*Colonial Secretary's Office, Perth,
March 13, 1849.*

COMPLAINTS having frequently of late been made of several Government Officers, who are in debt, refusing or being unable to meet their liabilities; and as it is highly desirable that such a state of things should no longer exist, as being detrimental to the Public Service, His Excellency the Governor directs it to be notified, for general information, that such Government Officers as are now in debt, are required to assign over an equitable portion of their Salaries to meet their liabilities, on pain of dismissal from their appointments: and for the future any Government Officers becoming insolvent will be superseded.

His Excellency hopes this public intimation of his views, will be the means of stopping for the future the complaints of Government Officers getting involved by living beyond their means—a practice injurious to the public interests, and alike discreditable to themselves and the Government under whom they serve.
