to (08) 6552 6000 or sales@dpc.wa.gov.au
- **Lengthy or complicated notices should be forwarded early to allow for preparation. Failure to observe this request could result in the notice being held over.**

After lodging any notices, confirmation is not required by post. *If original copy is forwarded later and published, the cost will be borne by the advertiser.*

ADVERTISING RATES AND PAYMENTS

EFFECTIVE FROM 1 JULY 2024 (Prices include GST)

Public Notices Section—\$80.16 minimum charge (except items of an exceptionally large nature. In these instances arrangements will be made for pricing the notice at time of lodging).

All other Notices—

Per Column Centimetre—\$15.99

Bulk Notices—\$292.74 per page

Clients who **have** an account will only be invoiced for charges over \$100.

For charges under \$100, clients will need to supply credit card details at time of lodging notice (i.e. a notice under 7cm would not be invoiced).

Clients without an account will need to supply credit card details at the time of lodging the notice.

BUSH FIRES ACT 1954

FIREBREAK AND FUEL LOAD NOTICE

Shire of Northam

Pursuant to the powers contained in Section 33 of the *Bush Fires Act 1954* (as amended), notice is hereby given to all owners and occupiers of land within the Shire of Northam adopted the following requirements as a measure to assist in the control of bush fires, or preventing the spread or extension of a bush fire which may occur within the Shire.

All owners and/or occupiers of land within the Shire of Northam are required to carry out fire prevention work in accordance with this notice by 1 November each calendar year and maintained until 30 April the following calendar year, or within 14 days of becoming an owner or occupier of land if after that date, to comply with the requirements set out in this notice.

FAILURE TO COMPLY WITH THE REQUIREMENTS OF THIS ORDER MAY RESULT WITH THE ISSUE OF AN INFRINGEMENT NOTICE PENALTY \$250.00 OR PROSECUTION IN A COURT OF LAW WITH A MAXIMUM PENALTY OF \$5,000 AND BE LIABLE WHETHER PROSECUTED OR NOT TO PAY THE COSTS OF PERFORMING THE WORK DIRECTED BY THE NOTICE.

1. Building Protection Zone

The Building Protection Zone is an area of very low fuel levels and managed vegetation 20 metres out from habitable buildings (As defined in the Residential Design Codes of WA and in AS 3959) and must meet the following requirements,

Habitable building means a dwelling, workplace, place of gathering or assembly, a building used for the storage or display of goods or produce for sale by wholesale in accordance with classes 1-9 of the Building Code of Australia. The term habitable building includes attached and adjacent structures like garages, carports, verandas or similar roofed structures that are attached to, or within 6 metres of, the dwelling or primary building.

- Building Protection Zones for habitable buildings must extend a minimum of 20 metres out from any external walls of the building, attached structures, or adjacent structures within 6 metres of the habitable building.
- On sloping ground the Building Protection Zone distance shall increase at least 1 metre for every degree in slope on the sides of the habitable building that are exposed to down slope natural vegetation.
- Building Protection Zones must consist of non-flammable managed vegetation, reticulated lawns and gardens and other non-flammable features.
- All grass in Building Protection Zones must be maintained to or under 5cm in height.

- Fuel loads within Building Protection Zones must be maintained at 2 tonnes per hectare or lower.
- The crowns of trees must be separated to create a clear separation distance between adjoining or nearby tree crowns. The separation distance between tree crowns is not required to exceed 10 metres.
- A small group of trees within close proximity to one another may be treated as one crown provided the combined crowns do not exceed the area of a large or mature crown size for that species.
- Trees are to be low pruned (or under pruned) to at least a height of 2 metres from ground.
- No tree, or shrub over 2 metres high are to be within 2 metres of a habitable building.
- Trees and shrubs over 2 metres high must not be planted in groups close to the habitable building and there must be a gap of at least 3 times the height (at maturity) of the shrub away from the habitable building.
- There must be no tree crowns or branches hanging over habitable buildings.
- Firewood and flammable materials must be stored 20m from habitable buildings
- Driveways and access ways are to be a minimum of (3) metres wide with a vertical clearance of (4)metres to allow for the safe passage of a fire appliance to all buildings and assets on the land
- Roof gutters should be free of leaves and other combustible material.

YOUR PROPERTY

2. Land with area less than 10,000m²(1 hectare)

- Maintain all grass on the land to a height no greater than 10cm all windrows or dead flammable material must be removed.
- Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land
- Land with a habitable building on it must maintain a Building Protection Zone in line with the requirements of Section 1 of this notice.

3. Land with an area g 10,000m² (1 hectare) to 100,000m² (10 hectares)

Options (selected one out of the three options)

1. Install bare earth firebreaks three (3) metres wide immediately inside within (10) metres of all boundaries in a continuous form. All overhanging branches, trees, limbs etc. to be trimmed back from over the firebreak area to a minimum height of four (4) metres to allow for the safe passage of a fire appliance or;
2. Maintain all grass on the land to a height no greater than 10cm all windrows and or dead flammable material must be removed. An access area within (10) metres of the boundary with a minimum width of (3) metres with a vertical clearance of (4) metres where all overhanging branches are trimmed back to allow for the safe passage of a fire appliance or;
3. A combination of the above two options for properties with natural bush sections and pastured land sections
 - Land with a building on it must maintain a Building Protection Zone in line with the requirements of Section 1 of this notice.
 - On land for the use of tendering livestock a level of feed can be maintained to last the season. All grass a distance of 5m from any firebreak must be maintained to a height no greater than 10cm.
 - Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land.

