A MEETING was held, by requisition of the inhabitants of the Upper Swan, on the 22nd current, to settle and determine the most advantageous Road to the newly-settled country of Jingenup, &c., with reference to Cruse's Mill. The position having been ascertained on the map, and the ground examined, a north line from the road at back of Thacker's was found to connect the given points, crossing at lower end of Waller's Pool, by diverging to the westward of the long swamp on Mr. Leake's boundary, appeared to meet the general view of a main line of communication. This matter will be brought forward at the General Meeting on the 16th April, at Perth, and all parties interested are requested to attend, in order that the subject should be fully discussed, and finally arranged.
