With reference to the Act of Council intitled "An Act to promote the Building of Churches and Chapels, and to contribute towards the maintenance of Ministers of Religion in Western Australia;" and it being probable that the inhabitants in the several Districts of this Colony may have it in contemplation to erect places of Public Worship, and to apply for Minister's sti-

pends, relying upon the promises held out to them under the provisions of that act; His Excellency the Governor deems it expedient to give notice as early as possible that in the present state of the public funds it will be impossible for any such aid to be afforded; and that, therefore, no application can be entertained until further notice.

It is however to be understood, that this notice is not in any way to affect existing engagements.