Firebreak

Means a strip or area of trafficable ground, which is at least three (3) metres wide for cropped/stubble areas, or Three (3) metres wide for bushland/remnant vegetation areas with a minimum height of four (4) metres, which is kept and maintained totally clear of all inflammable matter. Such firebreaks may be constructed by one or more of the following methods: PLOUGHING, CULTIVATING, SCARIFYING, RAKING, BURNING, CHEMICAL SPRAYING OR OTHER METHOD as approved by an Authorised Officer.

In agricultural areas it is considered acceptable if a vehicle can travel through crop area within 10m of the property boundary to traverse around low branches or limbs.

4. Land with an area greater than 100,000m² (10 hectares)

Options (selected one out of the three options)

1. Install bare earth firebreaks two (2) metres wide immediately inside within (10) metres of all boundaries in a continuous form, for all cropped/stubble and pasture areas, or three (3) metres wide for all natural bush/remnant vegetation areas on the property within ten (10) metres of the property boundary. All overhanging branches, trees, limbs etc. to be trimmed back from over the firebreak area to a minimum height of four (4) metres to allow for the safe passage of a fire appliance or;
2. Maintain all grass on the land to a height no greater than 10cm all windrows and or dead flammable material must be removed. An access area within (10) metres of the boundary with a minimum width of (3) metres with a vertical clearance of (4) metres where all overhanging branches are trimmed back to allow for the safe passage of a fire appliance or;

3. A combination of the above two options for properties with natural bush sections and pastured land sections
 - On land for the use of tendering livestock a level of feed can be maintained to last the season. All grass a distance of 5m from any firebreak must be maintained to a height no greater than 10cm.
 - Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land.

Firebreak

Means a strip or area of trafficable ground, which is at least two (2) metres wide for cropped/stubble and pasture areas, or Three (3) metres wide for bushland/remnant vegetation areas with a minimum height of four (4) metres, which is kept and maintained totally clear of all inflammable matter. Such firebreaks may be constructed by one or more of the following methods: PLOUGHING, CULTIVATING, SCARIFYING, RAKING, BURNING, CHEMICAL SPRAYING OR OTHER METHOD as approved by an Authorised Officer.

In agricultural areas it is considered acceptable if a vehicle can travel through crop area within 10m of the property boundary to traverse around low branches or limbs.

5. Fuel Depot and Storage Areas, Haysheds, Stockpiled Flammable Materials and Stationary Machinery.

- Remove all flammable matter within (10) metres of Fuel Depot and Storage Areas of where fuel drums whether containing fuel or not, fuel ramps or fuel dumps are located, Hay Shed, Stockpiled Flammable Materials, Stationary Machinery are stored.
- Install bare earth firebreaks three (3) metres wide immediately inside and along all boundaries of land in a continuous form with a vertical clearance of (4) metres where overhanging branches are trimmed back immediately adjacent to Stationary Motors, Haystacks, Stockpiled Flammable Materials and Stationary Machinery.

6. Bushfire or Emergency Management Plans**(Compliance is required throughout the year, every year)**

Means a bushfire management plan, emergency management plan or an approved Bushfire attack level (BAL) assessment that has been developed and approved to reduce and mitigate fire hazards as part of a Town Planning Scheme, subdivision approval, development approval or a building permit

- All properties with a Bush Fire, Fire or Emergency Management Plan shall comply with the plan in its entirety.
- Any requirements identified in a Bush Fire, Fire or Emergency Management Plan are in addition to the requirements of this notice.

7. Application to vary the Firebreak Requirements with Alternative Arrangements

If it is considered impracticable for any reason whatsoever to implement any of the requirements of this Notice, you may apply in writing to the Shire of Northam by no later than the 1st October each year for permission to implement alternative measures under the following options,

- (a) A temporary variation for extenuating circumstances only
- (b) A permanent feature of the property requires a variation to his order, if approved the variation will apply until specifically rescinded or replaced with a new individual notice by the shire.

Take notice if permission is not granted in writing you must comply with the requirements of this notice.

8. The Burning of Garden Refuse

Pursuant to the powers contained in section 24G (2) of the *Bush Fires Act 1954*, the Shire of Northam prohibits the burning of all garden refuse within its district during the Prohibited Burning Times. This prohibition applies to all persons within the Shire's district.

- The burning of garden refuse or rubbish on the ground or in an incinerator that would otherwise be permitted under Section 24F is prohibited absolutely on all land within the district during the Prohibited Burning Period.
- The burning of garden refuse or rubbish on the ground or in an incinerator that would otherwise be permitted under Section 24F is prohibited on all land under 2000m² (square metres) in size during the Restricted Burning Time, without a Fire Permit issued under Regulation 15 of the *Bush Fires Act 1954*.
- The burning of garden refuse or rubbish on the ground or in an incinerator that would otherwise be permitted under Section 24F is prohibited absolutely on all land within the district during the Restricted Burning period between 1st Mar—30 Apr each year.
- During the Restricted Burning period October 1st and Nov 30th each year, residents on land that is greater than 2,000m² in area it is permissible to undertake the burning of garden refuse (dry leaves, small branches, off cuts, etc.) in a single pile on the ground no larger than 1.0 m³ between the hours of 18:00 (6pm) and 23:00 (11pm) and by complying with all the conditions of section 24F (3) in the *Bush Fires Act 1954* and Regulation 15B *Bush Fires Regulations 1954*.
- Reticulated water supply or min 600lts of water must be available for immediate use at all times, the fire is to be completely extinguished with water prior to leaving area unattended.
- It is recommended that residents undertake 1 m³ burns at a rate of no more than 1 pile at a time.

