Wellington Location, No 133, 10 acres, £10; applied for by E. G. Higgins.

Avon Location, No 145, 10 acres £10; applied for by J. Nelson.

By His Excellency's command,
FRED. P. BARLEE,
Colonial Secretary.

Colonial Secretary's Office, Perth,
February 2, 1856.

HIS Excellency the Governor directs the publication for general information of the following notice of a Light House having been erected on the Troubridge Shoals and the Gulf St. Vincent.

By His Excellency's Command,
FRED. P. BARLEE,
Colonial Secretary.

Trinity House, Port Adelaide,
South Australia, 17th Dec., 1855.
Light.

A bright flashing light, 80 feet above high water mark, visible from the deck of a moderate-sized vessel at a distance of sixteen (16) miles, will be exhibited on and after the evening of the 1st February, 1856.

Light-house, position, Variation, Tides.

The Light-house is composed of iron, painted stone-color, and is placed on the centre of the Troubridge Island in lat. 35° 10' S., long. 137° 50' 15" E., var. 5° E. High water, F. and C. 3.30; the flood sets E.N.E., and then N.N.E. into the Gulf.

Sailing Directions.

Vessels bound through Investigator's Straits into the Gulf St. Vincent should make the Light bearing N.E. $\frac{1}{2}$ N. by compass, and steer N.E. by E. $\frac{1}{2}$ E. to pass it at a distance of seven miles; having brought it to bear W. by N. $\frac{1}{2}$ N. about eight miles, a course of N.E. by N. may be kept for the Light-ship off Port Adelaide, which bears N.E. $\frac{1}{2}$ E. 36 $\frac{1}{2}$ miles from the centre of the Island. Vessels from the westward and southward should not approach the Light within a less distance than four miles, where they will find soundings of 14 fathoms.

Tide.

The flood tide, during westerly gales and at the springs, runs with considerable velocity—setting rather on the shoal until the Gulf is open.

Anchorage off the Light

Vessels bound down the Gulf from the Port, meeting with westerly gales, will find excellent anchorage under the lee of Troubridge Island, with the light bearing S.W., distant 1 $\frac{1}{2}$ miles, in 8 fathoms, on a clean sandy bottom.

B. DOUGLAS,
Master Trinity House.
