

WESTERN AUSTRALIAN
GOVERNMENT GAZETTE.
PUBLISHED BY AUTHORITY.

SATURDAY, SEPTEMBER 8, 1838. [NUMBER 117

*Colonial Secretary's Office, Perth,
September 6, 1838.*

WHEREAS, by a certain Resolution which passed the Legislative Council on the 31st day of May last, it was provided that the sum of £1,000 should be made available for the purpose of encouraging the introduction into the Colony of Labouring Persons, under such arrangements as the Governor with the Executive Council should see fit to adopt; and whereas it is expedient that arrangements in conformity with the Resolution aforesaid should be now declared; the Public is hereby informed that the course of proceeding hereinafter detailed is that which has been decided upon by the Governor in Council.

The description of persons whose introduction into the Colony the Government is desirous of promoting, are the relations and friends of persons actually residing within the Settlement, or Apprentices, Assistants, and Servants, whom actual Settlers may desire to procure, and for whose reception and employment they are in a condition to provide.

Applications for the assistance of Government in bringing out any such persons, will be received at the Office of the Colonial Secretary, and will be disposed of on the 15th of October next; and if the Applications to be dealt with shall be found to exceed the number for which the funds at the disposal of Government will provide, preference will be given to those Applications which hold out the prospect of introducing the most useful description of Settlers.

On the approval of Applications, the Applicants will each receive a Letter of Credit for the estimated amount of Passage-Money, one-half of which will be payable in England, on the embarkation and sailing of the intended Emigrant, and the other half on arrival in the Colony. In addition to these advantages, Individuals who may incur the expense of bringing out labouring persons will be allowed an abatement from the price at which

Crown Land may be purchased to the extent of £20 for every married Labourer and his family.

For the Advances to be made by the Government, satisfactory security will be required, and the repayment will be strictly enforced at the period to be stipulated, not in any case exceeding two years from date of Letter of Credit. Assurances will also be taken that the parties brought out at the instance of individuals shall not become chargeable to the public.

In cases where it is proposed to bring out Apprentices or Servants under Indenture, it will be necessary that Applicants should lodge with the Colonial Secretary a statement of the nature and particulars of the terms of the proposed agreement between them and the persons they wish to send for; and it is to be observed, that the Government will give the preference to those Applications in which the period of servitude is the shortest, and in which the intended wages and rations are assimilated in the nearest degree to the usual wages and allowances of the Colony.

Too much caution cannot be practised by persons who send for Servants and Apprentices in selecting individuals in the Mother Country, and it will be desirable, whenever it can be effected, that security be taken from the friends and connections of Servants and Apprentices for the discharge of their agreement.

*By His Excellency's command,
PETER BROWN,
Colonial Secretary.*

*Colonial Secretary's Office, Perth,
September 3, 1838.*