9. Restricted and Prohibited Burning times

- The “Prohibited Burning Time” means the 1 December each calendar year through until 28th February the following calendar year (inclusive, and as varied pursuant to Sections 17 and 18 of the *Bush Fires Act 1954*).
- The “Restricted Burning Time” means the 1 October through until 30 November and the 1 March through until 30 April each calendar year (inclusive, and as varied pursuant to Sections 17 and 18 of the *Bush Fires Act 1954*).

During the restricted burning time 1st October to 30th April (inclusive of Prohibited time) while doing mechanical operations including but not limited to “Rock picking, stubble crunching, slashing of dry material cured more than 60% and verge management, these types of operations must have with them 500 litres fire unit at the ready or means of running water present (charged hose).

10. Cooking and Camping

Pursuant to the powers contained in section 25H (1) of the *Bush Fires Act 1954*, the Shire of Northam prohibits the lighting of a fire in the open air for the purpose of camping or cooking during the prohibited period. This prohibition applies to all persons within the Shire’s district.

For the purposes of this section (1aa) a gas appliance, comprising a fire the flame of which is encapsulated by the appliance and which does not consume solid fuel, shall not be taken to be a fire in the open air.

An appliance that burns a solid fuel, (BBQ, Pizza Oven, Meat Smoker etc.) cannot be operated on days of “**HIGH**”, “**EXTREME**” or “**CATASTROPHIC**” fire danger rating.

- Any chimney on the appliance must be fitted with a suitable spark arrestor that is maintained in a clean, sound and efficient condition.
- If solid fuel is being consumed, then the burning fuel must be sealed from the open air by a secure, sealable door.
- Appliance must not be left unattended and a reticulated water supply must be available for immediate use.

Take notice a person/s who contravenes a of this section is guilty of an offence that carries a penalty of \$3,000.

11. Permits to burn

Means a “Permit to Burn the Bush” as issued by an Authorised Officer under section 18 of the *Bush Fires Act 1954*.

- Applications for Permits are available from the Shire of Northam at no cost.
- You must comply with all conditions imposed by the Shire or an Authorised Officer in respect of any Permit issued by the Shire.
- Permits will not be valid on days of “**HIGH**”, “**EXTREME**” or “**CATASTROPHIC**” fire danger.
- Permits may also be revoked if in the opinion of an authorised officer the conditions are not deemed suitable for prescribed burns.

Take notice that the Shire of Northam prohibits the burning of any road verge within the entire district.

Take Notice that pursuant to *Section 18 (11) of the Bush Fires Act 1954*—Where a person starts a fire on land, if the fire escapes from the land or if the fire is in the opinion of a Bush Fire Control Officer or an officer of a Bush Fire Brigade out of control on the land, the person shall be liable to pay to the local government on the request of and for recoup to its bush fire brigade, any expenses up to a maximum amount of \$10 000 incurred by it in preventing the extension of or extinguishing the fire, and such expenses may be recovered in any court of competent jurisdiction.

A person who commits a breach of this section other than subsection (11) is guilty of an offence.

Penalty: For a first offence \$4 500.

For a second or subsequent offence \$10 000.

12. Harvest, Movement of Vehicles and Hot Works Bans

All persons within the Shire of Northam are required to comply with a direction declared under Reg 38A, 38B, 38C and 38D, *Bush Fires Regulations 1954*.

- A Harvest, Vehicle Movement and Hot Works Ban (HVMBHW) requires the cessation of all harvesting, vehicle movements and hot work operations including 4WD driving, riding of motorbikes and ATV’s within the Shire of Northam.
- A Harvest, Vehicle Movement and Hot Works Ban (HVMBHW) prohibits the movement of vehicles on properties within the Shire of Northam except for the essential watering of stock, and the feeding of commercial livestock in a diesel powered vehicle accompanied by a 500 litre fire unit with water at the ready.
- A Harvest, Vehicle Movement and Hot Works Ban (HVMBHW) prohibits the use of all welding, grinding and abrasive tools on properties within the Shire of Northam in the open air. Exemptions in accordance with Council Policy may be available. Further information is available by contacting Shire of Northam (08) 9622 6100.

Take notice a person/s who contravenes a declaration made under regulation 38A, 38B, 38C or 38D or who fails to carry out any direction given to him is guilty of an offence that carries a penalty of \$5,000.

A Harvest Vehicle Movement and Hot works Ban will be advertised on the Shire of Northam Website, social media and where possible on ABC Radio 531AM, MMM 864 AM and.

Notification can be obtained via a free SMS service which is available upon request from the Shire of Northam (08) 9622 6100

Register for our free SMS notification service for Harvest Ban and other important information, directly to your phone. <https://www.northam.wa.gov.au/community/online-services/onlineservices.asPX>

13. Additional Works

In addition to the requirements noted above, regardless of land size and location, the Shire of Northam or its duly authorised officer may require you to undertake additional works on your property to improve access and or undertake further hazard removal and/or reduction works, where in the opinion of that authorised officer, it is to be necessary to prevent the outbreak and/or the spread of a bush fire.

Take notice that pursuant to Section 33(4) of the *Bush Fires Act 1954*, where the owner and/or occupier of land fails or neglects to comply with the requisitions of this Notice within the times specified, the Shire of Northam may by its officers and with such servants, workmen and contractors, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of this Notice which have not been complied with and pursuant to Section 33(5) of the *Bush Fires Act 1954*, the amount of any costs and expenses incurred may be recovered from you as the owner and or occupier of the land.

If the requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the *Bush Fires Regulations 1954*.

The owner or occupier of land to whom a notice has been given under subsection (1) and who fails or neglects in any respect duly to comply with the requisitions of the notice is guilty of an offence, that offence carries a penalty of \$5,000, additionally a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this notice if it is not carried out by the owner and/or occupier by the date required by this Notice.

14. Reserves vested with the Shire of Northam

The Shire of Northam reserves the right to conduct any mitigation works deemed necessary on any reserves vested with Shire of Northam for the purpose of reducing the risk of fire to the community. Each reserve will be assessed in accordance with ISO 31000:2018 and identified in the Bushfire Risk Management Plan.

Treatments implemented may include but are not limited to prescribed burns, slashing, mulching or any other means necessary as determined by the Shire of Northam to ensure the risk is reduced to a satisfactory level.

GENERAL ADVICE

This notice gives the minimum requirements for fire control within the Shire of Northam and all residents and ratepayers are encouraged to be prepared by undertaking additional fire protection measures. Creating a household "Bushfire Plan" to ensure the safety of property and life. Further additional information to that contained in this notice can be obtained from the 5min Fire Chat website www.dfes.wa.gov.au/bushfire/prepare or from the Shire of Northam website www.northam.wa.gov.au

All previous versions of this notice are hereby cancelled.

By order of the Council,

DEBBIE TERELINCK, Chief Executive Officer.

DEFINITIONS

For the purpose of this Notice the following definitions apply—

Alternative Arrangements includes a variation as defined in Section 7 of this Notice to reduce and mitigate fire hazards within a particular subdivision, lot or other area of land anywhere in the district.

Authorised Officer means an employee of the Shire of Northam appointed as a Bush Fire Control Officer pursuant to the powers conferred in Section 38 of the *Bush Fires Act 1954*.

Firebreak means a strip or area of trafficable ground, which is at least two (2) metres wide for cropped/stubble areas, or Three (3) metres wide for bushland/remnant vegetation areas with a minimum height of four (4) metres, which is kept and maintained materially clear of all inflammable matter and is trafficable. Such firebreaks may be constructed by one or more of the following methods: PLOUGHING, CULTIVATING, SCARIFYING, RAKING, BURNING, CHEMICAL SPRAYING OR OTHER METHOD as approved by an Authorised Officer. In agricultural areas it is considered acceptable if a vehicle can travel through crop area within 10m of the property boundary to traverse around low branches or limbs.

Flammable Material means any plant, tree, grass, substance, object, thing or material that may or is likely to catch fire and burn or any other thing deemed by an authorised officer to be capable of combustion.

Solid Fuel means any fuel other than gas for cooking/camping, such as, wood, coal, BBQ briquettes

Fuel Depot / Fuel Storage Area means an area of land, a building or structure where fuel, ie (petrol, diesel, kerosene, liquid gas or any other fossil fuel) is kept in any container or manner.

Fuel Load is the leaf litter on the ground inclusive of leaves, twigs (up to 6mm in diameter) and bark. A litter depth of 5mm from the top of the layer to the mineral earth beneath is indicative of approximately 2.5 tonnes per hectare. A litter depth of 15mm from the top of the layer to the mineral earth beneath is indicative of approximately 8 tonnes per hectare. The Shire of Northam can provide advice on determining fuel load levels further information is available here:

<https://www.dfes.wa.gov.au/safetyinformation/fire/bushfire/VisualFuelLoadsPublications/Visual%20Fuel%20Load%20Guide%20Swan%20Coastal.pdf>.

Habitable Buildings means a dwelling, workplace, place of gathering or assembly, a building used for the storage or display of goods or produce for sale by wholesale in accordance with classes 1-9 of the Building Code of Australia. The term habitable building includes attached and adjacent structures like garages, carports verandas or similar roofed structure(s) that are attached to, or within 6 metres of the dwelling or primary building.

Maintaining Fuel Loads relates to the management of leaf litter as described in this Notice. Reducing fuel load levels does not necessarily require the removal of existing natural vegetation. A combination of methods can be utilised inclusive of safe burning, raking, weed removal, pruning and/or the removal of dead plant material.

Managed Vegetation includes vegetation that is pruned away from buildings, under pruned to minimise contact with ground fuels and that is kept free of dead suspended matter such as twigs, leaves and bark.

Trafficable means to be able to travel from one point to another in a four-wheel drive fire appliance on a clear surface, unhindered without any obstruction that may endanger such fire appliances. A firebreak is not to terminate, or lead to a dead end, without provision for egress to a safe place or a cleared turn around area of not less than a 20 metre diameter.

Vertical Axis means a continuous vertical uninterrupted line at a right angle to the horizontal line of the firebreak to a minimum height of 4 metres from the ground.

Other areas brought to notice

Solar arrays—need 3m fire breaks and vegetation kept down to 10cm in height.

It is recommended that wider fire breaks around areas with substantial UXO be required.

Pictures and tables to be included in the Fire Break Notice where appropriate to show what is required and make the information easier to understand.

LG502

BUSH FIRES ACT 1954

Shire of Bridgetown-Greenbushes

FIREBREAK AND FUEL HAZARD REDUCTION NOTICE 2025/2026

In accordance with Section 33 of the *Bush Fires Act 1954*, you are required to carry out fire prevention work on land owned or occupied by you as set out in this Notice by the dates specified.

If the requirements of this Notice are not met by the due date or are not completed to the satisfaction of an inspecting officer, an on the spot fine of \$250 may be issued. The maximum fine for failure to comply is \$5,000. Council can also enter upon the land and carry out required works at the owner/occupier's expense.

BURNING PERIODS

RESTRICTED BURNING PERIOD: Permit to burn required from a Bush Fire Control Officer from 15 October to 30 November and 1 April to 15 May.

PROHIBITED BURNING PERIOD: 1 December to 31 March

1. SPECIAL REQUIREMENTS AND ALTERNATIVES

1.1 SPECIAL REQUIREMENTS

The requirements of this Notice are considered the minimum standard of fire protection required to protect not only the individual property but the community as a whole. Council can impose additional requirements to remove or abate hazards if considered necessary. Any property subject to a Bush Fire Management Plan, or conditions imposed as a result of development approval, must comply with the approved conditions in addition to the requirements of this Notice.

1.2 ALTERNATIVES

If you consider it impracticable or environmentally damaging to carry out the requirements set out in this Notice, you can apply to Council by 1 October for permission to provide alternative firebreaks or other fire prevention measures.

In the absence of written approval for alternative measures, the owner/occupier must adhere to the requirements of this Notice.

Regulated activities under section 3.1 can be applied for at any time of the year.

In the absence of written approval for alternative measures, the owner/occupier must adhere to the requirements of this Notice.

Enquiries relating to this Firebreak and Fuel Hazard Reduction Notice or fire prevention in general should be directed to the Shire Ranger Services on (08) 9761 0800 or 0457 885 156

2. WORK REQUIRED TO BE UNDERTAKEN

2.1 CATEGORY 1—LAND UNDER 5000M2 (1/2 HECTARE) By 15 November until 10 May

Remove all flammable material from the property except living trees and shrubbery and maintain throughout the required period. Grass height not to exceed 100mm.

2.2 CATEGORY 2—ALL LAND OVER 5000m² AND UNDER 4 HECTARES (10 ACRES) By 15 November until 10 May

All buildings must have an access track not less than 3 metres in width and a minimum 4 metre vertical clearance to overhanging vegetation. Around all buildings, haystacks and fuel storage areas, slash and remove all flammable materials likely to create a fire hazard, except living trees and shrubbery for at least 20 metres around the building, haystack and fuel storage area. Grass height not to exceed 100mm.

In addition to the above, the following requirements also apply to Category 2 properties—

- (a) Land used for cropping or pasture:** Construct and maintain a 3 metre wide firebreak with a minimum 4 metre vertical clearance to overhanging vegetation as near as practical to the perimeter of the property.
- (b) Land not used for cropping/pasture:** Remove all flammable material from the property except living trees and shrubbery and maintain throughout the required period. Grass height not to exceed 100mm. If choosing to forego firebreaks and instead remove flammable material from the property, the property owner must complete active fuel reduction on the property before 15 November and maintain it throughout the period of this Notice by means such as slashing, baling, and/or grazing by an appropriate number of livestock. If choosing to carry out fuel reduction by grazing of stock, the property owner must ensure that sufficient stock is used to ensure that all grass is reduced to a maximum height of 100mm by **15 November and maintained at that height until 10 May.**

2.3 CATEGORY 3—ALL LAND OVER 4 HECTARES (10 ACRES) By 15 November until 10 May

All buildings must have an access track not less than 3 metres in width and a minimum 4 metre vertical clearance to overhanging vegetation. Around all buildings, haystacks and fuel storage areas, slash and remove all flammable materials likely to create a fire hazard, except living trees and shrubbery for at least 20 metres around the building, haystack and fuel storage area. Grass height not to exceed 100mm.

In addition to the above, the following requirements also apply to Category 3 properties—

- (a) Managed land used for agriculture, viticulture or horticulture:** Managed land is not required to have firebreaks, although land owners and occupiers are encouraged to install them in strategic places to protect their property in the event of a fire. There must be active fuel reduction done on the property throughout the period of this Notice, by means such as slashing, baling, and/or grazing by an appropriate number of livestock.
- (b) Unmanaged land:** As a minimum, one of the following two methods must be implemented—
 - (i) Fuel reduction:** Remove all flammable materials from the entire property except living trees and shrubbery and maintain throughout the required period. Grass height not to exceed 100mm; or
 - (ii) Firebreak:** Construct and maintain a 3-metre-wide firebreak with a minimum 4 metre vertical clearance to overhanging vegetation as near as practical to the perimeter of the property.

2.4 CATEGORY 4—PLANTATIONS and HARVESTED PLANTATIONS By 1 November until 10 May

The first row of trees must be a minimum of 15 metres from all formed public roads. A 10-metre-wide firebreak shall be constructed along the internal boundaries of the plantation, along the boundaries of separate ownership, and all formed public roads. A firebreak 6 metres wide shall be provided in such a position that no compartment of a plantation exceeds 30 hectares. Where power lines pass through the plantation the clearing of vegetation must be in accordance with power supplier specifications. Trees adjoining the firebreak must be progressively pruned to a minimum height of 4 metres to maintain an effective width of firebreak.

Firebreak requirements for harvested plantations are the same as for plantations. Any harvest residue heaps (slash piles) are to be a maximum of 4 metres wide; maximum 2 metres high; maximum 50 metres length with minimum 5 metre separation between heaps/piles; minimum 50 metres from any boundary or native vegetation islands; minimum 20 metres from powerlines or any areas of remnant vegetation and the first row of trees of any plantation.

2.5 CATEGORY 5—TIMBERMILLS By 1 November until 10 May

Construct and maintain a 3-metre firebreak with a minimum 4 metre vertical clearance inside and along the boundary of the property as well as a 10-metre firebreak around all piles of sawdust, woodchips, bark and waste material.

3. REGULATED ACTIVITIES

3.1 HARVESTING OPERATIONS

In addition to the individual Category requirements, any crop or plantation harvesting must have a drivable fire unit (not a trailer fire unit) of at least 400 litres in operational condition (full of water and in good working order) per harvesting machine within the compartment being harvested.

3.2 STUMP GRINDING

The use of a stump grinder during Restricted and Prohibited Burning Periods is only permitted if a drivable fire unit of at least 400 litres in operational condition (full of water and in good working order) be within 200 metres of the stump grinder in the same compartment.

3.3 BURNING OF GARDEN REFUSE AND RUBBISH

Prior to the burning of garden refuse and rubbish a 3-metre radius perimeter around the waste heap is to be cleared of all flammable material. Burning of garden refuse and rubbish is not permitted during the Prohibited Burning Period and during the Restricted Burning Periods it will require a burning permit from a Fire Control Officer.

3.4 SLASHING DURING THE RESTRICTED AND PROHIBITED BURNING PERIODS

This clause does not apply to the mowing of residential lawns. During the Restricted Burning Period, any person conducting slashing must have available a fire extinguisher of not less than 7.5 litre capacity either attached to the machine or within 200 metres of where the machine is operating. During the Prohibited Burning Period, any person conducting slashing must have available a fire fighting unit (full of water and in good working order) of not less than 400 litre capacity within 200 metres of where the machine is operating.

3.5 CAMP FIRES AND BARBECUES

Open wood camp fires, wood fuelled barbecues, solid fuel pizza ovens, and spit style rotisseries require a permit in the Restricted Burning Period if the Fire Danger Rating (AFDRS) is "High" or above and are not allowed in the Prohibited Burning Period. Use of a gas barbecue is permitted subject to a perimeter with a 5 metre radius around the barbecue being cleared of bush and flammable materials.

4. DEFINITIONS OF TERMS

Firebreak: must be bare earth from which any combustible material that is capable of carrying a running fire has been removed and on which no flammable material is permitted to accumulate during the period specified in this Notice.

Flammable materials: accumulated fuel such as leaf litter, twigs, bark, grass over 100mm in height, timber, boxes, cartons, paper and any combustible material, capable of carrying a running fire but excludes living standing trees and shrubs.

Flammable fuel storage: includes all petroleum based liquids, Liquefied Petroleum Gas, Liquefied Natural Gas, and any other combustible liquid or gaseous fuel.

Fuel hazard: has the same meaning as flammable material.

Harvested plantation: a plantation that has been clear felled but evidence of former use of the plantation remains in the form of tree stumps, pruning, limbs, and/or other accumulated tree refuse or logging residue.

Hay stack: a collection of hay including fodder rolls placed or stacked together.

Managed land: land over 4 hectares that is being actively used for agriculture, viticulture, horticulture etc. and that such use is clearly evident (excluding plantations).

Plantation: any area planted in pine, eucalypt or other commercially valued trees (excluding orchards and vineyards) which have been planted for commercial gain. Requires approval under the Town Planning Scheme.

Unmanaged land: land over 4 hectares that is not being actively and evidently used for agriculture, viticulture, horticulture etc. (excluding plantations).

5. FIRE PERMITS AND UNDERTAKING FUEL HAZARD REDUCTION WORK

5.1 CONTRACTORS—A list of contractors available to assist with fire prevention work is available by calling the Shire on 9761 0800. Council does not recommend or endorse any particular contractor.

5.2 PERMITS to burn are required for the whole of the restricted periods and can only be obtained from the Fire Control Officers listed overleaf.

5.3 CAREFULLY READ and adhere to all of the conditions of the permit as any breach or negligence could make you liable for any damage to neighbouring properties and/or infringements/penalties.

5.4 ANY SPECIAL CONDITIONS imposed by the Fire Control Officer/s when issuing permits must be strictly adhered to. Rangers will check that permit conditions are being complied with during the Restricted Burning Period.

5.5 INFRINGEMENTS/ON THE SPOT FINES of \$250 and upwards may apply to any breaches of the permit conditions/special conditions. Contact your FCO or local Rangers if in doubt.

5.6 THE PERMIT HOLDER shall give notice of their intention to burn to the following—

- (a) The Shire Office, no later than on the day when burning is to take place. Weekend burning must be notified by 4.00pm of the preceding Friday.
- (b) The owner or occupier of adjoining land
- (c) The nearest Department of Biodiversity, Conservation and Attractions, Parks and Wildlife Service office, if the land is situated within 3km of a State Forest (Kirup or Pemberton). Notification should be given even when burning is in the open burning period.

5.7 PERIOD OF NOTICE to neighbours prior to burning cannot be more than 28 days or less than 4 days, although lesser notice may be determined by mutual agreement of all neighbours.

5.8 NO PERMITS will be issued for burning on public holidays during the Restricted or Prohibited Burning Periods.

5.9 INCINERATORS used to burn rubbish must be properly constructed. An open drum with or without a lid is not an authorised incinerator.

5.10 BURNING ON THOROUGHFARES—Prior to burning on a thoroughfare, verge, or road reserve, a person must obtain a Permit to Light a Fire on a Thoroughfare. The onus lies on the person burning to not only comply with the provisions of the *Activities on Thoroughfares and Trading in Thoroughfares and Public Places Local Law* and the *Bush Fires Act 1954*, but also to ensure there is no possibility of the fire escaping.

5.11 FIREFIGHTING EQUIPMENT residents are strongly encouraged to have and maintain firefighting equipment for protection of their own property.

6. HARVEST AND VEHICLE MOVEMENT BANS AND TOTAL FIRE BANS

6.1 TOTAL FIRE BANS (TFB) are declared by the Department of Fire and Emergency Services (DFES) following consultation with Local Governments due to extreme weather conditions or widespread fires stretching firefighting resources. During a TFB the lighting of any fires in the open air and any other activities that may start a fire are prohibited, including—

- (a) All open-air fires for the purpose of cooking/camping, i.e. wood fuel barbecues, candles, pizza ovens.
- (b) Incinerators, welding, grinding, soldering, gas cutting, angle grinders and lawnmowers.

Penalty: Up to \$25,000 fine and/or a 12 month jail term. Exemptions may be granted by DFES and must be requested in writing.

6.2 HARVEST AND VEHICLE MOVEMENT BANS are imposed by Local Government under the *Bush Fires Regulations 1954* Section 38A and Section 24C, when prevailing and/or anticipated weather conditions and/or when availability or response capacity of the local firefighting resources are reduced. A Harvest and Vehicle Movement Ban may be imposed for any length of time but is generally imposed for 'heat of the day' periods and may be extended or revoked as weather conditions change. During a Harvest and Vehicle Movement Ban, the use of engines, vehicles, plant and machinery is prohibited in order to mitigate the associated risk of causing or contributing to the spread of a bushfire.

6.3 AUSTRALIAN FIRE DANGER RATING SYSTEM (AFDRS) The Fire Danger Rating for any day can be located at <https://www.emergency.wa.gov.au/#firedangerratings>

7. VOLUNTEERING IN A BUSH FIRE BRIGADE

7.1 BRIGADE MEMBERSHIP If you are interested in joining your local Volunteer Bush Fire Brigade, contact the Fire Control Officer for your area or the Shire's Community Emergency Services Manager on 0428 611 125.

7.2 VOLUNTEERS ATTENDING A FIRE IN THEIR OWN VEHICLE must immediately report to the Fire Control Officer for safety and insurance purposes.

8. IN THE EVENT OF AN UNCONTROLLED FIRE

8.1 FIRE REPORTS All landowners and occupiers who incur a bushfire have an obligation to assist the Fire Control Officer to compile a Fire Report form.

8.2 LANDOWNERS AND OCCUPIERS must take all reasonable measures to control fires on their land, at their expense, regardless of how the fire started. Whilst local volunteer fire fighters will come out and assist in the control of the fire, landowners and occupiers are reminded that they are ultimately responsible for fires on their property, including monitoring the fire after fire crews have left. Penalties apply and recovery of costs can be made by Council for those who do not comply with these provisions.

8.3 RADIO STATIONS DURING A FIRE EMERGENCY During a fire emergency all landowners and occupiers are encouraged to listen to ABC Radio as they are the official emergency broadcast radio station. Local frequencies are 1044, 684 and 558.

9. BUSH FIRE CONTROL OFFICERS

Chief Fire Control Officer Greg Kennedy

Deputy Chief Fire Control Officer Chris Doherty

Donna Baker, Keith Clothier, Martin Winchcombe, Lyndon Pearce, Robert Moyes, Andrew Browne, Hugh Wheatley, Robert McCance.

GARRY ADAMS, Chief Executive Officer.

LOTTERIES

LO401**LOTTERIES COMMISSION ACT 1990****LOTTERIES COMMISSION (AUTHORISED LOTTERIES) (POWERBALL) AMENDMENT RULES 2025**

Made by the Lotteries Commission under section 28(1) of the Act.

1. Citation

These rules are the *Lotteries Commission (Authorised Lotteries) (Powerball) Amendment Rules 2025*.

2. Commencement

These rules come into operation as follows —

- (a) rules 1, 2 and 3 — on the day on which these rules are published in the *Gazette*; and
- (b) rule 4 — 6:01pm on 30 October 2025.

3. Rules amended

These rules amend the *Lotteries Commission (Authorised Lotteries) Rules 2016*.

4. Schedule 5 (Powerball)

- (1) Delete Schedule 5 Division 1 and insert—

Division 1—Calculating the total cost of entry

The unit cost of entering a Powerball draw is made up of a subscription of \$1.40 per game and an agent's component.

The agent's component is calculated as 12% of the total subscription amount for a particular week's entry, rounded* (where necessary) to the nearest 5 cent multiple.

$$((G \times \$1.40) \times 0.12 \rightarrow \text{rounded}) \times W = T$$

where—

G No. of games entered in a draw;

W No. of weeks the entry spans;

T Total agent's component cost payable by the subscriber.

* Rounding is calculated using the method known as “bankers rounding” or “round-to-even” rounding.

- (2) In Schedule 5 Division 3 delete:

Unit cost for the Powerball draw	\$1.20 (+ a 12% agent's component)
----------------------------------	------------------------------------

and replace with the following:

Unit cost for the Powerball draw	\$1.40 (+ a 12% agent's component)
----------------------------------	------------------------------------

The Common Seal of the Lotteries Commission was affixed on the 28th day of August 2025 by order and in the presence of—

KAREN BROWN, Chairperson.
RUBINI VENTOURAS, Board Member.

MINERALS AND PETROLEUM

MP401**MINING ACT 1978**

Section 19

INSTRUMENT OF EXTENSION OF TERM OF EXEMPTION OF LAND

I, Jared Andrew Barnett, Executive Director, Resource Tenure, pursuant to section 19 of the *Mining Act 1978*, hereby extends the exemption originally declared on 03 September 2015 and published in the *Government Gazette* dated 11 September 2015 for that area described hereunder (not being private land or land that is the subject of a mining tenement or an application for a mining tenement) from Divisions 1 to 5 of Part IV of the *Mining Act 1978*, for a period of two years expiring on 02 September 2027.

Locality

Coolgardie

Description of Land

Land designated S19/364 in the TENGRAPH electronic plan of the Department of Mines, Petroleum and Exploration known as 'Coolgardie—Commercial and Industrial Development Area'. A geospatial description is filed in the Department of Mines, Petroleum and Exploration electronic file number A1263/201801, document ID A95846719.

Area of Land

158.69 hectares

Dated at Perth this 29th day of August 2025.

JARED ANDREW BARNETT, Executive Director, Resource Tenure.

MP402**MINING ACT 1978**

Section 19

INSTRUMENT OF VARIATION AND EXTENSION OF TERM OF EXEMPTION OF LAND

I, Jared Andrew Barnett, Executive Director, Resource Tenure, pursuant to section 19 of the *Mining Act 1978*, hereby extend the exemptions as described hereunder for a further period of two years expiring on 03 September 2027 and vary the exemptions of land originally declared on 4 September 2019 and published in the *Government Gazette* dated 20 September 2019 by varying the description to that as described hereunder (not being private land or land that is the subject of a mining tenement or an application for a mining tenement) exempt from Divisions 1 to 5 of Part IV of the *Mining Act 1978*.

Description of Land

Land designated in the TENGRAPH electronic plan of the Department of Mines, Petroleum and Exploration as—

EXEMPTION	DESCRIPTION	AREA (HECTARES)	FILE NO & DOCUMENT ID*
S19/377	Proposed Dalgarranga National Park Addition	258.8	A1177/201901 A96838256

Hon. AMBER-JADE SANDERSON, MLA, Minister for Skills and TAFE.

TRANSPORT

TN401

ROAD TRAFFIC (VEHICLES) ACT 2012 OVERSIZE BOAT ORDER

I, Peter Woronzow, in my capacity as Commissioner of Main Roads, hereby make an order in accordance with Section 33 of the *Road Traffic (Vehicles) Act 2012* to modify the dimension requirements for applicable oversize boats and boat trailers, subject to the conditions specified in this order.

1. Citation

This is the *Oversize Boat Order*.

2. Commencement

This order takes effect on the day that it is published.

3. Period for which Order applies

This Order remains in force from the first day of January of each year to the last day of December of each year, until it is revoked.

4. Interpretation

In this Order, unless the contrary intention appears—

Operating Conditions means the document, as amended from time to time, entitled “Class 1 RAV Oversize Period Permit Operating Conditions” published on the Main Roads WA website.

5. Application

This Order applies to an oversize boat and boat trailer use for a purpose other than in connection with a business.

6. Modification of Dimension Requirements

An oversize boat and boat trailer must not exceed the modified dimension requirements specified in the *Operating Conditions*.

7. Road Access

A vehicle must only travel on a road in accordance with the access requirements specified in the *Operating Conditions*.

8. Compliance with Operating Conditions

A person connected with a vehicle to which this Order applies must ensure that each provision in the *Operating Conditions* is complied with.

Dated 8th August 2025.

PETER WORONZOW, Commissioner of Main Roads.

TN402

ROAD TRAFFIC (VEHICLES) ACT 2012 ROWING BOAT TRAILER ORDER

I, Peter Woronzow, in my capacity as Commissioner of Main Roads, hereby make an order in accordance with Section 33 of the *Road Traffic (Vehicles) Act 2012* to modify the dimension requirements for vehicles transporting rowing boats, subject to the conditions specified in this order.

1. Citation

This is the *Rowing Boat Trailer Order*.

2. Commencement

This Order takes effect on the day that it is published.

3. Period for which Order applies

This Order remains in force from the first day of January of each year to the last day of December of each year, until it is revoked.

4. Application

4.1 This order applies to a rowing boat trailer carrying over length rowing boats.

4.2 For the purpose of this order, a rowing boat trailer is a trailer built specifically for carrying rowing boats and licensed as a boat trailer.

5. Modification of Dimension Requirements

- 5.1 The overall length of the vehicle combination must not exceed 20 metres; and
- 5.2 The rear overhang of the trailer (the distance between the centre of the trailer's axle or axle group and the rearmost part the trailer) must not exceed 3.7 metres; and
- 5.3 The rear overhang of the rowing boats (the distance between the centre of the trailer's axle or axle group and the rearmost part of the rowing boats) must not exceed 5.2 metres; and
- 5.4 Any portion of the rowing boats with a rear overhang in excess of 3.7 metres must not exceed a total width of 2.2 metres; and
- 5.5 The rowing boats must not project more than 1.5 metres forward of the trailer (measured from the centre of the tow ball coupling); and
- 5.6 The rowing boats must not project more than 1.5 metres rear of the trailer (measured from the rear of the main trailer body, excluding any extension or attachment on the rear of the trailer).

6. Road Access

The vehicle combination may travel on any road within Western Australia.

7. Operating Conditions

- 7.1 Operators must ensure the route is suitable for travel and will not cause damage to property or inconvenience to other road users.
- 7.2 If the load projects more than 1.2 metres behind the trailer or forward of the tow ball coupling, it must have a warning signal attached to the end of the load—
 - (a) During the day, the warning signal must be a brightly coloured flag, with each side at least 300 millimetres long; or
 - (b) At night, the warning signal must be a red light, visible at a distance of 200 metres.

8. Compulsory Incident Reporting

All on-road incidents must be reported to Main Roads Heavy Vehicle Services by the operator. The Heavy Vehicle Incident Reporting form is available on the Incident Reporting page on the Main Roads website and it must be submitted within 48 hours of the incident occurring.

Dated 8th August 2025.

PETER WORONZOW, Commissioner of Main Roads.
